INCREASE OF CAPITAL STOCK

London Street Railway Company Decides to Issue \$50,000 Additional Stock.

The London Street Railway Company decided to increase its capital stock by \$50,000, which will bring it up to \$400,000. A resolution to that effeet was passed at a recent meeting of the shareholders. Though the shareholders do not give any reason for the increase, it is understood that the issue is intended to cover the losses arising out of the strike. It is thought by the directors that the new issue will be taken up by the present shareholders, and that none of the stock will be put on the market.

AMUSEMENTS

THE NEWEST COMBINE.

Mirth, mystery and diablerie is the delightful admixture of stage entertainment which is promised by the appearance of "The Great Triple Alliance" in this city at the Grand tomorrow night. The organization derives its title from the combination of the three modern necromancers, Servais Le Roy, Imro Fox and Frederick Powell. They represent in necromacy the genius of America, France and Germany. The performance given by them will be supplemented by a num-ber of popular entertainers, such as Maud Beall Price, mimic and comedienne, Zazelle and Vernon, comedy bar performers, the great musical trio, Lelliott Busch and Lelliott, and the operatic stars, Bertha Wagner and Bruno Armin.

DAN GODFREY AT DETROIT. The Detroit Jourgal commenting upon the concert recently given in Detroit, says: "No band aggregation this season, and we have had Sousa, and the Banda Rosa, received as warm a welcome as did Lieut. Dan Godfrey's famous English band at the Detroit Opera House last night. The musical secelctions were of wide range, from Rossini's 'William Tell' overture to a farcical bassoon solo; from the 'Holy City' cornet solo and Chopin's 'Valse Brilliante' to humorous musical sketch. There was a musical tragedy, comic opera, farce, inspiring military marches, sacred music, and patriotic airs and hymns. At the final close, with the 'Star Spangled Banner' and 'God Save the Queen,' the audience rose simultaneously when the airs opened, and applauded and cheered during their performance, so that half the time the tremendous swinging volume of music was itself drowned in the storm of applause. One young brunette, with flashing black eyes, split her gloves in her patriotic enthusiasm, and after the last strain came to a close with a triumphant outburst of swelling music, the audience stood thundering ap-plause. A reception to Lieut. Dan Godfrey followed at the Russell House. Our music loving citizens will soon have an opportunity of hearing this famous band at the Princess Rink. The band will appear in London, afternoon and evening, Oct. 5. Plan at Heintzman's.

There has been a large increase in

Londod as an Educational Center.

With its splendid public and private schools, its colleges, and its Normal School to be opened within a few months, London is yearly becoming an increasingly important educational center. We hope the time is not too distant when London will be the seat of a fully-provided University. One of the foundations of the full University It has already bestowed no small prestige on the city. The sons of the college have gone out to various fields of labor, carrying with them love for their alma mater, and an advertise ment of goodwill for London. In a commercial sense, too, the Medical Schoo has been of no slight advantage. It is estimated that the sum of at least \$25, 000 per year is spent by the medical students who take their training in London: and the time is not remote when twice that sum will be spent in this city from the same source. It is by institutions of learning, as much as by railways and factories, that the prestige and profits of cities are built

Another source of prestige and profit for London will be the splendid new London City Hospital, now nearing completion Already many cases from all parts of Western Ontario come to London for special treatment. When hospital is ready to receive its full quota of private patients, the tendency London-ward will receive a marked impetus, to the promotion of the professional and material advantage of Western Ontario's capital. To this end, the London Medical School and the new London Hospital can co-operate, with mutual advantage. The opportunities of a good hospital are necessary to a successful Medical School: and a return is made to the Hospital-which in reality means the public-in increased professional efficiency and opportunities for special- Rev. Thomas Wilson, pastor of King

The new London Hospital, therefore, means not alone, we hope, a heightened skill, in the long run, for the amellorof the physical ills the people of London and Western Ontario, but it means much also for the prestige and importance of London as an educational center. The Advertiser would like to see the entire medical profession of London put its shoulder to the wheel in order to promote the success clike of the London Medical School and of the splendid new Hospital which will begin its work at the outset of the new century.

Brockville, Oct. 2.—Nowhere in Ontario are Dodd's Kidney Pills more appreciated than along the St. Lawrence River and the Great Lakes. Where there is water there is damp and danger from Rheumatism and Colds. The kidneys are the organs most susceptible to colds, and their getting out of order therefrom causes rheumatism, backache, etc. Mr. W. H. Odell, of Brockville, writes to an inquirer as follows:

Brockville, Aug. 28. Dear Sir,—I received your letter and intended to answer it before, but I am ashamed to say neglected to do so. Dodd's Kidney Pills have done me the world of good. They are a splendid cure for the kidneys and I am always ready to say so. I remain, yours truly, W. H. ODELL.

IVAN.

Ivan, Sept. 30, 1899.—The concert given by the children of S. S. No. 7, Lobo, under the able management of their esteemed teacher, Mr. Empey, was a success in every sense of the word. The pupils performed their parts in an excellent way, thus earning high praise for themselves and their aiready distinguished teacher. The programme was all that could be desired and everyone seemed highly pleased, yet all were sad to a certain extent because it was the last time they were to meet Mr. Empey as teacher of S. S. No. 7, Lobo. During the three years he has filled that position he has added many warm friends and admirers to his already large circle. One very pleasing yet sad part of the programme was the pre-sentation of a beautiful purse well filled with the coin of our land, to the teacher. Miss Nellie Robson (pupil) read a beautiful address and Mr. Garthe number of declared settlers. The grand total for the eight months is 30,-062, as compared with 17,535 for the whole of 1898, 21,252 for 1897 and 17,535 for the Glencoe High School. and 57 of the lower.

The last beautiful address and Mr. Garlied Graham (pupil) presented the gave more decorations to field Graham (pupil) presented the purse. Mr. Empey, though much surprised, was able to receive the present in the proper spirit and to make a first prised, was able to make a pull.
