John T. Gilligan, a young man well known in Victoria, died rather suddenly on Sunday morning. He was recovering from an attack of typhoid fever, and was in hopes of being able to go to work on Monday, when a relapse set in, and he sank rapidly, death resulting in a few hours. Deceased, who was a native of Victoria, was 25 years of age, and for many years was in the employ of Mr. Geo. H. Maynard. He had many friends in Victoria who will regret his sudden death. The funeral takes place this morning.

week.

Ammunition, Gena, and Naval Stores.
The barque Lebu, 725 tons register, Capt Worrall, arrived at Equimal, on Saturday from London, England, with general cargo including ammunition, guns and naval stores. She left Gravesend on the 21st April, and experienced splendid weather—"too fine, as the captain puts it, "as at times we had not a breath of wind." They sighted and by Captain of the Captain puts it, "as at times we had not a breath of wind." They sighted and by Captain of the Captain for the master of the Lebu from her captain to the master of the Lebu from her captain the master of the Lebu from her ca

Coal Island, but full details are not as yet to hand. The Badger is a small craft and was easily floated with the rising tide.

During the past week some good quoiting has been exhibited at Fairbrothers' grounds, Spring Ridge, notably a match, Seward and Cox against Ritter and Harrison, two out of three, 18 yards, 15 points. Seward's masterly play turned the tables, and he and his partner came out winners in good form Harrison made the game very interesting. He pitches well, and with some little practice would certainly shine. Walter Nathan pitched against George Bellew, 21 points, 21 yards, 3½ lb. quoits, and carried the victory by many points. Walter is a great favorite on the grounds, and it was big satisfaction to his friends to see him win as he plays so earnestly and well.

## OUR CITY FATHERS

A communication was read from the Sanitary Commissioner complaining that the B. C. Terre Cotta Co. were not supplying sewer pipe in accordance with the terms of their contract. The work had been seriously delayed owing to the fact that the pipe was not supplied in the quantities called for.

ALD. MUNN hoped the contractors would be bound by their contract. He moved that the communication be referred to the sewerage committee, with power to act.

ALD. REMOUT did not think the pipes were the cause of the delay.

The MAYOR—Mr. McHean would have twice the number of mem'at work if he had the pipe.

Ald. Holland concurred.

Ald. Smith's motion passed.

The Louise will make only a short trip to committee, recommended that the staff of the Water-works and Street committee be reduced, on the ground that the expenses of running these departments were more than could be afforded. The former committee was some \$30,000 hehind, and the latter \$40,00. The men were due ten days' wages, end last week, in order to pay the men, the money had to be borrowed from the bank. If the members of those committees did not reduce the expenses, they might find themselves in a disagreeable financial position. The rates would not be in for the next couple of months, and what was to be done to meet expenses?

The Mayor—Oh, we can raise the money.

ALD. SMITH—I have only been asked to a mittee during the whole year, and now that had. Renouf finds himself in a corner, he somes here and tries to throw all the blame upon us.

The further discussion of this important subject was abruptly brought to a close.

The Council adjourned at 11:30.

Timely Wisdom.

CREAT and they wisdom is shown by keeping Dr. Fowler's Extract of Wild Strawberry on hand. It has no equal for obdications and all summer complaints or looseness of the bowets.

The stadacons Siver-Copper Mining company is having a road surveyed between the Grizzly Bear and the first switchback on the Nelson and Toad mountain road. The distance will be about three miles and mines, although ore extraction for immediate shipment is confined to the Number of the Nu

las 4 to 5 feet of galena ore, which he located, las 4 to 5 feet of galena ore, which assays 1050z. silver.

The amount of money spent on the Lardeaux trail and the Cedar Creek trail,—\$4,000 to \$5,000—might, it is thought, have been more advantageously used in cutting trails, where discoveries of some importance had been made, instead of where nothing to speak of has been found. The Cedar Creek trail is, besides being comparatively useless, very badly done, a large amount of work being requisite to make it passable, in anything like bad weather.

The trail for the Caslo Creek district is being cut from Schroeder Creek, the approach from that direction being much easier than elsewhere.

I om in a position to inform you that another share (how large I do not, as yet, know) in the Silver King has been sold to Charles Grant, who was lately in town on the look out for a good thing.

# ELECTRIC BELT & APPLIANCE CO

Incorporated June 17, 1887, with Cash Capital of \$50,000

71 King Street West, Toronto, Ont. C PATTERSON, Manager for Canada.

Electricity as Applied by the Owen Electric Belt and Appliances Is now recognized as the greatest boon offered to suffering humanity. It has, does and will effect cures in seemingly hopeless cases where every other known means has failed. Rheumatism cannot exist where it is properly app ied. By its steady, soothing current, that is easily felt, it will cure Rheumatism.

Liver Complaint

Liver Complaints
Liver Complaints
Female Complaints
Impotency
Constipation
Kidney Disease
Varicocele
Sexual Complaints
Epilepsy or Fits
Lame Back. RHEUMATISM.

It is not pleasant to be compelled to refer to the indisputable fact that medical science has utverly failed to afford relief in rheumatic cases. We venture the assertion that although electricity has only been in use as a remedial agent for a few years, it has cured mere cases of Rheumatism than all other means combined. Some of our leading physicians recognizing this fact, are availing themselves of this most potent of Nature's forces. T RESTORE MANHOOD AND WOMANHOOD.

As man has not yet discovered all of Nature's laws for righs living, it follows that every one has committed more or leserors which have left visible blemshes. To erase these vidences of past errors, there is nothing to equal Electricity applied by the Owen Electric Body Battery. Rest assured, any doctor who would try to accomplish this by any kind of drugs is practising a most dangerous form of charlatanism. drugs is practising a most dangerous form of charlatanism. WE CHALLENGE: THE: WORLD to show an Electric Belt where the current is under the control of the patient as completely as this. We can use the same belt on an infant that we would on a giant by simply reducing the number of cells. Other belts have been in the market for five or ten years longer, but to day there are more Owen Belts manufactured and sold than any other makers combined, FLECTERO INSOLES. Dr. Owen's Electric Insoles will prevent Rheumatism and cure Chilbiains and Cramps in the feet and legs. PRICE, \$1.00 SENT BY MAIL.

EXTRACTS FROM CANADIAN TESTIMONIALS. "For eight years I have suffered with rheumatism, and am now out of pain and growing better daily and in my "5th year. Can confidently recommend the Owen Belt when every thing else fails." A Menzies, Niagara Falls.

"Having some knowledge of electricity and of the control of

"Having some knowledge of electricity and its power, and having used other belts prior by my use of yours, I can say that it is the best I have ever worn." Jas. Blair, Port Dalhousie. Jas Blair, Port Dalhousie, leadaches and neuralgia. After trying one of your belts am more than satisfied with it. Can good already." J. Sergerim.

BEWARE OF IMITATIONS AND CHEAP BELTS. "Am much pleased with belt it has done me a great deal of good already." J. Sergerim, Galt, Ont.

Our attention having been attracted to base imitations of "The Owen Electric Belt," we desire to warn the public azainst purchasing these worthless productions put upon the market by unprincipled men who, calling themselves electricians, prey upon the unsuspecting by offering worthless imitations of the Genuine Owen Electric Belt that has stood the test of years and ng worthless finitations of the Genuine Owen Electric Belt that has stood the test of years and has a continental reputation.

Our Trade Mark is the portrait of Dr. A. Owen, embossed in gold upon every Belt and Appliance ance manufactured by the Owen Electric Belt and Appliance Co. None genuine without it. The cheap so-called Electric Belts advertised by some concerns are perfectly worthless as a curative power and dear at any price. A genuine Electric Belt cannot be manufactured and sold at cheap prices. Send six cents for Illustrated catalogue of information, testimonials, &c. The Owen Electric Belt Co., 71 King St. West

## CONSUMPTION SURELY

TO THE EDITOR:

Please inform your readers that I have a positive remedy for the above named disease. By its timely use themsands of hopeless cases have over permanently cured. I shall be glad to send two bottles of my remedy FREE to any of your readers who have consumption if they will send me their Express and Post Office Address. Respectfully. 7. A.
