

The Mind Telegraph

By JONES BARTON STAY

Translated from the 6th. German edition by Ivry

45 pp. Paper, 25 cents, post-paid

This is the autobiography of a man who, by the exercise of his will power developed the same to so extraordinary a degree that he could exert his will upon all Nature, especially men and animals, and could make them his subjects. It is an intensely interesting account of his success in influencing others to do what he wanted them to do. It will repay the perusal of every one who feels within himself that spark of Divinity—Will Power.
