

**Save that spoonful**

Four and often five spoonfuls of ordinary tea do not go any further than three of Red Rose Tea. Less Red Rose is required because it consists chiefly of rich, strong, full-flavored Assam teas.

Use Red Rose Tea and save that extra spoonful.

**IT GROWS NEW SKIN!**

When Zam-Buk is applied to a skin disease it soothes pain, ends irritation and draws out the inflammation. At the same time it destroys all germs and thoroughly cleanses the diseased part. Then the herbal extracts act in such a way upon the tissues that they actually grow new skin, which replaces the worn-out tissue and a complete cure is the result.

Mrs. Minnie Carmichael, of 72 5th Ave., Maisonneuve, Montreal, writes: "I had suffered with wet eczema for so long and tried so many treatments that I had begun to think that my case was incurable. I even took treatment in a hospital, but got no benefit from anything until I used Zam-Buk. This wonderful balm ended the discharge, soothed the sores and drew out the inflammation, and in a comparatively short time completely cured the disease, so that there has not been the slightest trace of eczema since."

For ulcers, abscesses, chronic sores, ringworm, scalp sores, salt rheum, boils, pimples, blood-poisoning, running sores, bad legs, piles, chapped hands, sore lips, chilblains, cuts, burns, scalds and all skin injuries Zam-Buk is always reliable. 50c. box, 3 for \$1.25. All dealers or Zam-Buk Co., Toronto. Send 1c. stamp for catalogue and free trial bottle.

**Compulsory Service A Success**

United States Favour Conscription in 1917 as in 1863

The United States was not only following the example of Great Britain, France, Italy and Russia in beginning this war with compulsory service, but was profiting by her own experience in the Civil War.

For the first two years of the Civil War, the North depended for her men on voluntary enlistment. In 1863 under President Lincoln, without doubt one of the greatest statesmen this continent has produced, conscription became necessary if the North was to prevail. The government enforced the new system with firmness, even to the point of shooting a few who made determined resistance to the enforcement of the Act.

The success of compulsory service by the United States in the present crisis, with exemplary success. Stern measures have been meted out to those who neglected to register. Every confidence is felt by those in authority that the administration of Canada's Military Service Act will proceed smoothly and events to date are most encouraging.

**Drinking Tea Upsets Nerves**

Mr. Burroughs Compares Canadian Customs With Those in Old Land, and Tells How Nerves Were Set Right

Orillia, Ont. Nov. 1—"How to be well and strong" is the question many are asking at this time of year, and in this letter you will find the answer.

It tells something of the blood-forming, nerve-invigorating influence of Dr. Chase's Nerve Food, the great restorative which is causing so much talk here just now.

Nature's way of curing disease is by building up the vitality of the body, and this is exactly what Dr. Chase's Nerve Food does. The blood is made rich and red, and it nourishes the exhausted nerves back to health and vigor.

The experience of Mr. Burroughs as described in this letter is similar to that of hundreds of others in this community who have recently put this well-known food cure to the test.

Mr. George Burroughs, 23 Peter Street, Orillia, Ont. writes: "A few years ago after coming out to this country from England, the change of customs seemed to have some effect on me. In the old country the habit of drinking strong tea was prevalent, and after arriving here I suffered very much from nervousness. If I put my arm down on the table it would shake very noticeably, and while performing my work I would easily tire, and went to sit down and rest. A friend recommended Dr. Chase's Nerve Food, so I secured some and took a treatment. It built me up, and made me strong and healthy. I have not had a trace of the nervousness since. I have used Dr. Chase's Ointment also and find that it heals the skin very quickly. In fact I find all of Dr. Chase's medicines good."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.50, at all dealers, or Edman-Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

**Letters from the Front**

Mrs. William Colford of Forks, N. B., has received the following letter from her boy at the front:

Somewhere in France  
Sept 20, 1917  
Dear Mother:—I must try and write a few lines tonight as I have few spare moments, which leaves me well at present, enjoying best of health and hoping these few lines find you the same. Now the weather here at present is not very good as it is raining most all the time which makes it very unpleasant for us. But the country I am in is fairly good, it could be worse. So all are getting on fine.

Believe me we are giving old Fritz a chase for his money.

I have received the box of tobacco, you bet I was glad to get it.

I have some pictures to send home and also some souvenirs from the trenches. I hear they are going to get conscription in Canada.

I tell you it's fun to see them putting up their hands. We have good time when we pay old Fritz an early visit in the morning.

When you write tell me all the news about home. It's a wonder some of the boys don't sign on and come over and help us.

I have had some cherries which have been ripe for some time.

Well, good-bye mother, from your loving soldier boy,  
Corp Walter D Colford

**"I DON'T SUFFER ANY MORE"**

"Feel Like a New Person," says Mrs. Hamilton.

New Castle, Ind.—"From the time I was eleven years old until I was seventeen I suffered each month so I had to be in bed. I had headache, backache and such pains I would cramp double every month. I did not know what it was to be easy a minute. My health was all run down and the doctors did not do me any good. A neighbor told my mother about Lydia E. Pinkham's Vegetable Compound and I took it, and now I feel like a new person. I don't suffer any more and I am regular every month."—Mrs. HAZEL HAMILTON, 822 South 15th St.

When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their health to it, it is not reasonable to believe that it is an article of great merit?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
