## CARBON PAPER

English Make. Royal Colors  
Purple, Blue and Black. In boxes of 100 sheets. Standard size. Liberal discount to the trade.

This gauze will positively not off-set in handling. In taking off duplicates, the impression so closely resembles ribbon work that detection is difficult. For this reason **Manifold Gauze** has replaced, in many of the large Banks, Financial Institutions, and Law Firms, the Carbon Papers usually purchased. It has taken 6 months to convince some that **Manifold Gauze** is both different and better. Now doubters have become enthusiasts. If you make use of Carbon Copies, much or little, use **Manifold Gauze** for your own sake—not for ours.

## A COMPARISON

### TRASH

A cheap mantle gives a fair-light for a few nights, then grows dim and shrinks up to a "wasp-waist" like this:

This is caused by the cheap chemicals which the manufacturer used.

ARGUMENT.

We now offer a practical time piece for the Stationery Trade of Canada, and base our statement upon the following:

First—It is absolutely guaranteed to keep accurate time.

Second—It stands rough usage and does not get out of order easily, making it the only watch for dealers outside of the Jewellery trade to handle, and also making it a practical one for sportsmen, boys and all men who give a watch hard usage.

Third—Its low price and high quality insure a tremendous sale, which we further augment by furnishing many handsome advertising devices for your store.

Fourth—Last but not least, these watches offer a handsome profit. Price cutters are not supplied.

Sold by several leading Stationery Jobbers of Canada. We will tell you who they are upon request.

Trial Offer—To any Stationery Merchant who will write to us upon his business letter head and inclose 25c, we will send a sample watch (duty not paid) and our catalogue, so that he can test its accuracy and durability.
