After a couple of disappointments in securing a pastor, the congregation of Knox Church, Guelph, are greatly pleased that Rev. W. A. J. Martin, of St. Paul's Church, Toronto, has accepted the call extended to him to become their minister, and he will take charge about September 15th. The call was very unanimous, being signed by 366 members and 107 adherents, and promising a stipend of \$1,600 per annum and one month's holidays. St. Paul's vigorously opposed the transfer, and sought to retain Mr. Martin as their pastor. After both sides had been heard, the call was placed in the hands of Mr. Martin and was accepted by him. His connection with St. Paul's Church will cease on September 13th, and on the 20th of September Rev. Dr. Gregg will declare the pulpit vacant. Rev. Principal Caven was appointed Moderator of St. Paul's congregation. Many expressions of regret were voiced by Principal Caven, Professor Gregg, and others, at the loss occasioned by Mr. Martin's withdrawal from the work of the Church in that city, and a very high tribute was paid to the services which he has rendered to the Church and to Knox College.

Quite a revival has taken place at Poltimore, a mission station of the Ottawa Presbytery, twenty-five miles north of Buckingham, among the mountains. Mr. Thurlow Fraser, a student of Queen's College, has been in charge of that field since spring. On the 16th of August, the Rev. C. A. Doudiet, of Buckingham, and the kirk-session of Poltimore, had the pleasure to receive the professions of faith of forty-five persons, and to admit them to the membership of the Church. Rev. Mr. Doudiet then conducted a baptismal service, during which four adults and three babies received the sealing ordinance of Christianity. Divine service, followed by the sacrament of the Lord's Supper, occupied the time between 3 and 5 p.m. The church was crowded. One hundred and thirty communicants sat at the Lord's Table. The scene was solemn and impressive in the highest degree. The young people, in the joy of their hearts, had beautifully decorated pulpit and platform with pure water lilies and other flowers. A few days before, the congregation had bought and paid for a good cabinet organ. Enough money is now on hand to procure a regular communion service, the need of which was apparent as the elders carried the elements around on ordinary plates and glasses. Mr. Thurlow Fraser deserves great praise for his activity in the Poltimore field. With the help of his bicycle, he has proved an indefatigable visitor, and we hope that the success which has attended his efforts in Poltimore, will be his when his college days being done, he enters the active work of the ministry.
