HOT WATER HEATER

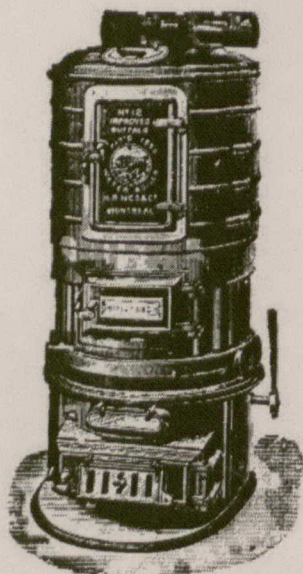

"Adopted by the Dominion Government."
 "In use at Rideau Hall, Ottawa."
 Custom House, Moncton, N. B.
 And in Banks, Churches, Convents and
 Hundreds of Dwellings.

THIS Boiler has now been in use four years, a period of trial sufficient to demon-
 strate all of its good points as well as its defects. We claim to have overcome
 any of the latter as they have developed; and added many useful improvements,
 so that at the present time we confidently recommend it as the best and most economical
 heater in the market.

One of the best points is the ease with which it is managed. It does not require
 an Engineer to run it. Any intelligent domestic can manage it. Please send for
 catalogue and testimonials confirming the above.

H. R. IVES & CO.

Queen Street, MONTREAL.

PATENTED.
