Neuralgia, Brown Sequard, Without Ignatia Amara.

Pepsin, Pure Concen., 1-2 gr.

Each pill equal to 5 grains Saccharated Pepsin.

Leptandrin, 1-4, 1-2 & 1 gr.

Made only of the best resin, and may be rolled upon.

Notes on some Important Pills. Sulphide of Calcium,

1-10, 1-4, 1-2 & 1 gr.

We are now making the above sizes of this important pill, which we introduced to the profession about two years ago. The pill appears to be much esteemed, and our sales have been very large in consequence. It is a remedy of great importance in scrofula, glandular enlargements and diseases of a kindred nature, such as boils, eruptions of the skin, etc. Lately we receive accounts of its being of great value in the cure of Diabetes.

Aloin, 1-10, 1-5 & 1 gr.

The active principle of Aloes. This article appears to be growing in favor; it may be given whenever aloes is indicated. It resembles the gum in effect, but is free from the tendency to gripe.

Bi-Sulphate Quinine,

1-4, 1-2, 1, 11-2, 2, 3, 4 & 5 grs.

Recommended for their ready solubility. It is an attested fact that Bi-Sulphate Quinine dissolves in one-seventieth part of as much water as the Sulphate requires, which renders it much the more desirable salt in important cases. We offer the pills at the same prices as the ordinary sulphate.
