A DREADFULLY DISEASED ANGLE CURED AFTER
BEING GIVEN UP BY THE FACULTY, AT MALIA
AND PORTSMOUTH HOSPITALS.

The following important communication has been forwarded to Protessor Holloway for publication by Mr. B.
Dixon, Chemist, King-st, Norwich.
Copy of a Letter from Captain Swith, of Great Yurmouth,
ideted January 19th, 1853.

To MB. Dixon,

To MR. Dixon.

Dear Sir.—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines'—Mr. John Walton. Iste in Hor Mejesty's Service, in the British Ficet at Mails, have very bad dicerated ancle, and after having been in the Mailta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate four months, there, as at Maita, refusing to have the ancle amputated he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three mouths, but his ancle became so much worse that all hope was lost. At this period, by my advice, he tried Hollowsy's Ontment and Pills, which by unremitted application, heated all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly, SURPRISING CURE OF A BAD BREAST, NERVOUS DEBILITY AND GENERAL, ILL HEALTH.

To Professor Holloway.

Dear Sit.—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bail breast, effected solely by the use of your celebrated Ointment and Pills. Mrs. Martia Bell, of Pitt street, in this Town, had been for a considerable time labouring under nervous debility, toss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had had much experience is the use of all the known remedies for the cure of ulcers, but without any beneficial result, in fact, she had nearly lost an faith and hope of a cure being effected. In this distressing and patiful condition of body and mind, she arse persuaded to have a recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing, her appetite was speedily improved, the sores and ulcers in the breast gradually licaled, and the nervous excitement of her system was wholly removed. I remain, Dear Sir, yours faithfully, [Signed]
