In the absence, through illness, of Mayor Beck, Ald. Greer occupied the conducting the inquiry as to the best chair at last night's meeting of the means of transmitting the power to the city council, and the aldermen succeeded in getting through with a considerable amount of business in about an hour and a half. The proposal to pave Dundas street, between Adelaide and Elizabeth, took up much of the alder-men's time, and the letting of the contract for the work was postponed until the aldermen shall have received City Solicitor Meredith's opinion as to whether the council can give the contract to the Barber Asphalt Company, who propose to lay a bituminous pavement, whereas the people petitioned for a bitulithic pavement. The question is too serious a one to settle off-hand, and the letting of the contract was accordingly deferred.

The aldermen also took up the case

Ald. Matthews, as chairman of No. 3, More and four children survive him, Moved that the clause pass.

Ald. Gerry also put in a good word for Roberton. He said that the city should add \$300 to the offer it had made Roberton, and give him \$1,000, so that he could get into a business of his own. He moved, in amendment, that Roberton be given \$1,000, in full of his claims against the city.

"Canada's Greatest Carpet House"

FALL OPENING OF CARPETS AND RUGS

Everything "KAY" Quality.

We believe thoroughly in the goodness of our carpet stock, viewed in whatever light one may. Probably this is natural. At the same time we are quite ready to rest our case on the judgment of carpet buyers. It is a common thing for shoppers to go the rounds of all the carpet houses and then come back to us, frankly saying that alike in character of stocks and genuine value, we stand exclusive.

The leading carpet of carpet buyers is really the Axminster, where it used to be Brussels. The same beautiful effects cannot be obtained in Brussels. Nor is there any carpet that will stand the wear better than a well-made Axmins. ter. To give extra impetus to Axminster sales this year we bought from three of the largest manufacturers certain odd lines in Axminster -lines that whilst new and beautiful, are not being replaced by them. All told we have something like 15,000 yards of these in stock, in great variety of patterns-carpets that would sell regularly at \$1 50 and \$1 65 a yard, but made a leader for this season's trade at \$1 25.

-We have a standard Axminster that holds its own season after season and gives the greatest satisfaction. It is a beautiful carpet for drawing rooms, halls or bedrooms, in very rich, deep effects. We show some light, dainty styles for bedrooms. Price, per yard, \$1 65 and \$1 50.

-It is a bold statement to make, and yet we feel quite sure it is borne out by the facts, that in this store we show a larger range of Victorian Axminster than one will meet in any individual store in the world. There are over 30 handsome patterns. There is something special in quality of a Victorian Axminster, whilst many designs are such that cannot be made in other carpets.
