JESSE L. LASKY presents

Ethel Clayton

IN

"Exit The Vamp"

A PARAMOUNT PICTURE

VAMP! VAMP! VAMP! THE GIRLS ARE MARCHING!

Where?—To be better wives and mothers? Or to make themselves "free"? Here's a drama in which the "new-fashioned" woman fights with the old—for a man.

In luxury spiced with gayest and in heart scenes that hallow love and home.

Cast Includes—Theo. Roberts, T. Roy Barnes Fontaine La Rue

THURSDAY

William S. Hart Scores Bullseye Again! in His New Paramount Picture

"WHITE OAK"

The story of a gambler's man who was white all through and who gallantly braved death a hundred times to save his fellows.

A photoplay of the gold rush days which will live long in the memory of all who see it—a veritable screen idyl of the arid plains.

Another superb achievement by the greatest exponent of dramatic characters of the West ever identified with the screen.

THE BEST PICTURE WILLIAM S. HART HAS EVER MADE

FRIDAY & SATURDAY

1st Chapter of the great Serial

"Miracles of the Jungle"

The picture is replete with the greatest of thrills and sensations. Did you ever see a man fight a lion single-handed to the death? That is merely one grasp-producing incident out of many in one of the fifteen hair-raising chapters.

It shows the greatest group in action in their native jungles of lions, tigers, elephants, gorillas and leopards. It shows real cannibals on the war path. It portrays vividly the perils of the African wilds, which have lured adventurers for many centuries.

"MIRACLES OF THE JUNGLE," in short, is the breath of romance. It is one-door. It will appeal to and satisfy the hunger for adventure in man, woman and child.

The deceased who was formerly Miss Helen Sullivan was born in Douglastown and was held in high esteem by a large circle of friends.

## GRANITE SHERRARD WORKS

### GRANITE NEWS

Mr. Edward Everett Beck who was the first manager of the Vancouver Island for the Canadian Pacific Railway, has been appointed manager. Mr. Beck has been connected with this hotel ever since he entered the service in 1907, first as clerk, then as rooming clerk, and since June 16th, 1920, as assistant manager.

Calgary—For the first time in two years the car department at the Canadian Pacific Ogden Shops worked full time. This was the official announcement made at the office of the general superintendent of the Alberta Division. The department mentioned is one of the largest at the shops and will effect carpenters, car repairers and helpers. It is stated that the heavy movement of grain is the cause of the increased work. The announcement has been received with much satisfaction by the men concerned.

Sherbrooke.—Three years in the St. Vincent de Paul penitentiary was the sentence on Joseph Couture, of the township of Lingwick, for placing a bolt and a spike on the Canadian Pacific Railway track. The case was heard before Judge J. H. Lemay, in the District Magistrate's Court, when the accused was charged with placing obstacles on the railway track with intention to destroy valuable property and endanger human life. The accused immediately pleaded guilty and, after receiving the usual warning from the court, was committed for trial. He asked for a speedy trial before Judge Lemay. Counsel for the plaintiff advised the court that the accused had a rather bad record and claimed that he had previously served one term of two years and two separate terms of four years in jail.

The court commented upon the seriousness of the offence insofar as valuable property and scores of lives were threatened, and pointed out that he was liable for a term of five years, or even a term for life if it were proven that the obstacles had been placed there intentionally.

Regina—"There is so much wheat in some parts of Southern Saskatchewan that it will take until next summer to get it shipped out of the country," said J. H. Chown, superintendent of the C.P.R. at Regina, last night.

Mr. Chown made this statement upon his return from a trip over the southern lines of the Regina district, the trip including the Arcola line as far south as Stoughton, through to Weyburn as far west as Assiniboia and thence up the Soo line to Moose Jaw.

"The wheat crop in some of the districts in this area is as good or better than 1915," said Mr. Chown, "and now that the threshing is well under way some remarkable yields are being demonstrated. Where people expected to get 15 bushels to the acre the threshing machine is registering 25 bushels, where 25 bushels were anticipated they are getting 35 bushels and where 30 bushels were estimated the yields are running close up to 50 bushels to the acre."

"At Vantage," continued Mr. Chown, "I walked up to a threshing outfit operating not far from the station and engaged the thresherman in operation. He told me the field he was threshing was running 48 bushels an acre. The grain was uniform, well ripened, a good color and an excellent sample of wheat in every respect."

Edmonton—A good harvest and the existence of a plentiful supply of foodstuffs in all parts of Canada is the basis upon which C. E. E. Usher, general passenger traffic manager of the Canadian Pacific railway, with headquarters in Montreal, makes the encouraging prediction that business is bound to show considerable improvement during the next few months and soon to reach the level of the best of previous years.

Mr. Usher was a visitor in Edmonton in the course of a tour which took him as far west as Vancouver.

Passenger traffic business is a barometer in the testing of general business conditions, and Mr. Usher announces that the year, from a passenger traffic standpoint, has been an excellent one, while it is felt certain that the coming winter and spring will see still further increases. Tourist travel during the past season has been almost as good as it ever was, while reservations made for winter traffic, including ocean cruises, are exceptionally numerous at this time.

Then, again, traffic to and from the old country during the past few months has taxed accommodation to capacity, while steamers plying between the west coast and the Orient have also been doing great business. Mr. Usher is a strong enthusiast for an open door policy of immigration into Canada, and in speaking upon the topical subject he declared that there would come a time before many months had passed when Canada would be setting up a cry for labor.
