

## UNEARTH PLOT TO BEAT P. M.

Railroad Officials Say Passes  
Are Stolen and Then Sold—  
Three Men Arrested.

Saginaw, Mich., Nov. 18.—Clar-  
ence Kingham, Percy McGonigal, and  
Paul McKenzie are detained at the  
police station here in connection  
with an alleged plot to defraud the  
Pere Marquette Railroad by the  
sale of stolen passes. According to  
the company, the scheme was to cut  
blanks out of books of passes which  
each department of the railroad has  
filled out and sell them. The com-  
pany's officials say one of the men  
in the railroad's employ abstracted  
the passes, turned them over to an-  
other man, a former clerk, who filled  
them out, and then, the third, an outsider,  
disposed of them to travelers.

## AFRICAN COTTON JUST A DREAM

Germany's Colony Will Not  
Compete With America  
Yet Awhile.

Berlin, Nov. 18.—When Herr Dern-  
burg, colonial secretary, started on his  
journey to German East Africa there  
was much talk about the founding of  
cotton plantations in the colonies for  
the purpose of making German man-  
ufacturers independent of American  
cotton planters. From the persons who  
accompanied him on his journey it is  
learned that the prospects for cotton  
raising in East Africa are not bright,  
as described by Herr Dernburg before  
his departure.

The country chosen for the estab-  
lishment of the cotton plantations lies  
in valleys, which will prove fertile only  
when artificial irrigation is provided.  
Experts declare that the cost of in-  
stalling the irrigation plants will be  
prohibitive. Besides, the question of  
labor is a serious one. The natives of  
the valleys in East Africa dislike  
work, and under these circumstances  
cotton growing can never become a  
success.

Herr Von Otto, a cotton goods man-  
ufacturer of Saxony, who purchased  
a cotton plantation for the purpose of founding  
a cotton industry, has become con-  
vinced that the negroes cannot be re-  
lied on, and he has decided to ship 150  
families to his domains to work in the  
cotton fields.

Persons conversant with the cotton  
industry in America know that when  
native labor cannot be utilized for cot-  
ton raising the United States has  
nothing to fear from German East  
Africa as far as rivalry and competi-  
tion in the cotton industry are con-  
cerned.

### NO MIXED MARRIAGES

Pastoral From Archbishop Bruchesi  
Absolutely Forbidding Them.

Montreal, Nov. 18.—An important  
pastoral was read in the Roman Cath-  
olic churches today, absolutely forbid-  
ding mixed marriages. Archbishop Bru-  
chesi made an announcement that in  
so far as this diocese is concerned dis-  
pensations will no longer be granted  
to Roman Catholics wishing to marry  
Protestants. The custom hitherto in  
vogue is done away with. In strong  
and emphatic language he gave  
places a ban upon all such unions.  
Hereafter should Protestants and Cath-  
olics wish to marry they will not be  
able to secure the blessing of the  
church upon their union.

### ROYAL VISIT ENDS.

London, Nov. 18.—The official visit  
of Emperor William and Empress  
Augusta Victoria to King Edward and  
Queen Alexandra was concluded today  
when they both left Windsor, the  
empress proceeding to Holland, where  
she will visit Queen Wilhelmina, and  
the Emperor going to Highcliffe Castle  
where he will spend several weeks in  
recuperation.

## How Is Your Vitality?

Are You Physically Strong and Able  
to Work as You Used To?

Perhaps you lack courage?  
Out of joint with everything?  
Scarcely on speaking terms with  
your neighbor?

Such low health is pitiable—but  
curable.

Your brain is fogged, your blood is  
weak, your reserve of strength all  
gone.

What you need is Ferrozone, that  
great vitalizer and nutritive tonic.  
It's by making flesh and blood, by  
infusing Iron and Oxygen into the  
system that Ferrozone builds you up.  
It repairs the weak spots, instills new  
life into worn-out organs—makes you  
feel like new.

Think it over. By nourishing and  
strengthening, Ferrozone lifts you  
out of the old and imparts resilience and  
buoyancy to the depressed.

Why not be strong and ruddy-  
colored?

Use Ferrozone and enter the healthy  
life it's sure to bring. Price, 50 cents  
per box at all dealers.

## M'CARREN GANG IS INVOLVED

Politicians Must Tell the Grand  
Jury of Dealings With  
Wrecked Banks.

New York, Nov. 18.—The affairs of  
the Brooklyn institutions which were  
put into the hands of receivers by the  
action of Attorney-General Jackson,  
on Saturday after he had stated that  
in two of the institutions there would  
be an investigation with a view to  
criminal prosecutions, will come be-  
fore the grand jury in Brooklyn at 10  
o'clock tomorrow morning.

In his statement of Saturday, At-  
torney-General Jackson spoke of cer-  
tain forgeries which had been found in  
the affairs of one of the banks. The  
Borough Bank, known in Brooklyn  
as the "Politicians' Bank," was the  
bank referred to.

The names of a number of promi-  
nent Brooklyn politicians have been  
mentioned in connection with the  
bank's affairs, including those of Sen-  
ator Patrick McCarren, former Sher-  
iff Buttling, Senator Reynolds, and  
others of the McCarren following.

## FIERCE BATTLE WITH ARMED GANG

Montreal Detectives Attack a  
Party of Supposed Bank  
Burglars.

Montreal, Nov. 18.—A pitched battle  
between city detectives and a band of sup-  
posed bank-robbing crooks occurred this  
evening at St. Lambert's just across the  
river from Montreal, which resulted in the  
arrest of two of the crooks. Although  
there were six detectives and six crooks,  
all of whom were busy emptying revolvers  
at each other, not one of the whole party  
was injured, and the detectives scored a  
bloodless victory.

Chief Carpenter, of the city detective  
force, was this evening informed that a  
band of men, supposed to be robbers, were  
camped near St. Lambert's, and he dis-  
patched half a dozen of his men to gather  
in, guided by the man who brought  
the information. While on the way  
the detectives met four men on the road,  
but passed them, thinking they were not  
the men they were after. Later they found  
two of the gang sitting by a campfire.  
As soon as the detectives appeared the  
strangers opened fire on them with rev-  
olvers, and the detectives pulled their guns  
and fired back. The shots alarmed the  
four on the road, who were also members  
of the gang, and they at once ran back  
and attacked the detectives from the rear.  
The latter, however, won out, and the four  
decamped, leaving the original two to be  
arrested. The latter gave their names as  
John Brown and Will Hudson, but their  
names do not count for much as yet.  
It is thought that the gang was com-  
posed of the men who have been traveling  
through the Province, burglarizing banks  
and stores lately.

## BRITISH

At a general assembly of Academi-  
cians and Associates, Mr. Frank Can-  
dogan Cowper was elected an As-  
sociate of the Royal Academy.

At a meeting of London motor cab-  
men at Kensington it was decided to  
form a society among themselves, to be  
called the Metropolitan Motor Cab-  
drivers' Union.

The sale of the collection of rare  
postage stamps formed by the late  
Major C. J. Everett Mumbly was con-  
cluded at Puttick and Simpson's. More  
than £950 was realized.

Major Richardson, who recently re-  
turned from Constantinople, where he  
has been instructing the Turkish  
army as to the use of the dogs he has  
bred specially for war and ambulance  
purposes, has received a similar order  
from the Empress of China.

The monkey at the Alexandra Palace  
"Zoo," which recently attacked the  
keeper and a few days later made a  
more savage assault upon one of the  
attendants, was put under chloroform  
and had one of his formidable teeth  
sawn off from the gums.

Horace George Rayer left the in-  
firmity at Parkhurst prison the other  
day, but came back again almost im-  
mediately. He is at present in the in-  
firmity under the special observation  
of the medical staff. Punishment is  
rarely inflicted in cases of  
attempted suicide.

The Rev. A. N. Cooper, known as  
the walking parson, described at Leeds  
his walk from Fife to Pompeii. He  
started on April 8, and accomplished  
the journey of 900 miles there and  
back in six weeks. He went over the  
St. Bernard Pass when the snow was  
10 feet deep.

A correspondent has sent an indig-  
nant letter to the press, alleging that a  
needless insult has been paid to the  
ladies who show their interest in  
political affairs by wire-netting being  
put in front of the ladies' "grille" in  
the House of Commons, because of  
last year's disturbances.

The Lord Mayor announced that the  
£50,000 required for his Cripples' Fund  
had been received—and exceeded.  
The last social function of Sir  
W. Treloar's term of office was held  
at the Mansion House, when Lady  
Treloar was presented by the com-  
mon council with a diamond and ruby  
ring.

Some shipments of port fetched  
remarkably low prices at Mincing  
Lane. About 500 pipes, or 70,000 gal-  
lons, of port from one of the best  
known Oporto firms, were sold for  
about half their shipping prices. Some  
"soft, old, delicate tawny" port, which  
would be shipped at £42 a pipe, was  
sold at £25.

In the Lord Mayor's court a jury

awarded £100 damages to Albert Ed-  
ward Kingman, a Stratford carpen-  
ter, for the loss of a toe. It was al-  
leged that a London Road Car Com-  
pany's motor bus wheel cut off his  
big toe whilst plaintiff was standing  
on the curb outside the Royal Ex-  
change.

At the Edmonton town hall on Mon-  
day a panic was only averted during  
a performance of Poles' Myrtorama  
by the orchestra's presence of mind.  
One of the electric wires fused, and  
cries of "Fire!" were followed by a  
wild rush of women to the door. Some  
of the members of the orchestra  
quickly mounted the platform and be-  
gan playing, thus reassuring the  
audience.

### COUNCIL DESIRES MORE LIGHT

Continued From Page One.

\$292,500, for waterworks extension  
purposes. Ald. Stevenson explained  
that although this was the same  
amount as the proposed bylaw asked  
for it did not stipulate that it was  
for any special scheme, whereas the  
bylaw as proposed was for the Ko-  
noka scheme.

Ald. Matthews maintained that  
the bylaw as proposed by the com-  
missioners was simply a scheme to get  
the people started, and then when  
they could not draw back, the other  
bylaw making a total of \$575,000,  
which had originally been asked for  
would be demanded. He thought  
that it would be well to ask for the  
\$575,000 at once, and made a motion  
to that effect, which was lost.

The motion of Ald. Stevenson was  
then put and was also lost.

### The Western Grant.

No. 1 committee made the recom-  
mendation that application be made to  
the Legislature at its next session  
for an act authorizing the city to  
grant to the university, now known  
as the Western University, or here-  
after to be known by such name as  
may be given to it by the Legislature,  
a sum of money, to be paid annually  
for such term of years as the city  
may think fit, upon condition that  
the university be made and always remain  
absolutely undenominational in every  
respect, and be governed by a board  
of governors, upon which board the  
city shall have such numbers of rep-  
resentatives as the council may here-  
after decide upon. The committee  
was empowered to confer  
with representatives from the senate  
of the university for the purpose of  
arranging all details and preparing  
such clause or clauses as it may be  
necessary to insert in the city of  
London bill in connection therewith.  
This was carried, and it was suggested  
that the number of representatives  
upon the board be four. This, how-  
ever, was left over for another meet-  
ing to decide definitely.

### Minor Business.

No. 1 committee's recommendation  
that the offer of Miss May Scott to  
sell a house, 56 Waterloo street, for  
the sum of \$1,510 be accepted, was  
also carried.

The bylaws to appoint a building  
inspector and to issue debentures for  
\$19,000 for a north end fire hall, were  
left over.

Communications were received from  
Mrs. J. Lloyd, asking that her taxes be  
remitted, as in the past. Referred to  
court of revision.

The Chosen Friends wrote asking  
for the use of the city hall on the  
evening of Dec. 13, for the annual con-  
cert. The matter was left over to see  
what arrangements could be made.

Secretary Ennook wrote re the  
Mann Brass Works, that a meter was  
placed to supply these premises with  
the following results, consumption for  
first quarter, 13,100 cubic feet; second  
quarter 13,800; third, 14,600; fourth,  
15,000; total, 57,500.

The amount of \$7,140 by the company  
for the supply and meter rent was  
\$63.58. The commissioners' estimate  
per 100 cubic feet is 5.5 cents.

Mrs. F. Moffatt wrote asking that  
her taxes be remitted. Referred to  
court of revision.

Mr. K. L. Aitken, of Toronto, wrote  
asking when the council would likely  
appoint a consulting engineer for the  
distribution of Niagara power.

The Central Engineering Company,  
through Mr. G. Best, wrote offering  
to install a municipal lighting plant  
on an absolute guarantee of a total  
cost of one cent per kilo-watt hour.  
This would make the cost of the light-  
ing \$25 or less per annum per arc  
lamp. Referred to power and light  
committee.

Thomas Williamson, of Oxford Park,  
wrote asking permission to open a  
street between Wilson avenue and the  
Wilmersfield road, opposite to Surrey  
avenue. Referred to No. 2.

The Brotherhood of Trainmen, For-  
est City Lodge, No. 240, asked for the  
use of the city hall on Dec. 31, for  
their annual ball. Granted.

The members of High Street Meth-  
odist Church wrote asking for the use  
of the city hall to hold a bazaar on  
Dec. 12 and 13. This was left over  
to see if the date can be changed.

The Real Estate Owners' Associa-  
tion wrote requesting that the city  
and east ends be heated, lighted  
and kept open for public meetings  
during the week of the municipal  
nominations in order that the public  
might be given a chance to discuss  
the bylaws. Referred to No. 1.

City Solicitor Meredith wrote stat-  
ing that in his opinion Mayor Judd's  
ruling on the question of Sunday cars  
was correct.

J. W. Lyon, secretary treasurer of  
the Niagara Power Union, wrote that  
he would send a model for the pro-  
posed power bylaw to be voted upon  
at the next election.

### WHY CATARRH POISONS THE SYSTEM.

The Catarrh germ excites inflam-  
mation, offensive secretions are thrown  
off and pass into the circulation, con-  
taminating the river of life and thus  
wreck the whole body. Every cat-  
tarrh victim should use fragrant, healing  
Catarrhazone, the surest cure for  
every type of catarrh yet discovered.  
Catarrhazone can't fail to cure because  
its vapor kills the germs and removes  
the cause of the trouble. Then it  
soothes and heals, stops the cough and  
relieves the stuffed-up condition of the  
nose and throat. Tens of thousands  
have been cured by Catarrhazone,  
which is guaranteed. Use only Cat-  
tarrhazone. Complete outfit, \$1.00;  
trial size, 25 cents.

## CLUB FOR CHORUS GIRLS

Pittsburg Minister at Head of Such a  
Project.

Pittsburg, Nov. 18.—A club house  
for chorus girls, including among its  
many attractive features a place for  
the girls to dance, and all this ar-  
ranged and countenanced by church  
people, is the latest fad in Pittsburg.

Rev. S. Edward Young, pastor of  
the Second Presbyterian Church, of  
Pittsburg, is head of the scheme.  
"It would be my idea to not make  
the club so strict along religious  
lines as to drive away those girls  
who really don't religiously in-  
cline," he said today. "Of course I  
would want an air of religion about  
the place, but I would not care to have  
it so absolutely rigid that chorus girls  
many of whom have been used to liv-  
ing a different sort of life after show  
hours, would not feel that they were  
welcome."

## KITE WENT UP BUT DROPPED TO WATER

But Inventor of Telephone Is Satisfied  
as Conditions Were All  
Unfavorable.

Sydney, N. S., Nov. 18.—The prepara-  
tory rehearsal to trying out the huge  
tetrahedral kite lately constructed by  
Dr. Alexander Graham Bell at the  
Baird Research Laboratories, Baddeck,  
was held Friday afternoon. At 3  
o'clock a model of the new kite com-  
posed 240 cells was taken out on the  
lake on the Ugly Duckling, a contrivance  
specially arranged for giving the  
kite an upward start in the air, the  
steamer Blue Hill hatched on a tow  
line, and in the face of a five-knot  
breeze the steamer started up the  
harbor. Dr. Bell had given instruc-  
tions that the kite was not to be freed  
until the Blue Hill had reached the  
outer bay, and was going at full steam  
fair into the wind, and the machine  
line, however, and the Ugly Duckling  
soon began to show signs of distress,  
disappearing at times almost com-  
pletely under the water. The men in  
charge of the kite, fearing their sup-  
ply was going to be towed under, up-  
per the rest, and the machine  
soared gracefully up into the air. The  
speed, however, was not great enough  
and after a short flight it settled slowly  
on the water.

Dr. Bell was completely satisfied  
with the test. In the first place the  
kite had gone up while the Blue Hill  
was going at less than half the re-  
quired speed, and again the lifting  
was anything but fair in the  
wind when the kite was let go. Dr.  
Bell claims that once the kite gets up  
in the air at a certain speed she may  
be maneuvered about regardless of  
the direction of the wind.

This week the tests will be con-  
tinued.

### DECREASED LUMBER CUT.

Toronto, Nov. 18.—Preliminary reports  
received in the Department of Lands, Forests and  
Timber indicate that the lumber cut in  
Ontario this season will be below the aver-  
age of the last few years. In some cases  
the cut has been as low as 10 per cent  
of the men they desire, and in others they  
are limiting the cut, with a view to keep-  
ing down expenses.

### CHARGED WITH NON-SUPPORT

Toronto, Nov. 18.—Frederick G. Shepway,  
a butcher, will go before a jury on the  
charge of neglecting to provide the neces-  
saries of life for his wife and family.  
Mrs. Shepway said she returned from a  
six month visit to her mother in Win-  
nipeg, to find her husband living with  
another woman. She has eleven children  
living, five under the age of 14 years.

### GOES TO CHAIR SMILING.

Ossining, N. Y., Nov. 18.—John W.  
Wenzel, the murderer of George Spatz,  
a Brooklyn saloonkeeper, went to his  
death in the electric chair at Sing  
Sing Prison today, with a smile just  
as he had promised his sister he  
would do. The sister visited him in  
the death house yesterday, and before  
her departure Wenzel said, "I will  
walk to the chair with a smile on my  
face and the smile will be for you."  
Wenzel went to the chair without the  
slightest show of fear, and as the  
straps were being adjusted he said  
good-bye to the warden and one of the  
witnesses whom he recognized. A mo-  
ment later the electric current was  
turned on. Death was almost instan-  
taneous.

## HOW TO MAKE BEST HOME REMEDY

A Fine Prescription To Relieve  
Rheumatism and Kidney  
Trouble.

A large health publication tells its  
readers of a number of simple and  
safe prescriptions that can be made  
at home. The following, however, for  
the cure of rheumatism and kidney  
and bladder troubles receives the  
greatest praise, viz., Fluid Extract  
Dandelion, one-half ounce; Compound  
Kargon, one ounce; Compound Syrup  
Sarsaparilla, three ounces. These  
simple, harmless ingredients can be  
had at any good prescription  
pharmacy at little cost, and are mixed  
by shaking well in a bottle.

The dose for adults is a teaspoonful  
after each meal and at bedtime, drink-  
ing a full tumblerful of water after  
each dose. It is further stated that this  
prescription is a positive remedy for  
kidney trouble and lame back, weak  
bladder and urinary difficulties, espe-  
cially of the elderly people, and one of  
the best things to be used in rheu-  
matic affections, relieving the aches and  
pains and reducing swellings in just  
a short while.

A well-known local druggist states  
that this mixture acts directly upon  
the eliminative tissues of the kidneys,  
cleanses these spongelike organs and  
gives them power to sift and strain the  
poisonous waste matter and uric acid  
from the blood, which is the cause of  
rheumatism.

Cut this out and hand to some suf-  
ferer, which would certainly be an act  
of humanity.

The beginning and the  
end of the meals of the  
day should be Chase &  
Sanborn's SEAL  
BRAND COFFEE.  
It's the first thing for break-  
fast—the last for dinner—  
and the "best thing" in  
every meal.

Said Emperor Bill to the King;  
"If my throat wasn't sore I would sing,"  
Said the King to the Kaiser:  
"I think you'd be wiser"

Can you suggest a line to complete this LIMERICK?

## Reliable Remedy for Epilepsy

Both sexes and all ages who have  
any symptoms of Epileptic Fits or any  
nervous twitching or trembling, should  
use Elixir Kosine at once, the only  
guaranteed specific for Epilepsy.

W. M. Federmann, the well-known  
druggist of Kansas City, Mo., writes:  
"Our experience with Elixir Kosine  
has been truly remarkable and beyond  
our most sanguine expectation. The  
many cases that have come under our  
personal observation that have been  
vastly improved and benefited, place  
us in a position to recognize a remedy  
of true merit."

"From a passive interest in this re-  
markable preparation, we have become  
very enthusiastic. We do not hesitate  
to give our personal guarantee to any-  
one who is afflicted with this terrible  
disease, Epilepsy."

Elixir Kosine is free from alcohol,  
cocaine, morphine or opiates. It is so  
uniformly successful that it is sold  
with a guarantee. The price, \$1.50,  
will be refunded by C. McCallum &  
Co. if not fully satisfied after using a  
bottle. This trial is given at our ex-  
pense. Mail orders filled. The Kosine  
Company, Washington, D. C., or C. Mc-  
Callum & Co., London, corner Dundas  
and Richmond streets.
