OFFICIAL.
 LONDON, July 21.
 General Newfoundland:
 Several French reports about 150
 miles of enemy trenches, west of
 Ypres, and east of Ypres, were
 reported with 15 prisoners and two
 machine guns. Elsewhere nothing to
 report.
 The Russian Government reports
 enemy progress in the Riga-
 Pskov region and at other points.
 The Italian offensive on the Isonzo
 continues. Further progress
 has been made, especially on the Car-
 Plateau. More trenches and a
 500 prisoners have been cap-
 tured.

**MINISTERS INTO CON-
 FIDENCE OF THE GOVERNMENT.**
 LONDON, July 21.
 The Commons today, Arthur H.
 St. John's, Newfoundland,
 Colonies, said it was the intention
 of the responsible Ministers of Over-
 Seas into the confidence of the
 Government, as to every matter that
 might arise, not only during the war,
 but also as to the question of the set-
 tlement of peace. That was the res-
 pect, he said, that Premier Borden,
 of Canada, attended a Cabinet meeting
 July 14. That was not an isolated
 phenomenon, but part of the gen-
 eral trend of events.

THE UNITED STATES REPLY.
 WASHINGTON, July 21.
 The United States has decided to
 inform Germany that further loss of
 American lives as a result of the
 German submarine contravention of
 the principles of international law,
 will be regarded as an unfriendly act.
 The question of principles is now vir-
 tually ended. The American Govern-
 ment warns Germany of the inter-
 vention it will make on future
 transgressions of American rights. In
 its new note, the United States ad-
 vances the principle that passengers
 should be removed to a place of safety
 before destroying an unresisting mer-
 chantman as a prize. Taking the
 position, therefore, that the two Gov-
 ernments are agreed in principle, the
 States views it as incumbent upon
 Germany to make submarine practice
 conform with the accepted principles

of international law. Any deviation
 in actual practice resulting in the
 loss of American lives, it is then
 pointed out, will be viewed as an un-
 friendly act.
 The action which the States might
 subsequently take, is not indicated,
 but in diplomatic usage the phrase
 "unfriendly act" always carries with
 it the implication of finally leading
 to the severance of friendly rela-
 tions.
 Officials generally are secretive
 concerning the treatment of the Lus-
 itania case in the new note, but it was
 believed that the request for repara-
 tion would be renewed, and this issue
 kept before the two governments, as
 a subject of first importance to their
 future relations. The note will reject
 Germany's proposals that American
 vessels be given complete immunity
 when not carrying contraband, and
 for transfer to American registry of
 four belligerent vessels for trans-
 Atlantic traffic, provided they did not
 carry contraband. Again, the States
 Government will reiterate its willing-
 ness to act as intermediary in adjust-
 ing the interests of belligerents on
 the high seas, but will make it clear
 that so far as American rights are
 concerned, they are not to be con-
 founded with the practices and re-
 quisites of one belligerent against an-
 other. The note probably will be fin-
 ished to-morrow or Friday.
 Cabinet officers to-day believed it
 would be unnecessary to have a col-
 lective hearing on the future course
 of events. The return of ex-Premier
 Veizelos to Greece, though it has
 become as yet ineffective in a parlia-
 mentary sense, has changed the di-
 rection of the wind in the Balkans,
 and the strong action of Roumania
 in stopping the flow of munitions
 from Germany to Turkey is the most
 decisive evidence there has yet been
 of a movement of opinion. Not less
 important in the frank declaration by
 M. Radolavoff, the Bulgarian Prime
 Minister, of the terms on which his
 country is prepared to throw in its
 lot with the Allies. The disaffection
 of Bulgaria has throughout been the
 weak link in the Balkan chain.

SOUTH WALES STRIKE ENDED.
 LONDON, July 21.
 The South Wales coal miners have
 accepted the terms agreed upon yes-
 terday, and the strike, therefore, is
 definitely at an end. Throughout the
 great strike there was an overwhelm-
 ing majority in favor of settlement.

COMMENDABLE SILENCE.
 LONDON, July 21.
 The request by Sir William Byles
 that Premier Asquith would restate
 more definitely the essential objects
 for which the nation was fighting, in
 the hope that peaceful influence

might result, these objects being at-
 tained by other means than warfare,
 evoked the following response: "I
 stated these objects with as much de-
 finiteness as I am capable of at the
 beginning of the war and at the Guild
 Hall. I am unable to add anything
 to these statements." Presently to
 take under consideration the peace
 movement of the German socialists,
 Asquith reiterated: "I have nothing
 to add to the statement I have al-
 ready made."
MARRIED SOLDIERS.
 LONDON, To-day.
 Speaking for the Government in
 the Lords to-day, Lord Newton said
 that married men at present in the
 British Army approximated 843,000.
 The aggregate cost of separation al-
 lowances paid to the wives and chil-
 dren of these men was \$25,000,000.

GERMANS DISCUSS PEACE TERMS.
 NEW YORK, July 21.
 A cable from Zurich, dated July 20
 to the Tribune says: The ever-in-
 creasing volume of the discussion of
 peace conditions in the Socialist press
 is embarrassing the German Govern-
 ment, which is taking vigorous mea-
 sures to stifle it.
A PLAIN INVENTION.
 BERLIN, July 21.
 The statement attributed to Emper-
 or William, which has appeared in
 foreign newspapers, that the war
 would end in October, is stamped by
 the Tagesblatt as a plain invention.

EVER READY HOT WATER, NIGHT AND DAY.
FOR THE NURSERY.
 "The bath ready for baby, when
 baby is ready for the bath" could be
 an adage of every housewife who
 should also keep in mind that any
 trouble saved to the nurse makes for
 a well-ordered, contented household.
 Gas Water-Heaters, whether Instantaneous or Circular type, offer
 the convenience of available hot wa-
 ter "upstairs, downstairs, and in my
 lady's chamber," and require no labour
 at all—indeed, of the state of the
 kitchen fire.
 The cost is reasonable.
FOR THE BATHROOM.
 An uncertain supply of hot water
 in the bathroom is a frequent cause
 of annoyance.
 Hot water can only be secured,
 usually, by getting the cook to act as
 stoker, but at what a cost!
 Think of the cost that is wasted—the
 fatigue of coal carrying—the af-
 ter labour of grate cleaning—and the
 discomfort of a hot kitchen in warm
 weather!
 A Gas Water-Heater is economical,
 because it only heats the water actu-
 ally required; and labour-saving, be-
 cause there are no coals to carry, no
 flues to clean, no ashes or dirt to
 remove.
 The master of the house has hot
 shaving water and a hot bath when-
 ever he wishes without delay or
 trouble.
**HOT WATER FOR THE HOUSE-
 HOLD.**
 "When 'Spring cleaning days' en-
 gress the busy housewife then the
 convenience of an unlimited supply
 of hot water on the upper floors is
 brought home to her with special
 force.
 But at all times—apart from con-
 venience—a gas water-heater makes
 the most irrefragable appeal to the
 wife from the point of view of deal-
 ing with the domestic problem.
 Later-day domestics are difficult
 to keep unless due consideration is
 shown by saving them unnecessary
 drudgery—and in the category of un-
 necessary drudgery may be included
 the toil of carrying hot water up or
 upstairs, the cleaning of grates and
 the removal of dirt and ashes.
 The gas water-heater renders such
 labour superfluous.—may21

UNREST IN TURKEY.
 MILAN, July 21.
 A despatch from Saloniki paints in
 sombre pictures, the conditions in
 Turkey, particularly in Constantinople.
 In Adrianople, sedition is
 spreading among the regiments of the
 garrison, which refuse to leave for
 Constantinople, because they will be
 sent by the Dardanelles. A reign of
 terror exists in Adrianople. It is
 caused by the emissaries of the Young
 Turk committee. In Constantinople,
 Adrianople and other towns an
 Christian agitation is being fomented
 by the Young Turks, whose commit-
 tee is sitting continuously. Greeks
 and Armenians go about in terror of
 their lives.

GOOD WORK BY FRENCH AIRMEN.
 PARIS, via St. Pierre, July 21.
 Tuesday night one of our dirigibles
 dropped 23 bombs on the military
 station and in the munition depot at
 Vigneulle, and then returned to our
 lines. Four of our aviators threw 48
 bombs at Chalange Junction. A
 division composed of 6 aeroplanes
 bombarded it in the morning Col-
 mar Station with eight bombs of
 150 millimetres and eight of 90
 millimetres. They were thrown on
 the railway station, adjoining stores
 and a train at the station. Important
 damage was noted on the principal
 station and at a depot containing
 merchandise. Not one of the bombs
 hit the town. Our machines all re-
 turned undamaged.

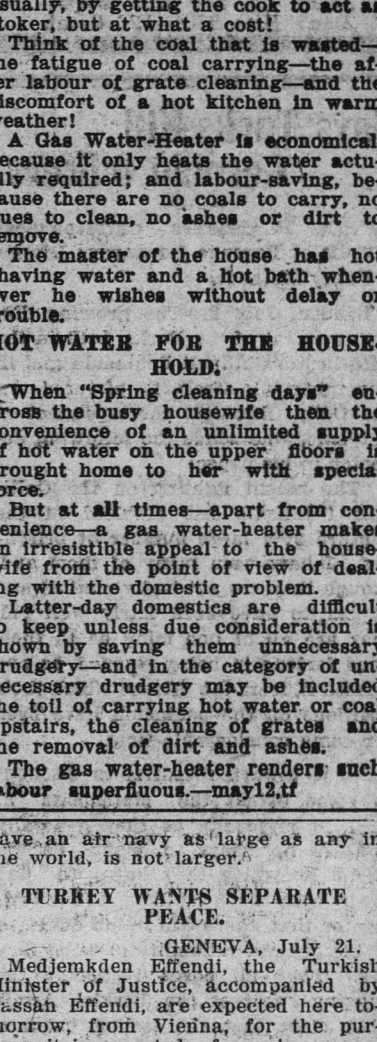

COMMANDER HORTON.
 LONDON, July 21.
 To Commander Max Horton falls
 the credit of having sunk the German
 battleship which was torpedoed in the
 Baltic on July 2nd by a British
 submarine. Secretary Macnamara in-
 formed the Commons to-day that a
 communication to this effect had
 been received from the Russian Gov-
 ernment. The German battleship
 sunk is believed to have been the
 Pomern. Horton previously was in
 command of the submarine which
 sank a German destroyer off the
 mouth of the Ems, last October.

SUSPECTED CARGO.
 LONDON, July 21.
 The British steamer Eritria, from
 New York for Piræus, Greece, is
 discharging her cargo of wire tin
 plate at Malta. It is suspected that
 the cargo is intended for an enemy
 of Britain.
PIRATES LAID LOW.
 NEW YORK, July 21.
 The Scandinavian American liner
 Oscar II arrived to-day from Copen-
 hagen with 514 passengers and cargo.
 The officers of the ship said that they
 had passed through the North Sea
 without being molested.

ITALY'S MOUNTAIN CAMPAIGN.
 UDINE, July 21.
 Wounded soldiers and prisoners
 arriving from the Italian front, re-
 port that the battle which has been in
 progress in the Isonzo region, is con-
 tinuing to be waged from east of
 Gradisca to west of Tolmino. The
 Italian arrivals report that all along
 this line of fortifications they are en-
 gaged in a bitter struggle, and that
 great difficulties are being en-
 countered in the efforts to take them.

BRITAIN TO HAVE BIG AIR NAVY.
 LONDON, July 21.
 Zeppelin raids on her coast, to-
 gether with the remarkable exploits
 of airmen at the front, have aroused
 Britain to enthusiasm on the subject
 of aerial warfare. Every man avail-
 able for the work in the country now
 is busy building aircraft. Probably
 before many weeks Great Britain will
