to rid himself of the shackles and chains that bound him, but for long months his endeavors were futile.

While on the great highway of disease and suffering Mr. John A. Church, of Coldbrook, N.S., heard the glad news of victories won over disease by Paine's Celery Compound; his heart bounded with joy and fresh hope, and he lost no time in testing the virtues of nature's great healer.

The first bottle produced a mighty change, and warranted Mr. Church in continuing with the medicine. After using nine bottles of the great Compound, a thorough cure was effected, and a new lease of life was obtained.

Before hearing of Paine's Celery Compound Mr. Church was literally robbed of his money as he bought medicines of all kinds that proved useless and worthless. His experience is of great value to every sick and suffering man and woman in Canada. He writes thus:—

"It is with pleasure that I give testimony in favor of your Paine's Celery Compound. In the spring of 1892, I had an attack of La Grippe which put me into such a condition that I could not sleep or eat. I was completely run-down, had extreme nervous prostration, and lay for days in a half stupefied state.

"After spending all my money for medicine which did little good, I gave up to die, when one day a paper on Paine's Celery Compound was brought to me. I at once procured the medicine, and derived great relief from the first bottle. I slept better, ate better, and digestion improved. After using nine bottles I feel like a new man. I can truly say that Paine's Celery Compound snatched me from the grave, and gave me a new lease of life.

"I earnestly urge all sufferers to use Paine's Celery Compound, feeling sure it will cure them. Do not spend your money for medicines that cannot cure you."

CHURCH OPENING.

The new Knox Church, of Mitchell, was opened for public worship recently, the Rev. Dr. Battisby, of Chatham, conducting the services morning and evening, and Rev. Dr. Williams, of the Methodist church, in the afternoon. The church was crowded at all the services and hundreds were unable to gain admission. The building is one of the finest in the country, having at the front two large and imposing towers, the highest of which is 86 feet, connected by two large arches, which give the front an imposing appearance. The auditorium and school room are on the same level and separated from each other by a transept 18 feet wide, which affords two side entrances to the main building and access also to the schoolroom. In this transept are placed the organ and choir gallery. The auditorium affords ample room for galleries if required. The seats are circular, beautifully finished and comfortable. The lighting is almost perfection, the colored glass admitting plenty of light by day, while at night a flood of light is poured from a large central electric. The schoolroom, which was opened one week later than the church by Rev. Dr. Jackson, of Galt, is a novelty hereabouts. It is semi-circular, and is divided into class-rooms, both up and down stairs. These divisions are made on radiating lines, so that every nook and corner are visible from the desk. There is accommodation for 19 classes, exclusive of the infant and Bible classes. Taken altogether, the building is one on which the congregation may justly be congratulated. It is placed upon a beautiful site on one of the leading streets of the town, and, with the manse, which stands at the rear of the schoolroom, forms a very fine property. The congregation was formed in 1856, has had three

pastors, the late Rev. James Findlay, the Rev. J. W. Mitchell, now of Thorold, and the present one Rev. A. F. Tully. While the congregation has contributed liberally for its erection, it is only just to state that the bequests of the late Messrs Thos. Matheson, V. Sinclair, H. Drummond and Thos. Gourlay, jr., together with the efforts of the Ladies' Aid Society, made it possible for the structure to be completed as it now stands.

A POSTMASTER'S STORY.

A STRANGE ATTACK AND THE DIRE RESULTS THAT FOLLOWED.

Mr. Robert Sharpe, of Starkville, Tells of His Sufferings—Lost the Use of Both Hands and Feet and was Forced to Give Up Business—The Timely Action of a Friend Pointed the Way to Renewed Activity.

From the Bowmanville News.

Mr. Robert Sharpe is a well known resident of Starkville, Durham county, who has been living in Canada for about thirteen years. He is by trade a blacksmith, and on coming to this country located in the township of Haldimand, in the county of Northumberland. After working there for a time he purchased a residence and shop at Starkville, where he worked at his trade and established a nice business. Being both courteous and obliging he was well liked and was appointed postmaster for the place. He was in the best of health and with the exception of a slight asthma trouble had no complaint of any kind. In the month of March, 1892, he attended an auction sale in the neighborhood and came home in the evening apparently all right, but during the night was taken with a chill, accompanied with a violent pain which gradually grew worse and before morning he went into convulsions and became unconscious. A doctor was summoned who bled him freely, which seemed to relieve him for a time, and next day he seemed better, and the doctor told him he would be all right in a few days. This, however, was not verified, and although he could go around he was fast failing in health and at times would be in an agony of pain. One doctor said he had sciatica, and another told him that his trouble was rheumatism of the spine and that he would never be better. He tried many medicines but all failed to do him any good. At this time he was so weak that he could only hobble around with the assistance of two sticks, and had to give up work. The pain continued day and night and finally he lost the use of both hands and feet, and often longed for death to relieve him of his suffering. About this time Mrs. Sharpe wrote a letter for him to a friend for whom he had worked when he first came out to the country, and this friend sent him a couple of boxes of Dr. Williams' Pink Pills, urging him to give them a fair trial. Before the second box was done he felt somewhat better and purchased another supply. To hasten the story, Mr. Sharpe continued the use of the Pink Pills until he had taken four teen boxes, by which time he had completely recovered and is now as well as ever he was, and has lost all the asthma trouble as well. He is now able to do a hard day's work, and is loud in his praises of Dr. Williams' wonderful Pink Pills. As the reporter was leaving a Mr. Stark, an intelligent farmer who lives close by, called, and verified all that Mr. Sharpe had said, and referred the reporter to others in the neighborhood who knew the circumstances as well. One who had never seen Mr. Sharpe before would not think, looking at him to-day, that he had come through the ordeal he has, as he seems the very picture of health, and both he and Mrs. Sharpe attribute the whole cure to Pink pills.

Peculiar

Peculiar in combination, proportion, and preparation of ingredients, Hood's Sarsaparilla possesses the curative value of the best known remedies of the vegetable kingdom. Peculiar in its strength and economy, Hood's Sarsaparilla is the only medicine of which can truly be said, "One Hundred Does One Dollar." Peculiar in its medicinal merits, Hood's Sarsaparilla accomplishes cures hitherto unknown. **Sarsaparilla** itself the title of "The greatest blood purifier ever discovered." Peculiar in its "good name at home,"—there is more of Hood's Sarsaparilla sold in Lowell than of all other blood purifiers. Peculiar in its phenomenal record of sales abroad no other **Peculiar** preparation ever attained so rapidly nor held so steadfastly the confidence of all classes of people. Peculiar in the brain-work which it represents, Hood's Sarsaparilla combines all the knowledge which modern research **To Itself** developed, with many years practical experience in preparing medicines. Dr. Williams' Pink Pills strike at the root of the disease, driving it from the system and restoring the patient to health and strength. In cases of paralysis, spinal troubles, locomotor ataxia, sciatica, rheumatism, erysipelas, scrofulous troubles, etc., these are superior to all other treatment. They are also a specific for the troubles which make the lives of so many women a burden, and speedily restore the rich glow of health to sallow cheeks. Men broken down by overwork, worry or excess, will find in Pink Pills a certain cure.

Sold by all dealers or sent by mail, post paid, at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams Medicine Company, Brockville, Ont., or Schenectady, N.Y. Beware of imitations and substitutes alleged to be "just a good."
