**Off Santa Claus' Beat**

IT'SPOKE there is a Santa Claus That brings them pretty toys An' candy an' mince pies an' things To lots o' little boys. But where we live down here, I guess, Is sort o' off his beat. I'm pretty certain, anyway, He never found our street.  
He goes around to all the stores An' fills 'em full o' things Like sleds an' skates an' railroad cars. The kind he always brings. An' then he seems to lose the way To our house. Ain't it queer That all the times he's come to town He's never been down here?

HE GOES AROUND TO ALL THE STORES AN' FILLS 'EM FULL O' THINGS.

I asked my mother if I might Go wait for him uptown An' tell him that the boys I know Invites him to come down, An' then she looks away An' says, "He'll find us out, I guess, An' visit us some day."

An' yet I've been a-waitin' here So long, that I don't b'lieve I'll ever see him come at all On any Christmas eve. I'm goin' to ask a policeman if Santa should meet He'll just go up an' speak to him An' point him out our street.

**Christmas Cakes.**  
Little cakes that please the children either at the table or on the Christmas Tree are made as follows: Bake the cakes in little patty or muffin pans and frost the tops with a white icing. Dip a small new paint brush in melted chocolate and draw a face on each. Make some crying and others laughing, the different expressions being made by the curve of the mouth line. The most useful will be sufficient. Cut a circle of tissue paper of white or any other color like two inches larger than the cake, plink the edge with scissors and run a thread round one inch from the edge. Put a cake in the paper, draw up the thread, and a cunning little cap is formed. The pleasure of small children will well repay the trouble of making these little cake babies.—Pittsburg Press.

**First Aid to Santa Claus.**  
A clever idea for a Christmas night party is to have the gifts come in on a sleigh piled high and strapped on and the sled drawn by two lads dressed Santa Claus assistants. The place cards at the supper which follows the distribution of the gifts should be tiny sleds made from cardboard and dipped in mucklage, then in diamond dust, the rope to be of silver cord and each sled drawn by a miniature Santa Claus about three inches high.

All these diseases are serious in themselves, and if not promptly cured in the early stages are the certain forerunners of Consumption in its most terrible form. Psychine conquers and cures Consumption, but it is much easier and safer to prevent its development by using Psychine. Here is a sample of thousands of voluntary and unsolicited statements from all over Canada:

Dr. T. A. Slocum, Limited: "Gentlemen,—I feel it my duty to advise you of the remarkable cure effected by your Psychine and Oxomulium, which have come under my personal observation. Three men, well known to me, Albert Townsend, Hazel Hipson and John McKay, all of Shelburne County, were pronounced by the best medical men to have reached of medical aid. They used Psychine and Oxomulium and they are now in good health. I feel it a duty to suffer humanity to state these facts for the benefit of other sufferers from this terrible disease."

**DANGER IN CORN SALVES.**  
They usually contain acids and burn the flesh. The one safe cure in liquid form is Pugniam's Painless in one day. Don't forget the name Corn Extractor, which is purely vegetable, causes no pain and cures "Putnam's."
