Sat Up Two Summers

Dodd's Kidney Pills Cured Mrs. Kinsella and Now She Can Go to Bed and Sleep.

St. Malachie, Dorchester County, Que., Nov. 23.—Mrs. James Kinsella, of this place, who for two summers was obliged to pass her nights sitting in a chair, a well woman again. She cured her kidneys by taking Dodd's Kidney Pills, her health returned and she now takes her rest in the natural way. Speaking of her case, Mrs. Kinsella says: "I had a pain in my right hip and in my back, and was swollen all down the right side of the abdomen. I could not sleep at nights and was obliged to sit up in a chair for two summers. The first box of Dodd's Kidney Pills gave me such relief that I continued to use them. They did me a world of good and now I can go to bed like other people."

Madame Patti has bequeathed her larynx (which she shall have done with it) to the museum of the Royal College of Surgeons.

Eruptions

Dry, moist, scaly tetter, all forms of eczema or salt rheum, pimples and other cutaneous eruptions proceed from humors, either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous. The thing to do is to take Hood's Sarsaparilla and Pills

Which thoroughly cleanse the blood, expelling all humors and building up the whole system. They cure.

"I was greatly troubled with small boils, caused by working among the oil at the refinery. Hood's Sarsaparilla was recommended to me as the best blood medicine obtainable. I began taking it, and though many other remedies had failed to benefit me, three bottles of Hood's fully and permanently cured me." Angus Fraser, Emerit St., Sarnia, Ont.

Hood's Sarsaparilla promises to cure and keep the promise.

No Egyptian Cigarettes.

Tobacco dealers are ready to indorse a conclusion arrived at some time ago by a certain celebrated showman. They have come to the opinion that the public likes to be humbugged. The cause for this opinion is found in the Egyptian cigarette.

The popularity of the Egyptian cigarette is enormous, and it is asserted that of the 50 varieties on the market 90 per cent of them have a little connection with Egypt as a Pittsburg story. A tobacco seller, explaining this, said: "In the first place, there is no such thing as Egyptian tobacco. The culture of the leaf is forbidden by law in that country. The reason of the prohibition involves a curious chapter in trade history. The best cigarette tobacco of the east is Turkish. Long ago it was found that Turkish tobacco was going from Constantinople to Alexandria, and that a sweating had improved its flavor. This gave a prestige to the Egyptian cigarette made of Turkish tobacco, which brought wealth to the manufacturer and a heavy revenue to the state. In order to increase this revenue the government at one time took measures to grow the leaf in the delta, but the weed made from it fell flat on the market. The cultivator extended to the legitimate traffic. Manufacturers complained and the government found a deficit in its returns. To make amends a law was passed forbidding tobacco culture, and ever since the Egyptian cigarette has been made of a fine grade of the Turkish leaf. The country exports a large number of cigarettes and a small quantity of tobacco, not enough, in fact, to make as many so-called 'Egyptians' as are smoked in twenty-four hours in the United States and Great Britain."—Chicago Tribune.

In 1870 the German people barely exceeded 40,000,000; in 1885 they had risen to nearly 47,000,000, and in 1900 the census returned 56,335,000.

William C. Whitney makes announcement that in accordance with plans formed some time ago he has decided to retire from racing in England, and will sell the horses he has had in that country for the past four years. The number of murders per million inhabitants is: In England, 4.13; in Germany, 5.45; in France, 1.15; in Austria, 1.42; in Italy, 1.15; and in Spain, 4.70. Cork has the best-dressed and most prosperous looking population in Ireland. A protest is raised against the punishment of military and naval prisoners in Ireland.
