**THE TOWN PLEBISCITE**

The ratepayers at the coming Town Election are asked to vote "For" or "Against" on three questions at once:

1—That the number of Aldermen be reduced to six.

2—That the Mayor shall continue to be elected annually.

3—That the Aldermanic term shall be two years, three Aldermen, after this year, to be elected annually.

It is unfair to prevent the people from voting on each question separately. There are some who are in favor of a two-year term but not the reduction in the number of Aldermen and vice versa. But by the way the plebiscite is to be taken a voter is not allowed to separate these entirely different questions. If one wants the six Aldermen, he cannot win that point without voting for the two-year term. If he wants the two-year term but no other change he cannot get it at all by the proposed vote.

Many favor the two year term but not the reduction to six. The only thing these people can do is to turn down the whole bill this year and have a new bill brought in next year in accordance with their wishes, with the plebiscite properly conducted.

It is not long to wait.

**THE FUTURE OF SIBERIA**

Alarmed by the downfall of Russia and the penetration of that country by Germany, Japan may invade Siberia to keep the Germans out. France, Britain and Italy are urging Japan to land in Siberia.

The taking of Siberia, or the eastern half of it, by Japan might, if Russia does not wake up, be permanent, as Japan needs land for settlement, and China will most likely demand back Mongolia and Central Manchuria from Russia.

There remains in the southern part of eastern Siberia some 300,000 or 400,000 square miles of land fairly good for mixed farming and very thin peopled. North of this lies vast areas of lumber and mining lands. Japanese settlement here would turn the eyes of the Japanese people from America and Australia and might be the best thing that ever happened for the security of the white man in Australia, Canada and the United States. If the yellow peoples are to increase their holdings, better that they should do it in their own immediate hinterland than elsewhere.

**PROHIBITION MARCHING ON**

Kings County came under the N. B. Prohibition Act on the 17th inst. This leaves only Albert and Westmorland Counties under the Scott Act.

All of Canada but Quebec Province is either under Provincial Prohibition or Scott Act, and Quebec goes dry on May 1st, 1919.

From April 1st proximo the manufacture of liquors anywhere in Canada for any purpose other than sacramental, industrial, artistic, mechanical, scientific and medicinal, except beer in Quebec and native wines, in Ontario ceased, and these exceptions hold only until the last day of 1918.

Several of the United States have recently adopted Prohibition and only a few more are needed to make the necessary two-thirds when the whole United States will be dry.

In Great Britain the consumption of liquors is said to be only one fourth what it was before the war.

The Canadian Government's prohibition of the manufacture is for the present war and twelve months thereafter.

Thus are the fondest hopes of the prohibitionists being realized.

**10 CENT "CASCARETS" FOR LIVER AND BOWELS**

Cure Sick Headache, Constipation, Bloating, Stomach, Bad Breath—Cascarets.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, bloating and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean, stomach sweet and head clear for months. They work while you sleep.

**THE SPRING TONIC FOR PALE, THIN PEOPLE**

If you Want to Gain in Weight and Recover Your Appetite Energy and Ambition, Try This Well Known Remedy

With the passing of winter many people feel weak, depressed and easily tired. The body lacks that vital force and energy which pure blood alone can give. In a word, while not exactly sick, the indoor life of winter has left its mark upon them, and a blood-building, nerve-restoring tonic is needed to give renewed health and energy. Dr. Williams' Pink Pills are an all-year-round blood builder and nerve tonic, but they are especially useful in the spring. Every dose helps to make new, rich, red blood, and with this new blood returning strength, cheerfulness and good health quickly follows.

If you are pale and sallow, easily tired, or breathless at the least exertion; if your complexion is poor, or if you are troubled with pimples or eruptions, Dr. Williams' Pink Pills are just what you need to put you right. If you have twinges of rheumatism, are subject to headaches, if you are irritable or nervous, if your sleep does not refresh you, or your appetite is poor, you need the treatment which Dr. Williams' Pink Pills alone can give—you need that new blood, new health, and new energy this medicine always brings.

**A COMPLETE WRECK GAINED IN WEIGHT**

Mrs. C. Forsythe, R. R. No. 2, Fisherville, Ont., says: "At the age of fourteen my daughter Viola was feeling very much run down in the spring. Then she was attacked with whooping cough which left her a complete wreck. She had no appetite, could not sleep well nights and was subject to chills which sometimes kept her in bed for the day. She was doctoring steadily but not apparently getting the least benefit, and I naturally grew very anxious. One of my neighbors suggested giving her Dr. Williams' Pink Pills, and I got a box. When she began using the pills she weighed only 87 pounds. Before the box was all gone I sent and got six more boxes and under their use she constantly grew stronger. Her appetite improved; the color came back to her cheeks, she looks like a different person, and with all this while using the pills she gained 20 pounds in weight."

**SALLOW COMPLEXION**

Mrs. Gadya Marshall, Chatham, Ont., says: "I suffered from nervousness and my blood was in a very poor condition. My face broke out in pimples and my complexion was very sallow. I took doctor's medicine but without beneficial results. I was feeling much discouraged when a friend recommended Dr. Williams' Pink Pills. I used in all six boxes, and was overjoyed to find that my complexion had become quite clear, pimples had disappeared, my nerves were strengthened and my old-time health and ambition returned. I shall always have a good word to say for Dr. Williams' Pink Pills."

**Notwithstanding the increased cost of all drugs, there has been no change in the price of our Dr. Williams' Pink Pills. They can be had through any medicine dealer at 50 cents a box, or six boxes for \$2.50, or will be sent on receipt of price by The Dr. Williams' Medicine Co., Brockville, Ont.**

**Town Council**

(Continued from page 1)

The Legislature and intrusted to Dr. McCrae, M. L. A., for presentation to the Legislature.

Ald. Troy moved in amendment, that the Bill as submitted be charged to read 8 and 4 in section 3 where it now reads 6 and 3 and that the Bill as thus amended be adopted. This would adopt the two year term for Aldermen but keep the number at 8.

Ald. Troy said that he had opposed the reduction of the Council at last meeting, and since a great number of ratepayers had declared to him that they wanted the number of Aldermen kept at 8 but the term increased to two years. Commission Government was good for cities and large towns; in the future it might be good for Newcastle, but not now.

Ald. John Russell seconded Ald. Troy's amendment.

The Mayor thought that the proper thing was to move that the bill be reconsidered. Such an amendment should have been moved at the previous meeting as an amendment to the amendment.

Ald. Doyle said that it was strange that Ald. Troy and John Russell, who voted last night for 6 Aldermen now wanted 8.

Ald. Troy and J. Russell—we did not vote for 6.

Ald. Durick said that the people he had talked to were in favor of having less Aldermen.

The Mayor said he was puzzled how to rule in this question. He would be satisfied with the ruling of the Council.

Ald. Troy insisted that his amendment be voted upon.

The vote on the amendment was: Yes—Ald. John Russell, Perley

Russell and Troy.

Nay—Ald. Doyle, Durick and Sargeant, and the Mayor

Ald. P. Russell wished, before sitting down to state that all who had approached him were in favor of a two-year term but not less than 8 Aldermen. Personally he favored 4. But he would vote as the people wished.

The motion was then put, and carried by the same vote reversed.

Ald. John Russell spoke of the serious problem presented by the water and light question. During the year ending in December there had been a large deficit. The fuel for the five or six months of 1918 had cost about \$6000—as much as for the whole of 1916. The committee

**TAKES OFF DANDRUFF, HAIR STOPS FALLING**

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

This, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!
