

The Alabama Claims - A Compromise Suggested.

New York, April 25.—The Alabama claims is the absorbing topic of Washington correspondence. The excitement is now in regard to a rumour that has got abroad that the American Government is about to propose a compromise. It is said that while the President and Mr. Fish are determined to defend the honour of the country at all hazards, and not permit the English to force us into a false position, still they are eager for a peaceful settlement of the question. Impossible as the whole thing seemed a day or two since it now seems probable that the whole matter will be settled at an early day on a basis highly honourable to both nations. The anticipation of such result has given universal satisfaction in diplomatic and administrative circles, for, as relations between England and America now are all business of a financial character between the two nations is at a stand still. As English feeling now is the Americans cannot sell a bond in Europe.

The Rev. Mr. PUNSHON.—A statement is going the rounds of the Provincial newspapers to the effect that, after the Western Conference in June, the Rev. W. M. Punshon will go to Manitoba; thence to British Columbia, from there to California, thence to China and Japan, and finally to England, where he will remain. The *tribune* has authority for stating that Mr. Punshon has no present intention of making the above extended tour. After the Conference, however, accompanied by the Rev. Enoch Wood and Mr. John Macdonald, he will proceed to Manitoba on some missionary business, which the three gentlemen were appointed last summer to transact.

"HOUSE-WEN," and others who pretend to know, say that the following directions had better be observed in using *Sheridan's Cavalry Condition Powders*: Give a horse a tablespoonful every night for a week; the same every other night for 4 or 5 nights; the same for a milch cow, and twice as much for an ox. The addition of a little fine salt will be an advantage.

BREAKFAST—Epps's Cocoa.—GRATEFUL and COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctor bills.—*Chief S. "see Gazette."* Made simply with boiling water or milk. Each packet is labeled "James Epps & Co., Homoeopathic Chemists, London." Also, makers of Epps's Milky Cocoa (Cocoa and Condensed Milk.)

USE THE BEST.

Nine years before the public, and no preparation for the hair has ever been produced equal to Hall's "Vegetable Sillian Hair Renewer," and every honest dealer will say it gives the best satisfaction. It restores GRAY HAIR to its original color, eradicating and preventing dandruff, curing BALDNESS and promoting the growth of the hair. The gray and brassy by a few applications is changed to black and silky locks, and wayward hair will assume any shape the wearer desires. It is the cheapest HAIRDRESSING in the world and its effects last longer, as it excites the glands to furnish the nutritive principle so necessary to the life of hair. It gives the hair that splendid appearance so much admired by all. By its tonic and stimulating properties it prevents the hair from falling out, and none need be without Nature's ornament—a good head of hair. It is the first real perfected remedy ever discovered for curing diseases of the hair, and it has never been equalled, and we assure the thousands who have used it, it is kept up to its original high standard. Our Treatise on the Hair mailed free; send for it.
