The output from the mines of the Dominion Coal Company last month was 280,502 tons, as against 245,628 tons for the previous month, and 275,890 tons for the month of October, 1918. Additional demands for Cape Breton coal as a result of the British railway strike, and huge orders from the Netherlands and other Governments are responsible for the increased production.

The Rural Deanery Meeting

The Rural Deanery of Avon, comprising the counties of Kings and Hants, met at the rectory last Monday to discuss preliminary work in connection with the Forward Movement next February. There was an excellent attendance of clergy, including the rectors of Aylesford, Kentville, Cornwallis, Hantsport, Windsor, Newport, Horton, Rev. H. A. Harley, and Archdeacon Vroom of Kings College.

The Rural Dean presided. A scheme for a general interchange of pulpits for January was drawn up and many valuable suggestions were made which will be elaborated later on. In the afternoon there was a large and representative gathering of the Woman's Auxiliary, which was addressed at length by the Archdeacon, Rev. W. H. Bullock, of Hantsport; Rev. Patterson Smyth, of Windsor; and Rev. Mr. Bent, of Kentville.

The speakers were introduced by the Rural Dean. On motion of Mrs. L. H. Moore, seconded by Mrs. Black, a vote of thanks was accorded the Archdeacon for his very impressive presentation of the subject. After the withdrawal of the clergy a very successful meeting of the Woman's Auxiliary was held and it was decided to hold a 'Sale of Work' in December at the rectory. The clergy dined at the rectory and left by the afternoon train.

The Young Peoples Societies of the Baptist church will hold a public meeting in the vestry of the church Tuesday, November 11th, at 7 o'clock, to celebrate the signing of the armistice one year ago. A good program of patriotic songs, solos and readings has been prepared. Some of our returned soldiers will tell how the news of the armistice was received on the different battle fronts. Dr. McDonald will tell of the celebration in London.

A silver collection will be taken for young people's work.

News has been received of the death at Dorchester, Mass., of Mr. J. W. Follett, a native of this town. Mr. Follett visited Wolfville last summer and although in poor health at that time, the news of his death comes as a great surprise. Mrs. Haverstock, of Maple avenue, is a sister.
