An invitation is therefore given to all the church choirs of every denomination, to the several musical societies of the city and suburbs, to competent orchestral players (string) and to the musical public generally to unite in taking part therein.

A prompt response to this invitation will be necessary in order that practices may commence at once.

All wishing to take part will communicate by organized bodies or individually at once with the undersigned. F. H. Torrington, Musical Conductor, Toronto.

BLOODTHIRSTY AGUINALDO.

Issued an Order Directing Execution of All American Prisoners.

Manila, July 17.—The organ of the Filipino insurgents in Madrid, Filipinas Antes Uropa, and published in that city, has printed an order from Aguinaldo, dated Paleman, January, which directs the execution of all American prisoners. When questioned about this order to-day, Aguinaldo said to the correspondent of the Associated Press that he had always been considerate of prisoners, and denied the authorship of the order in question. He claimed that many orders had been issued by insurgent military officers in his (Aguinaldo's) name, and without his sanction.

The American military authorities have documentary evidence, dated November, 1898, to the effect that the insurgent leaders contemplated creating a Philippine monarchy and nobility. Aguinaldo, when questioned, refused to say anything.

$1500 TO TRAIN A CHORUS

Of 2000 Voices and an Orchestra of 500 Pieces Which Will Welcome the Duke of Cornwall.

SCHEME FOR ENTRY OF FREIGHT

Into Toronto By Radial Railroad Suggested to the Mayor By R. A. Donald.

It was decided at a meeting of the Civic Reception Committee yesterday afternoon to have a trained chorus of 2000 male and female voices and an orchestra of 500 pieces under the direction of Mr. Torrington, as one of the features of the program that is being arranged for the Duke of Cornwall and York's visit. To meet the expense of this, the committee voted $1500, on motion of Ald. Urquhart.

Ald. Cox read a letter he sent to the secretary of the Citizens' Committee, in which he declined the position of chairman of the Executive, because he felt it would not be right that he should be chairman of two committees. He also made the suggestion that the official arrangements for the Royal visit should be entrusted to an executive of 25 members, composed as follows: His Worship the Mayor, the 12 members of the Legislation and Reception Committee, Architect Lennox, Chief Constable Colonel Grasett, Colonel Otter, D.O.C., and one other military representative, to be nominated by him, one representative of the Ontario government, and seven citizens, whom we desire your committee to name.

On motion of Ald. Loudon, the suggestions of Ald. Cox were adopted.

Entry of Radial Freight.

R. A. Donald, chairman Board of Trade Committee on Market and Radial Railways, sent to the Mayor yesterday a letter outlining a scheme for the entry of radial freight into Toronto. In part, he says:

"The following are the main features of the proposal:

"1st. The creation of a franchise, to be known as The Market Terminal Co., such a franchise to be vested in all parties to the agreement, and the individual interests to be regulated by the value of the individual interests pooled.

"2nd. The main contributors and their franchises so contributed would be: (a) Grand Trunk Railway, giving the Belt Line and Esplanade connections; (b) Canadian Pacific Railway, giving its western connections for Belt Line and Esplanade connections; (c) Toronto Railway Company, giving its city streets' franchise, in so far as Market, Front and contiguous streets are concerned; (d) the city giving its rental value and taxes secured for Belt Line roadway and Don improvement conveniences; (e) and all outside radial railways, which are, or may be, seeking entrance to market.

Management in Full Charge.

"This Terminal Railway Company would have full charge, thru its management, of all market railway traffic, control switches, shunt cars, take charge of loaded cars on Belt Line connections, and, having delivered same at market, to make prompt deliveries of empties at same point as soon as possible. For this there would be a fixed charge, to be reasonable, and to be fixed by consent of all parties concerned.

"The plan, as briefly outlined above, will work out very well. The Belt Line is of no use as it lies at present, nor are our railways burdened with any spare tracks as far as Esplanade is concerned; nor does the city desire to cluster the streets with freight cars, even were it possible, which it is not, and every sane man admits that this traffic must be accommodated.

"It may be said that there is no value in such a franchise to make business men desire it. This remains to be seen. There will be plenty of traffic for such a line, and, if the city authorities managed their market on up-to-date principles, there is not the shadow of a doubt but that immense quantities of merchandise will offer for speedy handling.

"On the other hand, if no comprehensive scheme is evolved, how can we hope for success in handling many loaded cars from different points, with so many diverse and competitive railway people handling them?

"Produce must be handled quickly and well to be a success, and the city authorities are gradually coming to see that there is a possibility of this whole market scheme being another white elephant on their hands, unless broad and wide ideas have fair play."

Threatens to Indict City.

County Crown Attorney Dewart, in a letter to the Mayor, in connection with the recent drowning of two boys at Long Pond, says that there were no life-saving appliances or signal board to indicate the dangerous spots, and if the present state of affairs is allowed to continue he will have to consider whether the city should not be indicted for maintaining a nuisance. He urges that something be done, so as to prevent a recurrence of these sad bathing fatalities.

CITY NEWS.

Police Court Record.

Lizzie Fleming, who was arrested on Tuesday on a charge of stealing a ring from Jennie Bennett, was remanded for a week in the Police Court yesterday. Alex. W. Glennie, wanted in Vermont on a charge of theft, was remanded till to-day. Geo. Harbottle, of the Rossin House drug store was fined $1 and costs for selling ice cream on Sunday. The case of Mrs. Annie Parker, charged with having stolen four picture frames from C. Caves, was adjourned till called on. Wm. Hayward, whose home is at Baltimore, was fined $1 and costs, or 30 days, for trespassing on railway property. James Thornton, accused of assaulting Margaret Young, will appear again on Monday. Mrs. Sarah Robinson applied for an order of protection, and the case was adjourned till to-morrow. John Mulhall, who stole a pair of gloves from Daniel Mullins, was given 30 days in jail.

P. C. Redford's Eagle Eye.

Between 5 and 6 o'clock yesterday afternoon Herbert E. May, a young man who lives at 514 Parliament-street, went into A. F. Webster's ticket office at King and Yonge-streets and left his bicycle outside. When he returned to the street in a few minutes he found that his wheel had disappeared, and he reported his loss to Policeman Redford. It happened that the officer had noticed Andrew Shea of 86 East Adelaide-street going east on King-street with a bicycle, and because the man was intoxicated he believed that the wheel had been stolen. With the help of May, Policeman Redford traced Shea to Church and Lombard-streets, where he was arrested with the missing bicycle in his possession. Shea is charged with theft.

Assessment Fairly Levied.

Judge McDougall yesterday sustained the assessment in connection with the extension of Victoria-street to Colborne-street for the new Palace Hotel. The property which is being used for the extension was bought up by the hotel company for $80,000 and sold to the city. The city agreed to pay $80,000 for the right of way. A taxation of $40,000 was levied on the whole city, while $40,000 was raised by local improvement. Appeals were entered by property owners on King, Front and Colborne-streets. Judge McDougall held that the assessment had been pretty fairly levied and dismissed the appeals.

Too Warm for Marksmen.

The grilling sun played havoc with the shooting at the Long Branch rifle ranges yesterday. Fortunately the matches were all for practice purposes except the Wheeler & Wilson, in which the following scores were made: R. Richards 28, T. Mitchell 28, M. S. Mercer 25, Whitely 22. Many other contestants were at the butts, but refused to take part owing to the excessive heat. Most of the Highlanders came out in the evening, and began practice when the rays of the sun became less fiery.

Hanlan's Point.

A large and appreciative audience witnessed the two performances at Hanlan's Point yesterday afternoon and evening. The show is without doubt one of the best yet given at this popular summer resort, and should draw record crowds the remainder of the week. Commencing on Sunday next and every afternoon and evening next week, the Perry Company have engaged the services of Phinney's U.S. Marine Band. This organization is pronounced by critics to be equal to Sousa's, and has been playing to enormous crowds everywhere it has appeared.

Found Cutlery in Pups' Grave.

Yesterday morning, while digging a grave for two dead puppies in the rear of his home at 177 Simcoe-street, Allan Trebilcock, a dog fancier, found two boxes of cutlery valued at about $20. He carried the boxes to the detective department, where it was learned that they had been stolen from Crashley's storage warehouse, 12 Beverley-street. There is no clue to the thief.

Feeley Was a Traitor.

Denis Carrol Feeley, the lawyer who died in Rochester on Monday, was a traitor while in the Canadian militia during the Fenian Raid, and was forced to fly to the other side. He was Sergt.-Major of the Cobourg garrison artillery, stationed at the Old Fort, Toronto, when his treachery was accidentally discovered. He never came back to Canada.

O'Grady-Haly Can't Come.

Owing to indisposition, General O'Grady-Haly will not be able to meet Col. Otter in Toronto to confer about the military arrangements for the military review in honor of the visit of the Duke and Duchess of York, and Col. Cotton will take his place.

Club in Difficulties Again.

HELD A LIVE WIRE.

Canajoharie, N.Y., July 17.—Frank Beard, aged 34, a lineman employed by the Montgomery Electric Light and Power Company here, was killed by an electric shock this afternoon. He was working on a pole, and grasped a live wire of 2200 volts. The flesh was burned from his hands. He fell 30 feet to the pavement, fracturing his skull.

CARNEGIE'S CURSE

Richest Man on Earth Cannot Digest His Food.

How many people have envied Andrew Carnegie retiring from the strife of business with a fortune so colossal that he may scatter millions of dollars in charity and feel it no more than the average man feels the bestowal of as many coppers? And yet the multi-millionaire himself declares he is not to be envied. "He is unhappy.

"I am sixty years old and cannot digest my food," he says.

The Germany poet tells us the story of Faust, the old man who sold his immortal soul to the devil for the gift of youth and health. Andrew Carnegie, rich, powerful, envied, states he would make Faust's bargain if he could. He cannot digest his food.

Dyspepsia more than any other disease disgusts a man with life. It embitters him, destroys his joy in living, makes him see the world through smoked glasses. What is life to Andrew Carnegie, what is the use of all his millions? He cannot digest his food.

Dodd's Dyspepsia Tablets would help Andrew Carnegie. They would, beyond question insure the digestion of his food. Thousands and thousands of people in this country have found the blessing of regained health through Dodd's Dyspepsia Tablets. Hundreds of thousands in the United States have done the same. In Great Britain, though Dodd's Dyspepsia Tablets have only been introduced a couple of years, they have already broken through that prejudice of the Englishmen against new things as far as the mass of people are concerned. It is a strange paradox that Andrew Carnegie with all his wealth fails to find what so many poorer countrymen have discovered—the value of Dodd's Dyspepsia Tablets.
