THE SCHOOL BOARD IN A MUDDLE. Arthurs Dismissal Contrary to Her

ontract—Trouble Also Concerning
Assistance For the Inspector, Trustees Thompson, Lee, Baird, McPher son, Hambly and Chairman Kent were pre sent at the meeting of the Finance Cor mittee of the School Board yesterday afteroon. Some of the motions passed at the last regular meeting of the board had placed the committee in a curious position. The salary of Mrs. Arthurs had been cut off, but the bylaws state that all principals must receive four months' notice of dismissal. The committee were compelled to retain the lady in their employ for that time at least, and the board had made no provision for her payment. The board will be recommended to rescind their motion of last meeting and place a sum in the estimates sufficient for the year's

Trouble arose, too, in regard to the inspector's office assistance. The lady assistant had been withdrawn and Mr. Brown was to do all the work required at a salary of \$1000. Now it transpires that because of bodily infirmity he cannot do what was expected of him. The problem was left to the wisdom of the Management Committee.

In future no occasional kindergarten teachers will be employed.

Memorial to a Victoria Cross Hero. On Wednesday, March 14, the 36th an niversary of the storming of the great Emambarra at the historic siege of Lucknow, India, Captain Percy Beale proceeded to St. Michael's Cemetery to find the grave of Denis Dempsey, an old grenadier of the Lincolnshire Regiment (the fighting 10th), who died in Toronto in 1886. This here received the Victoria Cross at the recommendation of Lieut. Percy Beale, who commanded the grenadier company, the ensign of the company being George Stanley Byng, afterwards Viscount Torrington. The act of valor for which Dempsey received the cross was carrying powder bags through sparks from burning houses and heavy artillery and musketry fire to blow in a corner of the Emambarra wall, which was done, and Lieut. Beale and his grenadiers stormed the breach amid cheers from the 10th. Lieut. (now captain) Percy Beale was mentioned by Lord Clyde as "highly distinguished" in his despatches to England. His commanding officer, Colonel Fenwick, C.B., recommended him for the prosse. He was promoted to an adjutancy, now, India, Captain Percy Beale pro-England. His commanding officer, Colonel Fenwick, C.B., recommended him for the cross. He was promoted to an adjutancy, vice Sir Henry Havelock, son of the famous general, and soon afterwards made captain without purchase. The fire on the storming party was terrific. Colonel Bernard Beale, a younger brother of Captain Beale, will collect funds in England to place a memorial over this gallant and faithful hero of the British Empire. of the British Empire.

Editor World: Some ten years ago the question of taxation of churches and presbyteries was in its infancy, and those who and the temerity of ushering the youngster into the world were almost annihilated by threats of brimstone, fire and maledictions threats of brimstone, fire and maledictions showered on their devoted heads. In a word they were mesmerized and have been in a trance ever since. Having been refreshed by the long sleep, they are now girding on their armor and proclaim in vigorous language that the masses shall be no longer the footstool of the classes. Now, as far as I can see, this is not a sectarian question; on the contrary, it is purely tarian question; on the contrary, it is purely temporal and no bad blood should be entemporal and no bad blood should be engendered by the agitation. It would be a wise, if not a prudent line of conduct on the part of reverend gentlemen if they would recognize the inevitable and gracefully acknowledge their liability to pay taxes like other citizens. True, St. Paul says: "Those that preach the gospel let them live by the gospel," but surely no one in his senses would interpret this mandate, "Preachers hang on to pret this mandate, "Preachers hang on to fat salaries and pay no taxes." It is uni-versally admitted that sentiment is fast ried out their behests with a high hand. Pastors of to-day have to deal with intelli-Pastors of to-day have to dear with intelligent flocks and they must be treated intelligently. They can be led, not driven. No doubt it is hard to entertain an opinion, even on temporal matters, in which your spiritual advisers do not coincide, but the clergy and laity must perforce pay attention to the circumstances by which they are surrounded.

ence to the dangers of poisoning from eating cauned tomatoes, you point out the fact that many of these alleged poisonings are due to carelessness or ignorance in leaving brase are due to carelessness or ignorance in leav-ing brass spoons in the opened tomato can. Cases of this kind have come under my own notice and in at least one case a whole family had a narrow escape. But there can family had a narrow escape. But there can be no doubt there is great danger in using canned fruit or vegetables of any kind that contain acid if the goods become old and stale. I think a good plan would be to compel all canneries to put the date of canning on each can. Consumers would then know the age of the goods they were purchasing and in this way accidents would be avoided.

"Carlisle is reported as secretly negotiating with a Lombard-street syndicate for the sale of \$50,000,000 more bonds.

"The nation demands a sufficient currency for the transaction of its business without the issue of bonds and the people will stop this bond business with ballots or bullets.

"Let our readers make their choice and ake it soon.
"If Secretary Carlisle dares to another issue of \$50,000,000 of gold bonds not a hundred thousand, but a million men should go to Washington, not with a paper petition, but with steel Winchesters."

Now Patti, the greatest lyric artist of the age, declares by her purchase that another style of instrument of our manufacture is worthy of accompanying her matchless voice.
