CLAIMS FARMERS MADE TO PAY HIGH TO BORROW MONEY

John Ward Tells Government Committee Agriculturists Pay 9% Interest.

SEEKS LOWER RATE

Official Declares Long Term Loans Necessary For Relief In Western Canada.

Canadian Press Despatch.

Ottawa, May 1. — Arthur Martel, Canadian representative of the United Carpenters and Joiners of America, with which is affiliated the Shipliners Union of Montreal, appeared before the special agricultural committee of the House yesterday morning with a copy of the agreement between the carpenter ship-liners and the shipping federation to explain some of the previous evidence, wherein it was stated that in order to secure men for night work they had to be paid for several hours when they were not working. Mr. Martel confirmed this, stating that the agreement required that the men be called out at seven o'clock for night work and then paid full time until they were dismissed. This, he claimed, was necessary for protection of the men and had been agreed to correct certain abuses in the past.

Pay Higher Than Others.

London term rural credits were discussed by John W. Ward, secretary of the Canadian Council of Agriculture, who presented the council's resolution urging the federal government to provide these. Farmers were paying higher interest rates on their borrowings than were other industries, Mr. Ward said. The prevailing rate on mortgage loans in Western Canada was 8 per cent, but many farmers paid 9 per cent. Interest rates were too high, Mr. Ward claimed. He quoted an annual report of the National Trust Company to show that this company had never experienced a net loss on any year's business.

Long terms loans were necessary to bring agriculture back to a proper basis. Mr. Ward said that mortgage companies and similar interests were becoming landlords and farmers were becoming more and more renters of lands. He could not give an estimate of the growth of farm tenancy in any of the prairie provinces. It was general knowledge, however, that tenancy was increasing. As the land increased in value it would be more difficult for newcomers to secure ownership. The provision of capital, at low rates of interest and on long terms, would assist in overcoming this.

Mr. Ward gave a further explanation of the operation of the land banks, farm loan associations and the federal farm loan board in the United States. Cheaper money was a necessity in Western Canada, where farmers today were required to pay 8 and 9 per cent while Americans, their competitors, secured money at 5½ per cent.

Lending Since 1899.

Charles M. Bowman, chairman of the executive committee of the Mutual Life Assurance Company, with head offices at Waterloo, Ont., said his company had been loaning money on western farm mortgages since 1899.

After extended investigation the company was "hopefully optimistic" as to when Canada and farm loans were passed at every meeting.

WARNING IS ISSUED THAT TURKS MUST STAY OUT OF SYRIA

French Prepared To Issue An Ultimatum Without Further Delay.

RUSSIA IN WRONG

Soviet Officials Arouse the Anger of Swiss Statesmen.

By SAMUEL G. DASHIELL.
Special Cable to The London Advertiser and The Philadelphia Public Ledger.

Lausanne, May 1.—General Pelle, head of the French delegation at Lausanne, returned yesterday from the military council in Paris and conferred with Ismet Pasha on what is considered virtually, a French ultimatum to the Turks.

In the tense situation regarding Syria the French have made it plain that further movements of Turkish troops toward the Syrian frontier must necessarily be followed by protective measures on the French side. It is believed that the stiff attitude of the French will have an immediate effect and check the "coercive political manoeuvres" of the Turks in as much as the British are on the side of the French in Mesopotamia and Chanak and appear quite disposed to come to their aid in the event of a crisis.

Officials at Lausanne outside the Turkish delegation are somewhat surprised at the Turks' plans and express fear the Turks may go too far and invoke the wrath of the allies which would work greatly to their disadvantage. The belief is generally held that should the Turks attempt to start hostilities it is within the power of the superior allied forces to deprive the Turks of all the territorial gains which they acquired through the war with Greece.

The status of Russia as a delegate to the conference is still in question as Vorowsky's courier from Moscow has been held up in Swiss border. The Russians have not yet been admitted as accredited delegates.

Russians Arouse Swiss.

Lausanne, April 30.—Russia has riddled Lausanne with Soviet shot again and aroused the anger of Swiss statesmen, who pride themselves on their country's impartiality and hospitality. Officials of Switzerland regard with gravity Russia's complaint made today in M. Vorowsky's public statement that by preventing the arrival of a Russian courier at Lausanne the Swiss confederation was guilty of taking sides in a conflict between Russia and certain of the great powers and therefore had abandoned with disloyalty her role of impartiality and fairness.

The whole controversy goes back to the original decision of the powers to invite Russia to the Lausanne conference only for the decision on the straits and not in any way to participate in the general peace discussion with Turkey. Russia believes that she should take part in all the near eastern conversation; she opposes the straits convention drafted by the allies with Turkey but contends that as the straits' treaty has not yet been signed she has a perfect right to be at Lausanne.

ADVOCATES REVISION OF THE MONEY SYSTEM

Yale Professor Explains the Methods Aimed To Create More Stable Currency.

Canadian Press Despatch.

Ottawa, May 1.—Three proposals for securing a stable money system were laid before the Banking and Commerce Committee of the House of Commons yesterday afternoon by Professor Irving Fisher, of Yale University, who described our present standard of value as belonging to the stone age.

The three plans were the plan put forward by the Genoa conference, his own proposals now before the United States Congress, and a substitute for that which he called a "fiat money" system.

Under the Genoa plan, he explained, the banks would watch the index numbers of trade and adjust discount rates to prevent undue inflation or deflation. In order to provide a gold basis for international exchange the banks of the world would unite to maintain a gold reserve.

As an alternative proposal, Professor Fisher outlined his own plan, which is now before the United States Congress. Under the Fisher plan, there would be no gold coins but paper money only. At present in the United States a gold dollar certificate guarantees 23.22 grains of gold. Instead Professor Fisher proposes to guarantee an amount of gold which will have the same purchasing power at 23.22 grains had when the currency was initiated. The variation in the certificates would depend upon monthly price indexes to be calculated by the government statisticians.

START CAMPAIGN TO FORM GALT COMMERCE CHAMBER

Special to The Advertiser.

Galt, May 1.—A campaign for a chamber of commerce in Galt was launched last night at a meeting of the citizens' advisory committee of 100 at the city hall, which was addressed by Dr. Frank E. Jaynes, of Chicago, on "Building a City."

The value of a community organization like a chamber of commerce was emphasized. A campaign executive of fifteen was appointed and within a short time the campaign will be on.

ST. THOMAS COUNCIL MAY ANNEX PROPERTY

Will Spend $12,000 In Completing Filling of Hughes Street.

Special to The Advertiser.

St. Thomas, May 1.—The report of the special committee appointed by No. 1 committee of the city council to look into the matter of the Hughes street "fill-in" was accepted tonight at the regular committee meeting in the city hall. The special committee recommended as the best solution of the problem the annexation of the property on Hughes street from the ravine north, extending 50 feet to the west of the street, to the L. and P. S. R. tracks on the east, and including the waterworks property. The estimated cost of the "fill-in" is in the neighborhood of $12,000.

WILL INQUIRE INTO DEATH OF MRS. BUTLER, SIMCOE

Canadian Press Despatch.

Simcoe, May 1.—An inquest will be held on Friday next into the death of Mrs. Gordon Butler, the victim of last Friday's strange accident in O. W. Learn's grocery store, when the heavily-laden shelves were precipitated on to the heads of the usual large crowd of supper-hour customers. While Mrs. Butler was considerably bruised, it is believed death was caused by the severe shock.

REV. AMOS J. THOMAS ADDRESSES LEAGUE

Dundas Centre Young People Install New Executive At Banquet Meeting.

The Epworth League anniversary services of Dundas Centre Church came to a close last evening with a delightful banquet. Rev. A. J. Thomas of Windsor, a former pastor of the church, who took the Sunday services, gave a most inspiring address appealing to the young people to carry on the splendid work being done in the league.

The banquet was in charge of the Ladies' Aid and over one hundred young people were present. Rev. J. Garbutt, honorary president of the league, acted as toastmaster. Later musical numbers were enjoyed, including solos by Mr. Luther Jackson and a trio, with Mrs. F. M. Letteney, pianist, Miss Margaret Letteney, violinist and Mr. Petrie, flautist.

The installation of the new executive for the coming year took place, the officers including president, Dr. Wilson, first vice, Helen Hardy, second vice, Reta Barlow, third vice, Edna Purdy, fourth vice, Frank Adams, recording secretary, Arnold Ward, corresponding secretary, Marjorie Tanton, treasurer, Dorothy Letteney, press correspondent, Jack White, look-out committee, Margaret Letteney and Mr. Hardy; pianist, Leon Adams and assistant pianist, Alma Alderson.

APPOINT CONCILIATION BOARD.

Brantford, May 1.—G. D. Kelly, Ottawa, has been deputed to act on the railway and conciliation board. The Brantford Municipal Railway Commission has named F. H. McGuigan, Toronto, and he has accepted.

ALL PLANS COMPLETED FOR DOUBLE HANGING

Canadian Press Despatch.

Edmonton, May 1. — All is ready for the double hanging of Emilio Picarillo and Florence Lassandra at Fort Saskatchewan provincial jail at 8 o'clock Wednesday morning. Sheriff John Rae of the Edmonton judicial district, who is responsible for the details of the execution, is at the prison today superintending the final arrangements.

While no announcement is made of the name of the hangman it is understood that he is the same man who executed Otis Dortch at Lethbridge on April 11 last and who also conducted the execution of Albert Lebeau, the slavery Indian, who murdered his wife and infant child in the late fall of 1920, and was hanged at Fort Smith November 1, 1921, after being tried by a court which journeyed to the rim of the Arctic.

REPORTS MUCH SEEDING DONE IN CANADIAN WEST

Canadian Press Despatch.

Toronto, May 1.—A summary of reports made by the agricultural representatives to the Ontario department of agriculture shows that a good deal of seeding was done in the southern counties during the week and vegetable growers also got in a considerable acreage of onions, beets, cabbage, early potatoes, etc.

Fall wheat is looking well, except on low spots and where sown late. Some reseeding has been done. Clover is showing good promise. It is better relatively than the wheat. Alfalfa is also looking well.

Pastures have come forward nicely and will soon be ready for grazing.

DINNER TO SIR HENRY THORNTON.

In the cards sent out from the Chamber of Commerce to members of the Canadian Club and the Chamber of Commerce, announcing the dinner to be given Sir Henry Thornton in the Tecumseh Hotel, there was an error on in the date. Tuesday, May 2, should read Tuesday, May 1. The dinner is at 6:15.

MONTHLY WEATHER REPORT

The monthly weather report for April is as follows:

Highest temperature, 79 on the 20th; lowest temperature, zero on the first.

Snowfall for month, 3½ inches; rainfall for month, 2.28 inches.

Snowfall, April, 1922, 1¼ inches; rainfall, April, 1922, 2.25 inches.
