Montreal, Sept. 3.—Trading in listed shares in the stock exchange this morning was decidedly less active than in the corresponding period yesterday. The tone was easier, losses outnumbering gains in a broad range of issues. Spanish River, preferred and common, were first and second, respectively, in point of activity. The former sold throughout the session at 120 yesterday's closing price, while the latter suffered a recession of ½ to 111½. Montreal Tramways was the soft spot of the list. This issue came out near the end of the session at 167, which represents a loss of 4 points from the last board lot sale. Abitibi was off half to 59, Winnipeg Railway off ½ to 35½, and Canadian Industrial Alcohol was up ½ to 35½.
