damson (father of Alfred Adamson), and General Adamson, came to Canada from Scotland. They settled at Sheridan, not far from the Credit River, where General Adamson had received a grant of land. Dr. Adamson's practice was for the most part among the Indians, for the Mississauga tribe were living at that time on their reserve near Erindale, then known as Springfield-on-the-Credit. The late Mir Adamson was born in 1830 at Sheridan, and lived all his life in the same neighborhood. His recollections of the early Indian days were many and interesting. In 1856 he married Miss Blain, who survives him. He is also survived by four daughters, and seven sons, six of whom were the pall-bearers at his funcreal, which took place at St. Peter's Church, Erircale, yesterday.

Lloyd-George's aim at the premiership Lloyd-George's aim at the premiership is becoming more apparent, according to many well-informed politicians. The chancellor is seeking to hurry Premier Asquith's decision on the re-acceptance of the premiership, in the hope, it is charged, that the premier will eventually surrender the post, in which event it is all but assured that Lloyd-George would himself be selected.

Licyd-George was forced to abandon a speech at Stourbridge Tuesday evening on account of the hostility of a mob that invaded the meeting. One hundred police formed a bodyguard about the chancellor and escorted him from the hall.

Following the election of Premier As quith, the premier was mobbed by militant suffragettes. The women in a body charg-ed time after time in their attempts to reach the minister and there were several lively skirmishes with tre police before Mr. Asquith was conveyed to a place of

Our earnings, as you know, are derived from the investment of our own capital and guaranteed trust funds, and from fees and commissions received for our services as Trustee, Executor, Liquidator, Administrator and Agent. Our special facilities for acting as Trustee under mortgage securing issues of bonds and as transfer agent and registrar of shares at our Toronto and Montreal offices have been from the beginning recognized, and we believe, appreciated, by the financial community. The progressive development of the Estates Departments at our several offices has been one of the most gratifying features of our history. In Toronto, Montreal and Winnipeg the confidence of the public is attested by the large and increasing volume of trust assets administered by the Company as Executor and Trustee under will. At Edmonton and Saskatoon the beginnings of this class of business are most promising. As agent for the purchase and sale of real estate, our several offices continue to render valuable services to clients, and this is a development of our organization which has met with much public favor and success.

I feel that it is not necessary to repeat my statements of a year ago as to the excellent character of our mortgage and other investments. Interest upon our loans in the Western Provinces has been met; as usual, in the most satisfactory manner.

It is again my pleasure, on behalf of the Board, to acknowledge the valuable services of the Resident Directors of Montreal, the Advisory Board at Winnipeg, and Messrs. Thomson, Dickson and Shaw, the Company's Agents at Edinburgh. I also desire to testify, as usual, to the efficiency with which the officers and staff at all the offices have discharged their several duties during the year.

The report was unanimously adopted.

A vote of thanks to the General Manager and Staff of the Company was passed, after which the following were elected Directors of the Company for the ensuing year: PRESIDENT.
