ARTICLE 9

Associated Enterprises

1. Where

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State – and taxes accordingly – profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits that would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those that would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of tax charged therein on those profits. Any such adjustment shall be made only in accordance with the mutual agreement procedure in Article 24.

3. A Contracting State shall not change the profits of an enterprise in the circumstances referred to in paragraph 1 after the expiry of the time limits provided in its national laws and, in any case, after six years from the end of the year in which the profits that would be subject to such change would, but for the conditions referred to in paragraph 1, have accrued to that enterprise.

4. The provisions of paragraphs 2 and 3 shall not apply in the case of fraud or wilful offence.
