WOULD CAUSE A RIOT.
To speak the truth, the whole truth and nothing but the truth may be all right and essential in a court of law, but it would create havoc and disaster for a newspaper. Events are transpiring every week in our town, and elsewhere, we suppose, that we dare not for the sake of domestic peace even mention, much less obey the law's mandate.

THICK, GLOSSY HAIR FREE FROM DANDRUFF.
Girls! Try it! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scour robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a small bottle of Danderine from any drug store and just try it.

Mr. John Hall was in Campbellton recently to work in reference to the Health Survey of the province. His work is now practically complete and his report will go to the local government in December.

THE millions of fighting men in Europe now require most of the wool which ordinarily went into your clothes, and their garments are burned every few weeks for sanitary reasons. This has caused an alarming shortage of wool in the world. England has placed an embargo on all wool, besides buying millions of dollars worth from America. Australian wool is now almost impossible to get.
