TEN PER CENT. MORE
PORT ARTHUR'S FALL
IMMINENT

Japs Take 203-Metre Hill and Thus Command Whole Harbor, Making Situation Truly Critical.

NEAR THE END.

Tokio, Nov. 29.—It is reported that the attack against 203-Metre Hill by Japanese light artillery is succeeding. It is estimated that 90 per cent. of the work of the complete occupation of Port Arthur will be finished with this height in the possession of the Japanese. No part of the harbor of Port Arthur will then be concealed from the Japanese.

St. Petersburg, Nov. 29.—(3.25 a.m.)—Foreign reports of the fighting at Port Arthur are accepted here very seriously. If the Japanese have taken 203-Metre Hill, as reported, and are commencing the whole harbor, it is believed that the situation is critical. Expect on Port Arthur topography assert, however, that it is more likely that the Japanese have occupied some positions at the base of the hill, and that the covered forts the Japanese will find the top of the hill untenable, if they arrive there.

BERLIN DISBELIEVES IT.
Berlin, Nov. 29.—A dispatch from Tokyo to the Tagliche Rundschau reports that the Japanese storming of Port Arthur was abandoned on Nov. 28, because the large breaches had been made in the Sangshu. Rubbing and Keeswan forts, the Japanese were unable to enter on account of the heavy fire from the other forts and the resistance of the garrisons.

AFTER WHOLE FORT.
Tokio, Nov. 29.—The imperial headquarters to-night sum the Port Arthur situation as follows:
"With regard to the enemy's forts at Sangshu Mountain and eastward we have firmly captured the crests, glaciers and counter escarpments and their vicinity, but the time to charge has not yet come. At present we are destroying the casemates and other positions. At 203-Metre Hill, the Japanese have succeeded in capturing the enemy's shelter trenches near the summit. At present our forces are holding the summit and are endeavoring to capture the whole fort."

FIGHT GOES ON.
Chefoo, Nov. 29.—Chinese and Japanese armies received here to-day, while not beyond question, indicate that the fighting at Port Arthur has not yet ceased. The fighting is with the object of capturing additional Russian trenches. The summit forts seemingly were not attacked. No prisoners are captured.

MANY FEEL DOWN.
Makden, Nov. 29.—The activity of the Japanese against Gen. Rennenkampf's front continued Nov. 28, culminating in a party of Siberian sharpshooters went out and captured every one of the guards in front of a Japanese party. When interviewed, Sir Wilfrid said there was no doubt of the construction of the Grand Trunk Pacific Railroad in Canada and British Columbia. The work on it will soon begin. He said the importance of the railway to the Dominion is being emphasized by the fact that the preliminary details have been completed.

SIR WILLIAM AT ST. LOUIS.
Inspects Postoffice and Pneumatic Tube Service.
St. Louis, Nov. 29.—(Special.)—Sir William Mulock, postmaster-general of Canada, who is visiting the world's fair, carefully inspected the postoffice today, afterward complimenting Postmaster Wyman upon his excellent management.

RAILWAY ABANDONED APPEAL.
The Hamilton Street Railway Company yesterday abandoned its appeal to the divisional court from the judgment of Mr. Justice Hodge in the city's action on the question of limited tickets, having obtained permission to go directly to the court of appeal. The costs must be borne by the company.

EARLY MORNING BLAZE.
A general alarm at 2:10 this morning brought the whole fire brigade to the corner of Richmond and Victoria streets. Fire was discovered in the shop of James H. Edmunds, metal splinter above the stores at 92-100 Victoria street, occupied by Lister, McIlwain, Street, Brimley & Carter. The entrance was from Richmond street, and the dense smoke made the work of the men difficult, but the flames were confined to the room in which they started. The damage amounted to about \$250, in addition to that caused by water to the shops below.

THE DUTY ON SPIRITS
The duty on spirits imported into Canada is \$1.90 per imperial gallon.

THE DUTY ON SPIRITS
The difference is 50 cents in favor of the Canadian distiller and the Canadian spirit.

A lot of United States spirits are now being imported into Canada in order that the distillers of this country may keep up with their local orders for whiskey. They have to pay this additional 50 cents to the government. The people who buy the whiskey will get it at the same price as if it were made of Canadian spirits.

Two questions present themselves: (1) Why is the marked discrimination in money paid to the government on spirits made in Canada and spirits imported into Canada? and (2) why should Canadian whiskey not be sold for 50 cents a gallon less than what pays a higher government tax?

The distillers and the government have the floor. The Canadian taxpayer and the Canadian consumer are entitled to a hearing from these two parties.

Some Party Plan in Montreal Believed It Should Be Hurried Up Before Meeting of Parliament.

Montreal, Nov. 29.—(Special.)—The talk in political circles to-day was indicative of a Dominion convention of the Conservative party, to be held either in Montreal or Toronto. It is held by many of the candidates at the recent Dominion election, as well as by the members of the different clubs and the rank and file generally that a frank heart to heart talk in open convention, participated in by both old and young members of the party from every province in the Dominion would be useful, both in and out of parliament.

BYRON LOTI FLEES COUNTRY
ROMAN MEN LOSE \$4000
REILLY BAILED OUT

Sensational Developments Expected on Friday, When Prominent Liberals Will Give Testimony in Bogus Ballot Box Case.

Belleville, Nov. 29.—(Special.)—This city to-day was thrown into a state of excitement over the fact that this morning B. O. Loti's bail expired, and the further fact that he was expected, in consideration of his alleged telegram from Syracuse, to be coming back to this city to stand his trial. At 10 o'clock this morning Loti's bail of \$4000 was formally estreated, by Magistrate Finch, who stated, however, that if he turned up in the near future the government would, in all probabilities, refrain from demanding from his bondsman and himself the amount of the bond.

But He Never Came.
A story afterwards became current in the city that Loti was coming back on the 140 train, and many believed it, among others, his bondsman, who was at the Hotel Quatre waiting for him. So also was Detective Chamberlain, Loti's bondsman, who was at the Hotel Quatre waiting for him. So also was Detective Chamberlain, Loti's bondsman, who was at the Hotel Quatre waiting for him.

GOVERNMENT OVERRIDING LAW
BY MAKING SPEAKER MINISTER

By a Trick Premier Ross is Now Enabled to Hold the By-Elections Piecemeal and a Statute is Repealed.

A lawyer well informed on the working of the election act said yesterday that the government had worked a beautiful trick in taking Speaker Charlot from the cabinet. Last session the legislature made provision for the immediate issue of the writs for by-elections after three months had expired. Speaker Charlot received the re-election of the judges, who declared North Perth, North York, North Norfolk and South St. Marie vacant, and the amendment to the act makes it his duty to issue the writs for the new elections within three months. The three months are about up, and the speaker has been in the cabinet for some time. He is the officer who received the judges' reports. There being no provision for the by-elections in the four constituencies where Liberal members were unseated, and in North Renfrew, Dufferin and Port Arthur, now vacant by reason of members resigning. So that the statute has been repealed by this master stroke of the government and there is nothing to prevent the government pulling off the by-elections one at a time and prolonging the agony several months. The world's informant said he would not be surprised if this was the idea the government had in mind.
