## STOMACH TROUBLE? INDIGESTION?

Here's Good News for You

Lindsay, Ont.—  
"Dr. Pierce's Golden Medical Discovery is the best medicine I have ever taken for stomach trouble. For many years I suffered with gastric stomach trouble and nervous indigestion. Would be so bad at times that it was necessary for me to be in bed two or three days at a time. I have doctored and taken many different medicines with little relief. Just recently I began taking Golden Medical Discovery and it has given me more relief than all the other medicines I have ever taken. My stomach does not bother me and I have not had any indigestion since taking this medicine. I can highly recommend the 'Discovery' to others who suffer with stomach trouble."—Mrs. Geo. Wellington, 6 John St.

## GET READY FOR GOOD TIMES

Get ready for the good times coming in 1922 and boost wherever it is possible. Don't wear crepe in your hat but with extra energy and optimism step into the ranks of the "Believers" and set out to win. Many folk are governed by what they see and hear without going into the study of situations, hence it is a dangerous role to play the part of a discourager. Under wise management Canada will strike her stride and you should be in the vanguard. Let us have a hurrah party and cut out the dead march music. We'll be in the funeral procession soon enough without climbing into our casket before we are dead. Speak a commendatory word for the manufacturers and business men generally; talk up our Dominion; plan for a big harvest; lend a hand to Forward movements in your neighborhood and get off the fence. There are deadheads enough in the social and industrial hives without you joining, in short B a busy B.

## GOOD ROADS REVENUE

It is announced that the revenue of the Province derived the licensing of motor cars and trucks will total almost three million dollars for the year 1921. Every dollar of that revenue that is spent on road building or the payment of interest on bonds issued for road building is spent outside the boundaries of the cities and towns of Ontario on Provincial roads although the dwellers in cities and towns contribute almost two-thirds of the revenue.

In Toronto and its vicinity, where a fifth of the people of Ontario live and over a fifth of the license revenue is obtained, practically no return has been made for this great contribution. The city not only maintains its roads at its own cost, but helps to maintain the leading roads throughout York county, and materially assisted in building the Hamilton Highway, which stretches across Peel, Halton, and a part of Wentworth counties.

Not only does the Province refuse to do anything towards road building in the urban centres, but the Dominion Government grant for good roads, which comes out of the pockets of all citizens, whether they live in town or country, is also spent entirely on country roads. It is important that these facts shall be spread among the people of Ontario. There is an impression abroad that costly roads are being built throughout the Province chiefly for the benefit of city motorists at the general expense. That is far from the truth. The country roads of Ontario are being built largely at the cost of motorists, including those who live in cities and towns. The cities and towns build their own roads at their own cost.—Globe.

## HOW ABOUT THAT AUCTION SALE?

Going to have a farm auction sale soon?  
Well you want it to be a good one, don't you?  
You surely do!  
Now, listen! About this Auction Sale Business.  
Did you ever stop to think how much conditions have changed the last few years. People—you and your neighbors—travel in autos nowadays and they go down the concessions so fast that they don't always see an auction sale bill tacked on the corner fence post.  
Oh well they might see it but they don't stop to read it—they are going somewhere and they haven't time to stop. Isn't that true? Sure it is. You pass 'em yourself.  
But you are going to have a sale. You want a big crowd, for the larger the crowd the better the bidding, and the better the bidding the better the price.  
Now having a sale is your business. Getting a crowd is our business. Our interests are mutual and right here we want to say that an advertisement of your sale in The Guide-Advocate will be seen by many hundreds of people. If you have the goods that will draw the crowd.

An extra bid on the brindle cow or the roan mare will cover the few dollars to cost.  
To be sure get out bills because many look for them alone. The majority of farmers nowadays are having both the bills, and the list in the paper. But remember this, that the ESSENTIAL thing nowadays is the sale list in the paper.

So come in and see us. We will

## WHOLESOME FOOD MEANS A HEALTHY PEOPLE

There is much in the report of the Veterinary Director General for the year 1920-21 that must be very gratifying to Canadian readers. From it we learn that Canadian Live Stock continues to maintain its enviable reputation as among the healthiest in the world, that none of the great plagues, such as rinderpest, foot-and-mouth disease and contagious pleuropneumonia, has been allowed to enter the country; that hog cholera and glanders have been so effectively dealt with that losses have become comparatively trifling, and that mange has been practically eradicated from the great range country of Alberta. The last mentioned was a particularly heavy task, as can easily be understood when it is stated that 2,082 townships, approximately 74,952 miles, a territory as large as Scotland, had to be covered. Cattle could stray for hundreds of miles. Restrictions and dipping regulations had to be imposed and happily were readily complied with by cattlemen, with one lone exception, when the police had to be called upon. Dipping vats were built so that no cattle would have to be driven more than twelve miles to be treated, and very contingency was provided for. Commencing June 24 197,721 head were dipped for the first time, and on July 2 and following days, 197,914 were dipped for the second time. The accredited herd system adopted in the previous year, having for its object the elimination of tuberculosis, made excellent progress.

The report shows similar energy and achievement by the two other divisions of the branch, The Pathological division, which has charge of the Biological laboratory at Ottawa, supplies all the tuberculin and mallein required for inoculation, makes examinations of specimens submitted for diagnosis, conducts research work and manages branch laboratories, including one at Charlottetown, P.E.I., for study of fox diseases. The Meat and Canned Foods division, has been termed "the silent guardian of the public health." Besides inspecting and certifying to the quality and

wholesomeness of all manufactured food products within the scope of the Meat and Canned Foods Act, this division supervises all imports of like foods, including fruits, vegetables, milk and their products. Canada, it is worth mentioning, is today the only country in the world that has a law setting out standards for food products to which countries in trade with her must conform.

## DO YOU FEEL WEAK AND RUN DOWN ? In This Condition a Tonic Medicine Is Needed.

The condition of being "run down" is one that doctors do not recognize as a disease. But those who are run down in health know that it is not a fancied affliction.  
The expression "run down" applied to health means a condition in which the bodily functions are enfeebled. Appetite fails, the digestion is impaired, the nerves are impoverished, the complexion becomes pale or waxy, there is no animation, but rather worry and mental depression. Fatigue is a constant symptom. No particular organ being affected, you must look for relief to the blood. As it circulates through every part of the body, any improvement in the condition of the blood is quickly felt throughout the entire system. In cases of this kind a tonic medicine is what is needed and Dr. Williams' Pink Pills are recognized as a valuable tonic because of their direct action on the blood, and through the blood on the nerves, giving tone to the system generally and restoring vigor. Where the system is run down the value of this medicine is shown by the statement of Mrs. Gregory J. Murphy, Lower Ship Harbor East, N.S., who says: "About a year ago I was completely run down. I was so nervous and weak that I could scarcely do my housework, and the least exertion left me breathless and tired out. A neighbor advised Dr. Williams' Pink Pills, and so much good did they do me I felt quite like a different woman. I hope some other suffering woman may benefit by my experience."

Dr. Williams' Pink Pills can be had through any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
