

Popularity Contest.

The movie Editor of the St. John's Daily Star is, in the near future, going to hold a popularity contest in that paper on the lines of several American Motion Picture magazines, for the purpose of discovering who are the most popular "stars" in the opinions of local movie fans. The contest ought to provide some interesting results.

TO-DAY'S MESSAGES.

HUNDREDS ON THE JOB.

LONDON, May 11. Determination of authorities to move coal into the country by sea, despite threat of Transport Workers to frustrate Government's plans through refusal to handle such coal, was indicated to-day by the re-opening of recruiting offices for volunteer transport workers. These offices were first established when there was a threat of a general strike in the earlier stages of the coal tie-up. Long queues of applicants formed outside offices this afternoon.

A LITTLE EXCITEMENT.

DUBLIN, May 11. Two Sinn Feiners, running from a lorry here to-day, leaped into the cabin of an engine, and compelling the engine to drive away at full speed, made their escape. Disorders throughout Ireland resulted in the killing of two men at Galway by armed, disguised men, and the shooting of a constable. Crown forces surprised eight civilians near Limerick, killing one, wounding two, and rescuing a former soldier, whom they were holding prisoner.

ANTI-DUMPING BILL.

LONDON, May 11. Early this morning the Government succeeded in putting through a second resolution, which provides for the protection of industries by the prohibition of dumping.

THIRTY PER CENT. CUT.

MANCHESTER, May 11. Cotton Spinners and Manufacturers' Association has given notice of thirty per cent reduction in wages in the weaving section. Three hundred thousand operators will be affected. A similar notice has already been given in the spinning section.

SURPLUS SUPPLIES.

OTTAWA, May 11. A cablegram, received to-day from the International Institute of Agriculture, states the Institute has estimated that the available world's supplies of wheat and rye will cover all requirements this year, and leave, on August first, stocks amounting to fifty-one million bushels.

PAPER MILLS CLOSED.

THREE RIVERS, Quebec, May 11. The mills of the St. Maurice Paper Company here were closed down this morning. Several hundred employees are affected. Difficulties over wages were given as a cause.

ONE RESULT OF THE COAL STRIKE

LONDON, May 11. The London Times says it understands that the chartering of steamers to bring coal from United States has subsided in the past two or three days, the slump being probably due to the length of time occupied in crossing, and limited facilities for unloading steamers of the tonnage required. The amount of coal on the way from States, or expected to be on the way shortly, the Times estimates at more than a hundred thousand tons.

PAPERMEN QUIT WORK.

SUDBURY, Ont., May 11. Seven hundred men ceased work to-day at the Espanola Mill of the Spanish Pulp and Paper Company, pending a settlement of difficulties with that Company. An identical situation exists at the Sturgeon Falls Mills of same Company, where over five hundred men quit work this morning.

CARRYING ON.

GREEN BAY, Wis., May 11. Officers of the Northern Paper Mill, whose employees are on strike against the proposed twenty per cent. cut in pay, announced to-day that another paper making machine had been started, making three in operation. Reports from Rhinelander Mills to-day were that Rhinelander Paper Co. is working with seventy five per cent. force.

Police Court.

A woman who has been before the magistrate several times, for vagrancy, appeared in court this morning on a similar charge and was sentenced to 10 days' imprisonment.

Six boys who were charged with loitering and disorderly conduct on the public streets, were fined \$2 or 5 days each.

Prices Lower.

A notice to the Trade from the local factories announces a reduction of 6 1/2 cents per lb. in the price of creamery butter and 3 cents per lb. in that of butterine, to come into effect after May 30th. The wholesale price then will be 35 cents for creamery and 30 cents for butterine. The reduction follows the decline in the Canadian article.

"Columbus"

Rubber Footwear

and Quality

Salesmanship, unaided, may sell quite a lot of Rubber Footwear, but at its best it cannot create a demand for any particular line, unless that line is backed up by Quality.

"Columbus" Brand is second-to-none in Quality; only the finest materials are used. The actual making is entrusted solely to experts, who would not dream of producing work below the high standard they have set for themselves.

It is the aim of the "Columbus Co." to manufacture only a high-grade product. Special attention has been paid to QUALITY, FIT and STYLE, with the result that there is now no better Rubber Footwear than "Columbus".

Each year brings an increased demand from the Public for "Columbus Rubbers". This in itself is proof that this popular line of Rubber Footwear is meeting with the approval of the Public in every direction.

DEALERS:—Anticipate next season's demands NOW and place your orders as early as possible. By co-operation with us, you are assured of early delivery of the goods and better satisfaction to yourself and your customers.

Card Party and Dance.

A very successful card party and dance was held last night in the C.C. Hall by several young ladies, for the purpose of helping to pay off the debt on the Hall. Over 200 people were present at the card party and the prizes, which were two five dollar gold pieces, were won by Mr. T. Ryan and Mrs. Kemp. After the tables had been cleared away dancing began and continued except for the supper interval, until an early hour this morning. Quite a large number of people came in after the card party for the dance and all had a very enjoyable time. The C.C. Band furnished the music, playing some new dance selections, which were enthusiastically received by the dancers.

Pink Daffodils.

A pink daffodil was perhaps the most interesting exhibit at the show of flowers at the Royal Horticultural Hall, London. It was a bloom with white perianth and salmon-pink trumpet—a very beautiful and delicate flower, which has not yet been named. It was the product of Messrs. Barr and Sons, Covent Garden. Seven other new varieties of daffodils were exhibited by members. Messrs. R. Cuthbert, of Southgate, staged over twenty new varieties of azaleas.

Wants Prohibition Act Amended

Editor Evening Telegram

Dear Sir:—A petition asking Woman Suffrage has lately been presented to the House of Assembly and will I understand receive recognition.

Last winter Petitions were presented over the country asking for a modification of the Prohibition Act. Quite a number of voters in this town signed it and I have been informed that 13,000 electors signed the petition.

Now Mr. Editor I would like to know why was the request of these 13,000 electors ignored? They believed the present Act to be both unjust and unworkable and asked that it be amended that citizens in good standing would be able to procure a reasonable quantity of spirits or when they feel so disposed, I hope Government intends to take the matter up during the present session. Thanking you for space.

Yours very truly,

Bonavisto, May 9th, 1921.
