

THE ACADIAN

Hard Coal!

To arrive at Wolfville about the end of September, per Schr. "Moselle," Cargo superior Hard Coal, guaranteed to be LACKAWANNA WHITE ASH. Address orders to J. W. FULLERTON, or W. Y. FULLERTON. Wolfville, August 27-1m

THE ACADIAN.

WOLFVILLE, N. S., SEPT. 18, 1885

Local and Provincial.

Street Jerseys beautifully trimmed at Caldwell & Murray's. 5-2

A valuable vein of coal has been discovered at Acadia Mines, says the *Week's Doings*.

Gents' Furnishings in great variety at Borden's. 4-3

There is a dangerous hole in the bridge near Wm. Regan's, which should be looked after.

JUST RECEIVED.—2000 Choice Imported and Domestic Cigars, for sale low, J. M. Shaw. 1-4f

The schr. "Moselle," captain Gould, arrived on Wednesday from New York with hard coal to Dr. Fullerton.

Now is the time to get your pictures framed. Rockwell & Co. are doing them cheaper than ever.

We believe there is a large number of volunteers in camp at Aldershot this year. Two large special train-loads passed through on Tuesday night.

Lumber, Shingles and Bricks for sale low at S. R. Sleep's. 1-4f

We notice that Mr. R. Prat has had his express newly painted and his name put on the side. The work was done by A. B. Rood and is, we think, a very creditable job.

TOWELS, TOWELS.—Splendid new stock of Cotton, Linen and Danish Towels at Caldwell & Murray's. 1-4f

J. M. Shaw has a new blind in his window with his name and business neatly inscribed "in letters of gold." We congratulate him on the neat appearance of his shop.

Western Book & News Co. are selling 5 quires of note paper for 20c.

The bridge near Co. C. Johnson's, which we mentioned in our last as being in a dangerous condition, has been the cause of several accidents. We understand it has been partially repaired.

Be sure you inspect Borden's stock of Gents' Wool Underclothing before purchasing. 4-3

The open season for partridge shooting begins this year on the first of September. While this will make little difference to the partridges it will give law-abiding citizens a chance to compete.

We were shown some new and nobby hats at C. H. Borden's this week. Mr. Borden has just received a new and very fine assortment of latest styles in hats and caps, and his stock will repay the inspection of our readers.

Rockwell & Co's is the cheapest place to buy your School Books and School Supplies. 4-4f

The work of moving the Presbyterian Church has been begun and it will be started from its present position in a few days. Next Sabbath Presbyterian service will be held in the Baptist Church at the usual hour, 3 p. m.

Look out for Carrots, Caldwell & Murray have marked their whole stock of Carrots down ten per cent. Now is the time to buy. 5-2

As far as heard from, the potato crop in this county is good, and if there is a demand, considerable money will be realized. Old farmers tell us that they are larger than they have ever seen them, it being not uncommon to get them weighing over a pound apiece.

C. H. Borden, Wolfville, is sole agent for the celebrated "French Lustre" Dressing for ladies' and children's fine shoes. This is the only dressing that softens and preserves the leather and restores its color and lustre. See that his name is on the bottle. 4-2

While in Gaspeau a few days ago we were shown through the garden of Mr. E. A. Davison. We saw a piece of corn of a new variety, called the "Dent," of which many of the stalks were over ten feet high, with ears as high as six feet. The ears were very large. We picked one which had sixteen rows of kernels and probably many were even larger. He also has one tomato plant from which he has already gathered half a bushel and there is a number of small ones on it now. Can you beat it?

Local and Provincial.

We will send the ACADIAN from now until the end of the year for 25c, in advance. Try it!

Mr. S. D. Scott, who has been editor of the *Halifax Evening Mail* for two and a half years, is to assume the editorial management of the *St. John Sun*.

Straw Hats selling at cost at Caldwell & Murray's. 1-4f

Rev. Walter Barrs' many friends in Wolfville will be pleased to learn that he is steadily recovering from his recent illness. His church, at Victoria, B. C., is in a flourishing condition.

250 Fine Envelopes for 25 cents at Western Book & News Co's.

There has been quite a "boom" in shipping here for a few weeks, sometimes as many as five or six vessels being at our wharves at one time. This is something uncommon for Wolfville of late years.

Bay Rockwell & Co's 5c Scribbling Books (two sizes), got up expressly for students' use. 4-4f

We desire to express our thanks to the following: The Queen's Printer for bound copy of the Journals of the House of Assembly for 1885; Mr. A. K. Barrs, for late copies of *St. Louis papers*; Mr. H. C. Gillmore, for late Boston papers; and Mr. W. H. O. Halliwell, for New York papers.

C. H. Borden has just opened a splendid assortment of Men's Wool Underclothing. 4-3

NEWPORT.—Some stalks in a field of fine oats raised by D. L. Harvey, of Newport, on being measured, proved to be respectively 5 ft. 8 in. and 6 ft. 8 in. in height, the former consisting of 32 stalks from one ear, the latter of 21. Who can beat this?

A FRIEND OF THE ACADIAN.

STYLISH HATS.—The place to buy a real first-class hat is at Caldwell & Murray's. You can have your choice from an assortment of twenty different styles in stiff, and also from a large assortment in soft felt. They have lately received a large stock from Boston, which they must sell, and in order to do so, have marked them down to bottom prices. 4-2

SHEFFIELD'S MILLS.

There is little or nothing new at Sheffield's Mills. Messrs. B. Eaton & Sons are still running their thrashing machine on full time, having all they can do; and it is claimed giving perfect satisfaction to all concerned.

The shingle mill belonging to the above named firm is turning out shingles in large quantities, made from Bay Shore spruce, said to be very durable.

Messrs. Bently & Ely, it is said, intend opening their evaporator this week, which, when in full blast, employs about eight hands. This industry makes use of inferior apples, which would otherwise be wasted, and converts them into a nice, neat, clean, and delicious article of diet.

The most important topic of conversation is the late horse race, and the coming one between "Napoleon" and "Bridgetown Charlie." Most every one from the aged grandfather to the child on his knee has a judgment to give or an opinion to utter. The people here are, of course, wishing that "Napoleon" will win, but a great many are doubtful. The 24th inst., I suppose, will tell the tale.

Notwithstanding this, the farmers have found time to harvest their grain and hay crops, and expect a fine crop of potatoes and a fair one of apples. The countenance of the tillers of the soil has been set aglow by the report that potatoes are rising in the United States. Not wishing evil to the United States, we hope, at the same time, it may be true. JACOBUS.

—Some of the richest and most beautiful specimens of gold bearing quartz we ever had the pleasure of examining were shown us the other day by W. J. Nelson. They were taken from the property owned by Messrs. Nelson et al on Pleasant River road, fifteen miles from Bridgetown, and to judge from the size and richness of the lead and the quality of the quartz in which it is found, it looks very much as if we would soon have some millions here amongst us. —*Bridgetown Times*.

—The Pictou News tells a marvellous story:—"A young man with a gun at Sonora, St. Mary's, was testing his marksmanship by firing at a crow. Miss Ellen Hewitt, passing on the highway at the time felt a sudden crashing in her month, and a bullet had flown off its mark and passed between Miss Hewitt's slightly parted lips cutting both slightly and erasing the enamel of her two upper front teeth. Miss Hewitt thus literally escapes 'with skin of her teeth,' and saving fright and swollen lips is none the worse for her narrow escape, a narrower than which can hardly be imagined."

—DROWNING ACCIDENT.—A very sad drowning accident occurred at Maricao, Bridge on last Saturday. A young boy, aged fourteen years, son of Mr. Rock, Munroe, was sent on an errand by his mother to a neighbor who lived on the opposite side of the river. The boy met returning, his parents became alarmed, and went in search for him, but without success. On Sunday morning, while his father was crossing the bridge, he found his son dead under the span. It is supposed that while crossing the bridge, and on looking over, lost his balance and fell into the river. His head showed signs of having struck some part of the bridge while falling. Great sympathy is felt for his bereaved parents. —*North Sydney Herald*.
