Dr. G. R. Lomer,  
University Librarian

Dear Dr. Lomer,

1. The Principal would like to have a copy of the Shaw List of Books for college libraries if you are having it mimeographed.

2. With reference to the Principal's letter to Dr F.P. Keppel, he suggested that I ask you to call in at the office next time you are in this building and read it. He prefers to keep the copy in his private files.

Yours faithfully,

Secretary to the Principal
