The drawback to this system seems to be that it requires constant watchful
THE AMENITIES OF DEBATE.

| dentity knew where the kept. The men concealed themselves under their beds this morning and did not attend chapel. After the watchto be that it requires constant watchfulness, continuous exertion, and not a little self-sacrifice. An indolent, self-indulgent, nerveless girl, even if the reward is a very great improvement in her looks, will not be likely to continue the discipline long enough to produce the promised results; and such a girl will be sure to lay the blame of failure not on herself but on the system. An excellent feature of this system is that there is no place in it for drugs. Her pupils are not treated as if they were patients. Her treatment recommends patients. Her treatment recommends when it is the duty of the speaker or the itself to common sense and we believe writer to call things by their right that if young women generally lived as names. He must speak of a spade as a she recommends, they would not only "spade" and not call it an instrument of

Commercial Company a monopoly of the fur seal hunting in Alaska territory, a thief, or to allude to a perbut against the United States arrogat-

the Government will continue to violate a principle of international law, which has been emphatically asserted from time immemorial by the United States. wickedness is appropriately designated. But they do not violate decency. On variously stated at one mile, or one variously stated at one mile, or one league, or three leagues, or one hundred miles (in the Treaty of Utrecht). That principle, which was first stated by Grotius in 1609, was adopted by the United States at the very beginning of their national career. It was asserted by James Madison, when he refused to be a company of the contraction by James Madison, when he refused to acknowledge the sovereignty of Algiers over the Mediterranean, and went to war rather than pay tribute; it was asserted by John Quincy Adams as to this very sea of Behring, when Russia insisted that it was a closed sea; Mr. Adams denounced the "vain and extravagant pretensions" of Russia, and had the satisfaction of of Russia, and had the satisfaction of hearing from Governor Speranski, of Siberia, that the claim had been abandoned; it was again asserted, in 1843, when M. Tyler refused to pay Sound dues to Denmark; a national congress met at Copenhagen, and Great Britain, Russia, France, Prussia and the United States agreed that Denmark had no jurisdiction over the Sound, which was an uninclosed sea, and that the dues must be abolished; it was reasserted by Mr. Seward as late as 1866, when Russian cruisers attempted to interfere with American whalers in Behring's Sea.

The leading case, in which the law on the subject is elaborately stated, is the

The leading case, in which the law on the subject is elaborately stated, is the case of the Franconia, which was tried and in 1878. In that case the intelligence of his heart in the subject and insults the intelligence of his heart in the case the intelligence and in appeal. in England in 1878. In that case the thirteen judges who sat in appeal—while differing in other matters—agreed that the Parliament of England has not, according to the principles of public law, any authority to legislate for vessels on the high seas. Herein the court was merely echoing sound American doctrine. Kent says: "It is difficult to draw any precise or determinate conumns. Such stuff as we commented upon hurts no one. But we are, for the State may lawfully extend its exclusive dominion over the sea adjoining its territories. . . According to the current of modern authority, the general territorial jurisdiction extends into the sea far as a cannon-shot will reach, and no further." And Wheston observes: "The controversy cannot be considered open at this day. . . The maritime territory of every nation extends to the distance of a marine leavue, or as far as a sea the "Estanswill" of the Dominion. distance of a marine league, or as far as a cannon-shot will reach from the And this will certainly be the case if its

the jurisdiction of the United States to be understood as extending.
You are informed that the treaty with
Russis of March 30, 1870, by which the
Territory of Alaska was ceded to the
United States, defines the boundary
of the territory so ceded. It will be seen
therefrom that the limit of the cession extends from a line starting from the Arctic ocean, and running through Beh-ring's Strait to the north of St. Law-rence Island. The line runs thence in a south-westerly direction so as to pass south-westerly direction so as to pass midway between the island of Attou and Copper Island of the Kromanbuski couplet or group in the North Pacific Ocean to meridian of one hundred and ninety-three degrees of west longitude. All the waters within the boundary to

Precaution Taken to Prevent Trouble at Oklahoma.

Cragic Death of a Heroic Switch

University, Bloomington and Fourth avenue lines at five o'clock this morning, heavily loaded with policemen. Very little trouble was experienced, the pollittle trouble was experienced, the police being able to keep the crowd under control, with the exception of one or two instances. About noon a car was stopped on Washington avenue by a spiked switch, and during the delay a crowd gathered and commenced stoning and egging the drivers and police. Mounted police charged on the crowd and dispersed them, but the driver unhitched his horse and left the car standing in the street. A large number of arrests were More Republicans Rewarded.

sprovehis horse and left the car standing in the
street. A large number of arrests were
made during the day, including one or
two private citizens, who refused to
move on when ordered to do so by the
police. The growds on the streets were
kept moving, every person refusing to
do so, and those yelling "scabs" or
"rats" at the carmen, were arrested
and locked up charged with disorderly
conduct. It is said that the company
had succeeded in employing 115 men
this morning, paying from \$3 to \$5
a day, but at noon the strikers had persuaded about 65 of these men to quit,
some of them deserting their cars in the
middle of their runs, or at the further
end from the stables. In such cases the
officials, clerks and bookkeepers of the
company were compelled to man the company were compelled to man the cars and take them back to the stables. No attempt was made to operate the motor line, but it is thought an attempt will be made to-morrow. The men are still firm and seem to feel confident of success. It is rumored this evening that President Lowry has sent for a com-mittee of strikers to settle matters, but little credit is given to the report.

Washington, April 17.—Secretary Noble says the talk of alarmists about the trouble in Oklahoma is nonsense There is no fear felt by the government that there will be unusual lawlessness prevalent in the territory after it is bate continued for upwards of one hour, when the resolution was negatived by forty majority. Hon. Mr. Dewdney introduced a bill relative to the Rocky Mountain Park, which gives power to the government to dispose of the claims of the original settlers.

The combines bill has passed the commerce committee. ance and murders in prospective for new settlers is the veriest nonsense. So far as the interior department is concerned, land offices have been established in the

BASEBALL.

Following is the score of yesterday's games:

At Cincinnati—Cincinnati, 8; Toledo, 1.

At Philadelphia—Philadelphias, 14; Bostons, 9.

At Brooklyn—Brooklyn, 8; Philadelphia, 6. vessels plying between the United States and German ports which carry mails tribution of the mail matter while crossing the ocean, so that when the mail arrives at the port of destination it will have been distributed for the large distributing offices either in the United States or Germany. The cost of this service, Mr. Sachse computes, will be about \$45,000 per annum, or \$22,500 per annum to each country. The matter is now in the hands of the Postmaster-General, who is giving it consideration.

Fields was reading a book in which she ROYAL CITY B. B. CLUB.

The Westminster base ball club have elected the following officers: James Wilson, president; T. R. Pearson, 1st vice-president; E. H. Port, 2nd vice-president; J. G. Blake, secretary and treasurer. Regular practices will be commenced immediately and the club will work hard to hold the proud pesition it won last summer in its matches with the provincial clubs. The first game of the season will be played on Good Friday at 2:30 o'clock, between the first and second "nines."

Fields was reading a book in which she was deeply interested, and disregarded requests from her husband to retire. About midnight Mr. Fields became angry. A war of words ensued. Later he arose from bed and began abusing warned him to keep away. He advanced, and was about to strike, when she fired, the ball passing through his lungs. Fields made a deposition exonerating his wife from all blame. The coroner's gury found that the act was justifiable under the circumstances. The parties are highly connected.

fourth Baptist church. Exercises were held at the Metropolitan church by the Bethel literary society, before which Fred. Douglass delivered an address.

A Hero's Tragic Death. New York, April 17 .- Patrick Me tamney, an old switchman on the Atamey, an old switchman on the Pennsylvania Railway yards, in Jersey City, sprang in front of a train to-day to save the life of a little boy who had wandered upon the track to pick up einders, and though he succeeded in pushing the child out of danger he fell beneath the wheels himself and was torn to pieces. He leaves a widow and seven children in poor circumstances.

Freight Rates Reduced. NEW YORK, April 17 .- The Trunk Line executive committee met to-day and decided to lower the west-bound lake and rail freight rates east of Chicago. On classes 1 and 2 the reduction is three per cent.; classes 3 and 4, two per cent.; classes 5 and 6, one per cent. These reductions are also to apply to all 70 cent rates between New York and Chicago and will take affect Armil Otto. 70 cent rates between New York and Chicago, and will take effect April 24th.

Washington, April 17.—The President to-day made the following appointments: Robt. R. Porter, of New York, to be superintendent of census; J. W. Cunningham, to be assayer of the U. S. mint at Boise City, Idaho; Wm. H. H. Calkins, to be associate justice of the supreme court of Washington Territory.

CHICAGO, April 17.—In the United States Court this afternoon, in the case the Pullman Co. against the Wagner ar Co., to restrain the latter from

Car Co., to restrain the latter from using vestibule trains, a temporary in-junction recently obtained by the Pull-man Co. was made permanent. A Notable Visit. Washington, April 17.—Among the President's callers to-day were the noted Chief "Red Cloud," who came with three of his western friends. Red Cloud has made it a practice to call on each new President and secure an expression of opinion from him concerning Indian affairs. His talk this morning with President Harrison was of short duration.

LONDON, April 17.—Professor Harrison, of Baliol College, who was arrested at Donegal for supplying with food and otherwise assisting the besieged tenants in Gweedore, was arraigned before a magistrate in Londonderry to-day, and committed to jail pending his trial at the sessions on Tuesday next.

Paraell's Suit for Libel.
