

## Runway was Backed At Ottawa and Won

Three Long Shots Finish in the Money in Last Race—Attendance Large.

OTTAWA, Aug. 27.—Fine weather and a good track prevailed for the fourth day's racing of the O.C.F. The attendance was the largest of the meeting, and some of the best finishes of the meeting were seen. Favorites, second choices and outsiders split up the card. Runway scored a surprise victory in the last race. He was backed down from 5 to 1, and carried off the big end of the purse, with The Rump second. The latter, heavily played favorite, also ran. Irish Heart's defeat in the fourth staggered the talent. The Michael, the favorite, easily won the steeplechase, Sunday.

## Array of Displays Greater Than Ever

Unique Year in History of Exhibition About to Open.

**TROPHIES OF BATTLES**  
Utmost Interest Centres Around Relics From Scene of War.

There is probably a greater variety of exhibits at the Canadian National Exhibition this year than there has ever been before. There are probably more articles of the utmost interest to the Canadian people than it has ever been possible to collect before.

This condition is largely the result of the war. A hurried look at the countless trophies which have been obtained, through sending a personal representative to England, reveals the fact that there is room for study. Undoubtedly the most crowded section of the entire grounds will be that in which these trophies are exhibited.

There is everything to be seen from a private's prayer book to the mute evidence of his bayonet thrust. There is a fragment of shell which the firing line has whittled while the soldier fights the foe.

There are the trench tools, over yonder a panel upon which various trinkets have been fixed. In the far corner is a fragment of shell which was dropped at Dunkirk. It weighs ten pounds, and the missile as a whole weighed over a ton.

Here is the drum head upon which has been written all the places where the Highlanders have fought and in it are seven holes made by shrapnel.

The uniforms worn by the Belgian and German soldiers and officers are on view. They must be seen in order that one may understand what their time owners went thru.

All of this is not war. A trip to the transportation building discloses the fact that a new scheme of decoration has been inaugurated. Every inch of the building has been disinfected and scrubbed and here will be seen the latest devices in modern transportation.

The horticultural building has a model vegetable garden. Here, too, the scheme of decoration has been standardized and consequently it is uniform and altogether pleasing.

It has been said that during the past twelve months hand sewing has been revived and the are of fancy-work has been studied. Evidence that this is so is in abundance at the women's building. Hand-sewn articles predominate. The activities of deft fingers have resulted in the creation of marvelous things and they have been placed in the cases in a most artistic manner.

It is patriotic war. To impress this thought there have been arranged one of the greatest arrays of flags, bunting and other patriotic semblances ever attempted, and at night the colored lights will illuminate the grounds.

and buildings in a way never before attempted. The flags of the allies are everywhere.

For the grandstand entertainment a naval scene has been painted and erected resembling Culias. A naval engagement will be depicted.

The fireworks will be of the usual standard while for the afternoon performances vaudeville acts, together with a circus, will be presented calculated to make everyone laugh and marvel.

**Grounds Look Fine.**  
Realizing that the ground was encamped on the grounds for months it is difficult to figure just how it was possible to put the lawn, flower beds and interior of the buildings in such an attractive state. But it has been done and the grass bears no testimony to the fact that thousands of Canadians were trained for military duty there.

A splendid idea can be gained of the construction of naval armament and floating fortresses where, in the Government building, models have been placed. Beside the large Krupp gun which was captured on the German ship "Grasshopper." There is also a model of a British monitor as well as a submarine boat capable of carrying six torpedo tubes. A protected cruiser is there too.

A marine gun is shown keeping guard, as it were, over the great German monster which everyone will want to see. Yesterday the first detachment of the model military camp arrived on the grounds and by 3 o'clock the 70 men had all the tents up and everything in readiness for the balance of those who will undergo training during the weeks of exhibit. This gives the Exhibition a distinctly military appearance and with the daily program of torpedo explosions and gun practice from shore will reflect materially the sentiment of the year.

There are but a few of the outstanding features to enumerate. It would be impossible and they must be seen to be appreciated. The model farm, the horses, cattle, sheep, the wool exhibit, largest in the world, the mine displays, are containing precious metals, the sea and land exhibits will absorb the attention for

The splendid gifts of Queen Alexandra of woolen clothing for the soldiers and the Christmas postcards which accompanied each set, together with a sample gaiter coat, the gift of Lord Northcliffe to the men on the firing line will hold the attention of the visitor indefinitely.

And this is why the officials look for bigger patronage this year. No efforts have been made to make the exhibition more attractive than it is. Everything has been done that could be done, and it only remains for the citizens of Ontario and the Dominion to show their appreciation by backing the institution which today stands first in the world of permanent exhibitions.

**Opening Day.**  
On Monday morning the gates will be open to the public at 8 o'clock and anyone at 2.30 p.m. Lieut.-Gov. Sir John S. Hendrie, K.C.M.G., C.V.O., will perform the opening ceremony.

The splendid gifts of Queen Alexandra of woolen clothing for the soldiers and the Christmas postcards which accompanied each set, together with a sample gaiter coat, the gift of Lord Northcliffe to the men on the firing line will hold the attention of the visitor indefinitely.

And this is why the officials look for bigger patronage this year. No efforts have been made to make the exhibition more attractive than it is. Everything has been done that could be done, and it only remains for the citizens of Ontario and the Dominion to show their appreciation by backing the institution which today stands first in the world of permanent exhibitions.

**Opening Day.**  
On Monday morning the gates will be open to the public at 8 o'clock and anyone at 2.30 p.m. Lieut.-Gov. Sir John S. Hendrie, K.C.M.G., C.V.O., will perform the opening ceremony.
