INSURGENT RISING BROKEN.

BERLIN, Mar. 29. The Government believes it has effectively broken up the insurgent Communist rising in Mid-German industrial areas with the capture of the main body of the rioters at Leuna and Ammendorf. Thus far fourteen hundred Communists have been arrested and others are reported either to be fleeing, leaving their arms behind, or surrendering. President Ebert has authorized the installation of extraordinary emergency courts for the speedy trial of Communist rioters. Halifax, N.S.

Minard's Liniment Co., Ltd. Gentlemen—I have used Minard's Liniment and have found it a good remedy. After the explosion I was pretty well shaken up having quite a number of bruises and cuts, but thanks to Minard's Liniment I am my old self again. It healed the sores and bruises and gave me much relief. It is true to its name as the King of Pain, for it stopped the pain almost at once. I first noticed the ad in the Montreal Standard and decided to invest in a bottle, for which I am not sorry, but can say with truth that I am thankful for it having done all it claimed to do, and in my case much more, and a satisfied customer is the best ad. one can possibly find. That is my view of it and I think you will agree with me too.

Yours very truly,
(Signed) ALFRED BLAIN,

Harbor Grace Notes.

Mr. Ralph B. LeDrew and bride arrived from Holyrood by Friday night's train, having spent their honeymoon there. Mr. and Mrs. LeDrew have the good wishes of their many friends for a long and happy voyage over the sea of life.

Misses M. Garland and M. Davis, who are attending school at Littleton, are spending the Easter holidays in town.

Mr. Charles Noseworthy, of the Bank of Nova Scotia, St. John's, arrived in town by Thursday night's train, and returned again to the city on Friday afternoon.

Miss Mary Ward, of the Canadian Bank of Commerce, St. John's, spent the week-end here at her home, returning to the city again yesterday.

The Star Movie celebrated its 4th anniversary last night, Easter Monday, when a special concert was put before the public. The different items on the programme were well rendered, the audience showing their appreciation by encoring each performer. The hall was packed to the very limit and the music by the British band was thoroughly enjoyed, the selections being heard for the first time by the public. Special mention may be made of Mr. W. H. Kennedy's comic song, which called forth shouts of laughter, and set all present in extra good trim for the rest of the evening. On the whole the concert was a fine success and those who attended must consider the night well spent.

Mr. Claude Watts has been in town for the last couple of days on a visit to his mother and other friends.

Miss Doris Heath, who has been in the city for a short time, returned again last night.

Messrs. J. Ross, H. Kennedy and E. O'Brien, of the cable staff, Heart's Content, are in town spending the Easter holidays.

Capt. John Snelgrove, of the ill-fated schooner Barbara Barr, arrived here quite recently. We sympathize with our young townsman in the loss of his fine ship, but we are glad to know that himself and crew escaped without any serious mishap. No doubt, many will remember that this

schooner underwent extensive repairs here on the Marine Railway Dock last fall, giving quite a bit of labor and was in port for upwards of six weeks or more.

The various churches of the town observed with due reverence and solemnity the glad "Easter Day," bringing as ever the inspiring and triumphant message of the Cross, "Christ is Risen," spurring us on to greater spiritual activities, imploring us to consecrate our lives to Him afresh; to cheer the gloomy pathway of our fellow creatures; to help make this old world a better place because we have lived in it and thus make life really worth while. Time shall never mar the significance, beauty and splendor of this grand and glorious Gospel of Jesus Christ, but it shall stand foremost, the only hope of the human race and at this joyous Easter time it dawned upon us with even more meaning in all its story.

All were pleased to hear the good news from the sealing ships to-day, giving us to understand that they had struck the main patch. We trust that continued success will follow and that the ships will arrive in due time, all with bumper trips. This will, no doubt, tend to lessen the depression as the spring advances.

Lincoln's Favorite Story.

Out in Sangamon county there was an old temperance lecturer who was very strict in the doctrine and practice of total abstinence. One day, after a long ride in the hot sun, he stopped at the house of a friend, who proposed making him a lemonade. As the mild beverage was being mixed the friend inquisitively asked if he wouldn't like a drop of something stronger to brace up his nerves after the exhausting heat and exercise. "No," replied the lecturer. "I couldn't think of it; I'm opposed to it on principle; but," he added, with a longing glance at the black bottle that stood conveniently at hand, "if you could manage to put in a drop unbeknownst to me, I guess it wouldn't hurt me much."

In an interview with him, the name came up of a recently deceased politician of Illinois whose undeniable merit was blemished by an overweening vanity. His funeral was very largely attended. "If," said Mr. Lincoln, "General— had known how big a funeral he would have had, he would have died years ago."
