 - 5, Friday—Our Lady of the Snows.
 - 6, Saturday—The Transfiguration of Our Lord.

BRIEFLETS.
Father Hermas Lalonde, S. J., is ill with fever at St. Boniface Hospital.

The girls of St. Boniface Orphanage had a very enjoyable pic-nic yesterday.

Quebec and Ontario have had severe and widespread July frosts, a thing almost unknown in Manitoba.

Mrs. McHenry, of Broadway Bridge, who was very low with blood-poisoning, is, we are happy to learn, improving.

We are glad to hear that Mr. Heubach, manager of the Industrial Exhibition, has recovered from his recent illness.

We regret to learn that Mrs. (Doctor) Demers, née Richer, niece of Mr. Geo. Germain, is dangerously ill at St. Ann's.

The C. P. R. Pipestone branch is being rapidly extended. Thirty miles will be completed before the wheat crop is ready to move.

His Grace the Archbishop of St-Boniface writes from Liege, Belgium, that he will set sail for home about the middle of next month.

Tracklaying will probably commence in a few days on the extension of the Dauphin railway. About 30 miles are already graded.

Mr. F. W. Luxton's son, Harry, is a soldier in the force sent from San Francisco to Manila, and writes entertainingly to the Minneapolis Tribune of the journey as far as Honolulu.

The hay and clover crop in Quebec is almost unprecedented. The air about the city of Montreal, when, the clover was in bloom, was literally charged with the sweet perfume.

The indefatigable colonizer, Rev. Father Morin, passed through Winnipeg last Saturday with a party of French Canadians who will take up land in the Morinville colony, north of Edmonton.

Rev. Father Blain, S. J., who is well and favorably known as Professor of Classics and Mathematics and University examiner, returned to St. Boniface College last Wednesday evening. Last year he was teaching philosophy in the scholasticate of the

Immaculate Conception, Montreal.
Most of the Fathers and Brothers of St. Boniface College are now making their annual retreat under the direction of Rev. Father Blain, S. J. The retreat will end next Sunday morning.

The Very Rev. Father Allard, V. G., starts this evening for Edmonton, with he is accompanying his brother the Rev. Z. Allard, and Rev. Father Desmarais, both parish priests in the diocese of Valleyfield.

Mr. Achille Rousseau, who won the \$120 scholarship this year in the Mental and Moral Science course at the University examinations, left yesterday for Montreal, where he will study for the priesthood.

Quite a number of St. Boniface devotees of St. Ann went to the church of that name on a 28-mile drive last night, preferring for their pilgrimage the cool of the night to the blazing sunshine of the day.

For the first time recently a Rothschild crossed threshold of the Vatican and was received in private audience by the Pope. The Rothschild in question has become a Catholic. She did this at the time of her marriage to the Prince of Wagram.

This is the feast of St. Ann, mother of Our Blessed Lady, a feast celebrated with much fervor, by numerous confessions and communions both here and elsewhere throughout Manitoba, but especially at St Anne des Chènes, 28 miles southeast of here.

An official estimate of the population of the Australian colonies at the end of 1897 places it at 4,410,124. When the census of 1891 was taken the number was given at 3,809,895; thus the increase in six years amounted to 15.75 per cent. By far the largest portion of this increase was in Western Australia.

The Winnipeg Tribune announces a valuable discovery of "oxide." What oxide? The information is as indefinite as if we were told that "a mineral" had been discovered. Fortunately, the Nor' Wester is more explicit and less vague in its knowledge of mineralogy; it tells us that Mr. Hanna discovered, near Lake Winnipegosis "a rich deposit of red oxide," which, of course, means mercury oxide, a very valuable find indeed.

HOLLOWNESS OF STAGE LIFE.

In the life story of Mary Anderson (Mme. De Navarro) in the February number of Young Women, a well known English magazine, the American actress dilates to the writer on the "hollowness of stage life" and the "inexpressible relief and happiness of the calm and the peace of a simple, quiet life," such as she is now leading.

Mme De Navarro is quoted as adding: "Never again will there be a thought of stage life. Life is something greater and better than stage excitement and admiration; as, for instance, that boy up stairs. One of my constant delights is music and singing, especially oratorio, of which I hope to do a great deal. Stage life—no, never never again."

A city business man, who gets to work at nine in the morning, takes an hour for lunch and leaves for home at four or five in the afternoon, little understands the hardships of the life of the farmer, who starts to work at break of day and frequently works on into the night by lantern-light.

A man to endure the hardships of a farmer's life, must be robust physically at the outset, and if he would live a long life, always keep a watchful eye upon his health. He should remember that it is the apparently trifling disorders that eventually make the big diseases. It does not do for a hard working man to neglect bilious attacks or spells of indigestion. If he does, he will soon find himself flat on his back with malaria or crippled with rheumatism. Dr. Pierce's Golden Medical Discovery is the best of all medicines for hard working men and women. It makes the appetite keen and hearty, the digestion perfect, the liver active, the blood pure and rich with the life-giving elements of the food, and the nerves strong and steady. It builds firm muscles and solid flesh. It is the greatest of all blood-makers and purifiers. It cures malarial troubles and rheumatism. It is an unfailing cure for biliousness and indigestion. An honest dealer will not try to substitute some inferior preparation for the sake of a little additional profit.

"I was a sufferer for four years with malarial fever and chills," writes Robert Williams, of Kiowa, Barber Co., Kans. "Four bottles of Dr. Pierce's Golden Medical Discovery cured me and I now weigh 100 pounds instead of 130, my old weight."

Costiveness, constipation and torpidity of the liver are surely, speedily and permanently cured by Dr. Pierce's Pleasant Pellets. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. They stimulate and strengthen the jaded organs until a regular habit is formed and may then be discontinued without a return of the trouble. They stimulate, invigorate and regulate the stomach, liver and bowels. Medicine stores sell them, and have no other pills that are "just as good."

BUYING DRUGS

Is entirely a matter of confidence, as in no other business is sophistication easier; nor does any other avenue afford so ready a means of disposing of worthless articles. You can buy a pair of shoes for \$1 or \$10—it's entirely a matter of quality. There is as much difference in the quality of drugs as there is in shoes, except in purchasing one you can use your own judgment, in buying the other you are entirely dependent upon the honesty and judgment of the Druggist. In one case it is only a matter of comfort and appearance, and in the other frequently of LIFE or DEATH.

You can always rely with the utmost confidence on the DRUGS and Medicines which you get at

W. J. MITCHELL
DRUGGIST.

20 Miles to Procure Medicine.
Winfield, Ont.
W. H. COMSTOCK, Brockville.
DEAR SIR,—Am selling your "Dr. Morse's Indian Root Pills" in this locality. I have customers who come 20 miles for the sake of getting Morse's Pills. This speaks for itself as to their value. I use them in our family with "the most satisfactory results." My wife has been cured of "sick headache" by their use. We could not do without them.
Yours, etc.,
A. KRAMPIEN.
