1911 Model E. M. F. 30 Sets World's Record

ALL THE CARS THAT FINISHED BEHIND THE E. M. F. "30" ON THE ATLANTA SPEEDWAY SELL FOR AT LEAST \$500 MORE.—THAT'S THE BEST PART OF THE STORY.

STANDARD 1911 MODEL E. M. F. "30" TOURING CAR, \$1350.

Change the body equipment and it's a racer, just like Witt's, with which he won at the Speedway.

"E. M. F. '30' WINS." The old familiar shout was heard on the Atlanta Speedway again.—It was the same old story.

E. M. F. "30" WAS FIRST. It is an expression not limited to the race tracks of the United States either. E. M. F. "30" has won a lot of firsts, has won them just as cleanly and just as decisively as it did the race at Atlanta.

THE FIRST CAR HOME IN THE RACE. And to establish a new world's record, was produced by the company, which was the first to place on the markets of the world a genuine, practical car of the real touring type at a price within the reach of the man of average means.

ALL E. M. F. "30's" ARE FAST. Just as fast as Witt's "Polar Bear." They are made by automatic machinery—machinery, the purchase of which is possibly only to a company that builds cars in large lots and can consequently afford it, saving a large labor expense that would otherwise make the car unprofitable, if sold at twice the price in smaller quantities.

E. M. F. DURABILITY is something we can't show in a race, however. All the South knows, though, that our old E. M. F. "30 Bullet" has been run 60,000 miles and is qetter than when she came to us—the first E. M. F. "30" that ever came south of the Ohio.

E. M. F. ECONOMY is something we want to demonstrate any time we have the opportunity. The E. M. F. "30" is the best balance car in the world. It shows in the small expense of tire maintenance. Light weight makes for small gasoline consumption, just as it does for speed. he most ingenious, if the most simple lubricating system in existence helps E. M. F. "30" owners save on their oil bills.

THE BIGGEST E. M. F. ECONOMY is the first cost. You can buy a duplicate of Witt's race winner with the added equipment of five passenger touring body for \$1350. Not a car in the field that finished behind the E. M. F. "30" on the Atlanta Speedway could be purchased, in stock form for within \$500.00 of the price.

BEST AND CHEAPEST. It's an E. M. F. "30". Price and performance simply can't be denied. They are in the records.

Are you in the market for a motor car? we have made some statements here that we will be glad to still further. THE E. M. F. COMPANY OF CANADA LTD.
