DR. WISTAR'S BALSAM OF WILD CHERRY.

From the Fall River Monitor Mass. This medicine, prepared by a long experienced and skilful physician, tested and approved by a great number of intelligent, distinguished and respectable persons in various parts of the country, is now received, and used with entire confidence and with great success by those afflicted with pulmonary complaints. It is also recommended as a valuable medicine for other diseases, such as colds, coughs, and particularly diseases whose tendency is to consumption.

Important from Canada.

Quebec, July 24th, 1843. To all who are afflicted with Asthma. I have at different times been afflicted with severe colds, which produce in my case the Asthma. I have, on these occasions used DR. WISTAR'S BALSAM OF WILD CHERRY. Two years ago I was quite sick, so much so that I could not rest at nights. I procured of the agent of this city, a bottle of this Balsam of Wild Cherry. Before I had taken the whole of it I felt relieved. I continued taking it, until I had used three or four bottles, which completely cured me. The present season I took another severe cold, and immediately resorted to this Balsam, and a part of one bottle had the desired effect. I therefore cheerfully recommend my friends and all others who need it, to try this medicine for their coughs and colds, and particularly the Asthma.

Respectfully yours, Wm. McGrath. The genuine is signed I. BUTT'S. For Sale by LYMAN & BROTHERS Druggists, King Street Agents for Toronto.

E. V. WILSON, General Travelling Agent. Observatory, Toronto, Sept. 9, 1851.

At the request of Mr. Wilson I have examined his Lightning Conductor, and heard his explanation respecting it. His views appear to me to be reasonable and correct, and the Metallic Point a good form of the Instrument; the Platinum Point is an essential part of it, but I do not consider the Magnets to be so, or that they can have any possible effect, good or bad, as such: as additional points, the opinion of the best authorities is that such are of no use; one good point being all that is necessary, but they can do no harm.

I further state, at Mr. Wilson's request, that in my opinion any building so elevated as the St. Lawrence Hall, or the Lunatic Asylum, ought to be provided with several Points, and several Conductors, which latter should be placed in good metallic communication with the tin covering of the roof and any other considerable masses of metal about the building. The Conductors should be led off to the iron water pipes underground.

HEALTH WHERE 'TIS SOUGHT!

HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND STOMACH WHEN IN A MOST HOPELESS STATE.

Extract of a Letter from Mr. Matthew Harvey, of Chapel Hill, Airdrie, Scotland, dated the 15th January, 1850.

To Professor HOLLOWAY—

SIR,—Your valuable Pills have been the means, with God's blessing, of restoring me to a state of perfect health, and at a time when I thought I was on the brink of the grave. I had consulted several eminent Doctors, who after doing what they could for me stated that they considered my case as hopeless. I ought to say that I had been suffering from a Liver and Stomach complaint of long standing, which during the last two years got so much worse, that every one considered my condition as hopeless. I as a last resource got a Box of your Pills, which soon gave relief, and by persevering in their use for some weeks, together with rubbing night and morning your Ointment over my chest and stomach and right side, I have by their means alone got completely cured, and to the astonishment of myself and every body who know me.

[Signed] MATTHEW HARVEY.

These celebrated Pills are wonderfully efficacious in the following complaints.

Table with columns: Ague, Asthma, Bilious Complaints, Blotches on the Skin, Bowel Complaints, Colic, Constipation of the Bowels, Consumption, Debility, Dropsy, Dysentery, Erysipelas, Female Irregularities, Fevers of all kinds, Fits, Stone and Gravel, Secondary Symptoms, Tic-Doloureux, Tumours, Ulcers, Venereal Affections, Worms of all kinds, Weakness from whatever cause, &c., &c.
