Canadian Actions Under the GATT

Since January 1, 1989, the following GATT panels have been established at Canada's request to examine and rule on U.S. trade practices.

- **Countervailing Duty Determination on Fresh, Chilled and Frozen Pork:**
Established in August 1990, the panel found the United States had violated the GATT by assuming subsidies on the production of live swine were completely passed on to the exporters of processed pork. Duties paid by Canadian pork exporters were subsequently refunded.
- **Federal and State Measures Concerning Alcoholic and Malt Beverages:**
Established in May 1991, the panel found that two U.S. federal excise taxes on wine and beer and 60 measures in 39 states and Puerto Rico discriminated against Canadian wine and beer. The panel requested that the U.S. bring these measures into conformity with its GATT obligations.
