FINLAND CLEARED OF RED PARTISANS

Germans Report Forces of Revolutionaries Surrendering—Firing in West.

Berlin, via London, May 5.—There was much artillery activity on the battlefield in France, but, according to the official report from general headquarters yesterday, the situation was without change. The statement says:

"The situation is unchanged on the battlefronts. The artillery activity was spirited on various sectors throughout the night. In the Kemmel region and on both sides of the Aves it increased this morning to greater intensity."

"A British partial attack southeast of Arras was repulsed. The artillery activity revived before Verdun."

"After unsuccessful reconnoitering thrusts by the enemy on the Lorraine front, the fighting activity during the forenoon was slight. At Parroy Wood and west of Blamont the firing revived during the afternoon, but died down again at nightfall."

"Yesterday we shot down twenty-five enemy airplanes and two captive balloons. Lieutenant Buckler achieved his thirty-third aerial victory and Lieut. Putter his twenty-second."

"Finland has been cleared of the enemy. German troops, in co-operation with Finnish battalions, attacked the enemy between Lakhti and Tevastus in an encircling movement, and in a five-days' battle, in spite of a bitter defiance and desperate at-

tempts to break thru, we have overwhelmingly defeated him. The Finnish forces met his retreat in a northerly direction. The enemy is closed in on every side, and after the heaviest losses, is laying down his arms. We took 4,000 prisoners. Thousands of vehicles and horses were captured."

CALL MEN OF NINETEEN.

Actual Call to Colors Not Expected to Be Made Before July.

Ottawa, May 5.—Men of 19 years of age are to be called upon to register for military service. A proclamation to this effect will be issued shortly and it is understood, will provide that the men must register before June 1. None of the men will, however, be actually called to the colors before July. The proclamation will apply to unmarried men and widowers without children born since October 13, 1917.

The purpose of stipulating that the call shall apply to men born since October 13, 1917, is apparently to make it include all those who were nineteen years of age and not twenty when the first class was called out on October 13, 1917. The call will apply to those who have attained the age of 19 years and who were born on or before October 13, 1917, and are unmarried.

CALL ON WILSON TO SPARE IRISH

New York Celts Demand Rescission of Irish Conscription.

New York, May 5.—A demonstration under the auspices of the Irish Progressive League drew thousands to Madison Square Garden last night to hear the Irish question discussed by Celtic leaders, who desired they said to place before the American people the question of Ireland's right to work out its own destiny.

In anticipation of possible disorder, in view of the protests that had been made against permitting the meeting to be held, the police detail at the garden was increased, but the meeting was without incident, aside from the vociferous applause which greeted some of the more emphatic utterances of the speakers. Government men-graphers were present, it was understood, to make a record of the speeches.

The audience adopted a resolution condemning conscription in Ireland as a direct violation of the principle of national self-determination for which President Wilson says the American people have gone to war. Predicting that, in the present temper of the Irish people, conscription may threaten the very life of the Irish race, the resolution called upon the president and congress "to use their influence to have this action by the British Parliament reversed."
