## NAVIGATION

## CLEARANCE OF HAZARDS FROM FRASER RIVER—MOTION UNDER S.O. 43

**Miss Pauline Jewett (New Westminster-Coquitlam):** Madam Speaker, I rise on a matter of very urgent and pressing necessity, and I am sure my motion will have the unanimous support of the House. In light of the federal government's guarantee that a facility would be provided on the Fraser River for the removal of navigation and fishing hazards to replace the snag removal vessel the *Samson V*, in light of the government's total failure to provide such a service since the removal of the historic vessel from its duties last year, and in light of the hardships already faced by Fraser River fishermen due to federal fisheries department closures and fishing restrictions, I move, seconded by the hon. member for Mission-Port Moody (Mr. Rose):

That this House instructs the Minister of Public Works to find a replacement facility immediately to take up the task of clearing the Fraser River for navigation and fishing.

**Madam Speaker:** Is there unanimous consent for this motion?

**Some hon. Members:** Agreed.

**Some hon. Members:** No.

## NATIONAL ENERGY PROGRAM

## DEMONSTRATION OF SUPPORT FOR POLICY—MOTION UNDER S.O. 43

**Mr. Gilbert Parent (Welland):** Madam Speaker, I rise on a matter of urgent and pressing necessity. Whereas yesterday a prominent group of Canadians of all political persuasions, representing the Committee for the Canadianization of the Oil Industry, came to Ottawa to demonstrate support for the National Energy Program, I move, seconded by the hon. member for York South-Weston (Mrs. Appolloni):

That this House commends the activities of this group and invites other Canadians to demonstrate their support for this vital national policy.

**Madam Speaker:** Is there unanimous consent for this motion?

**Some hon. Members:** Agreed.

**Some hon. Members:** No.

## LEADER OF NEW DEMOCRATIC PARTY

## MOTION UNDER S.O. 43

**Mr. Otto Jelinek (Halton):** Madam Speaker, I rise under the provisions of Standing Order 43. Canada is today faced with the worst economic conditions since the depression, adversely affecting all Canadians, in particular those on fixed incomes, small businessmen, farmers, and home owners. Yet the Leader of the NDP has abrogated his responsibilities as the elected representative of his constituency of Oshawa in order to deal one-sidedly with internal politics in El Salvador.

In view of the fact that the self-proclaimed central American expert has at every opportunity taken up the time of this House with matters of little interest or concern to his constituents, I move, seconded by the hon. member for Esquimalt-Saanich (Mr. Munro):

That the Leader of the New Democratic Party be instructed to give up his seat in this House and seek a permanent position with Socialist International, a move that will be welcomed with open arms by his revolutionary friends in Cuba, and would allow his constituents in Oshawa the opportunity to elect someone who was interested in and able to represent their interests in Ottawa.

**Madam Speaker:** Is there unanimous consent for this motion?

**Some hon. Members:** Agreed.

**Some hon. Members:** No.

## HAZARDOUS SUBSTANCES

## UREA FORMALDEHYDE—RESPONSIBILITY OF GOVERNMENT—MOTION UNDER S.O. 43

**Mr. Girve Fretz (Erie):** Madam Speaker, I rise under the provisions of Standing Order 43. Given that the government's response to the urea formaldehyde foam insulation problem is nothing more than a \$5 million public relations job which does nothing to alleviate the distress of the 100,000 Canadians who are affected, I move, seconded by the hon. member for St. John's East (Mr. McGrath):

That the Government of Canada own up to its legal and moral responsibilities and help those thousands of Canadians who trusted the government's advice and insulated with UFFI, and who now find themselves faced with either a threat to their families' health, or financial hardship.

**Madam Speaker:** Is there unanimous consent for this motion?

**Some hon. Members:** Agreed.

**Some hon. Members:** No.
