Is Like Magic

WE think it is wonderful when we read about a magician who can pour out of a bottle any kind of wine that may be asked for—champagne for one, sherry for another and so on. How much more wonderful then that a single instrument can pour out at will any kind of music that anyone may want! Yet such an instrument is

THE EDISON PHONOGRAPH  
with Edison Gold-Moulded Records

invented by the great American wizard, Thomas A. Edison. By simply changing a record you can have any music you want, from a magnificent aria of one of the world's great song birds to an irresistibly funny rag-time coon song. It does each equally well and pleases everybody who hears it.

You should have one and you can buy it on the easy-payment plan.

Live dealers in any line who have a store and established trade on other goods, are wanted to take up the agency for the Edison Phonograph in towns where we have no dealers now.

## THE SPRINGHILL STRIKE

Halifax, N. S., April 5.—The miners of the Cumberland Coal Company at Springhill find themselves in a quandary today as a result of the announcement that the industrial dispute law is applicable to Nova Scotia and that in going out in contravention of the act they are liable to a fine of not less than \$10 a day. The men say that what they did was in ignorance and that had they known they would have taken some other course.

Grand Secretary Moffatt, of the P. W.

A. has advised them to resume work and this they will doubtless do on Monday. In the meantime they have enrolled practically every workman in the mines who is eligible, except seven, and they have the fees of those. The two P. W. A. judges now have a membership of 1,350, all who are eligible out of the 1,700 employed by the Springhill Coal Company.

When the gift of a little for charity seems to put a man into mortal pain you may be sure the root of evil is striking down into a vital spot.

ST. JOHN GETS  
GO-BY AGAINAnother Allan Line Turbines at  
Halifax and Will Stay There.

Halifax, N. B., April 5.—The turbine Virginian, Captain A. H. Vipond, which sailed from Liverpool, March 29, arrived in port at 8 o'clock this evening after a rough winter passage, head winds and heavy seas having been encountered the entire voyage.

The steamer brought 1,379 passengers, the largest number of passengers landing at Halifax this season. They were mostly English, and are an inferior class of settlers. They were mostly destined for Manitoba and Alberta. Among the saloon passengers was a Chinaman named Hum Kip, a large real estate owner in Hong Kong, who was not allowed to land until the ship put up the \$500 head tax.

The steamer brought 1,700 tons of cargo, all of which will be landed at Halifax. Only the first class passengers landed tonight. The remainder will remain on board till the morning.

## \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system; thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

At the meeting of the slaughter house commissioners yesterday the following returns of killing for the past month were read by the secretary: Kane & McGrath, 208 cattle, 12 calves, 16 sheep; John Collins, 5 cattle, 8 calves, 6 sheep.

On Sunday, April 21, an offering in aid of Canadian missions will be taken in the Anglican churches of the city. Bishop Richardson and Rev. Dr. Norman Tucker will speak in some of the churches. On the afternoon of the same day Bishop Richardson will preach the anniversary sermon before St. George's Society in Trinity church.

## BOWLING

Smith Won Roll Off  
George E. Smith won the monthly roll-off on Black's alleys last evening from eleven competitors. Some very fine bowling was done. Mr. Smith making a strike with his second ball, while five others made more than 50. The prize was a handsome gold pin.

Next Wednesday evening the roll-off for the season will be held. The prize, which was donated by J. S. Gregory, is a valuable pair of gold cuff links. The contest will be held at the Electric Club with the Thistles.

## BASE BALL

St. John Players Away  
Messrs. Ramsey and Hodd, who have been signed by J. Page to play on the Quebec base ball team in the Eastern Canadian League, left last night for Quebec to report. Donald McEachern is to report to the Patterson team of the Hudson River League next week.

## A VETERAN CATCHER'S HANDS

Thirty-six broken and twisted bones in one hand is the secret disclosed in the life of James McGuire. Mr. Nye, official photographer and examiner of prisoners for the United States government at the federal prison at Atlanta, Ga., presented the veteran catcher with an X-ray picture of his right hand. From scientific interest several doctors gathered around while an X-ray photo of the hand was taken and said that they couldn't understand how it was possible for a man to keep playing ball and remain strong and sturdy under the terrific shocks to the hand. The X-ray photograph shows thirty-six broken places in the bones of the fingers and huge knots resembling the gnarled places on an old oak tree are clustered around every joint. The bones in the small fingers were knitted and warped in the shape of an inverted letter "Y". In several of the joints, instead of fitting in the sockets, regularly, the ball on the ends of the bones is flattened and on one side. So remarkable was this feat of a hand that several of the doctors had copies made of the X-ray photograph for future study.

McGuire explained that most of the injuries shown in the photograph were received during the old days when catchers wore no mitts. The injuries, he told the doctors, were the effects of twenty-four years of professional baseball.

## DIAMOND NOTES

Manager Joe Castillon of the Washington team has knocked off his mustache, and now looks like a youth of 23.

George Davis has neither joined the White Sox nor signed a contract to play. George probably has a hat or a suit of clothes up with Johnny Kling as to who will be the last man in.

Because Elmer Flick has returned to the Cleveland fold, Addie Joss is especially well pleased. "They don't make any better fielders than Elmer," says Addison.

Mal Eason, the Brooklyn pitcher, gives promise of having a good season this year. He is in better condition now than any other pitcher with the Superbas.

Fred Clarke has changed his mind about managing the Pittsburghs from the bench this season. Fred has tried out a lot of players, but none of them come up to the mark, and Clarke will be seen in left field again.

Eastern league managers are very enthusiastic over the outlook for a prosperous season this year, and from all reports at hand there will be eight clubs that expect to land in the first division when the final gong rings.

Frank Donahue, the Detroit twirler, will pitch for the independent team in Montreal once this summer. He has opened a hotel in Philadelphia and retired from the big game.

Manager Long of the Nashua, N. H. team in the New Hampshire state league is in need of a number of good infielders. Charley Wolfe, who captained and managed the All Collegians baseball team of New York last season, is living in Somerville and can be secured by some semi-professional team. His address is 11 Cameron avenue.

It keeps Connie Mack more than busy keeping his eyes on Rube Waddell. At that Connie enjoys the reputation of being the best trainer Rube ever had.

It is Rube's delight to turn fireman, and he has performed the stunt many a time. One morning last year the Athletics arrived in Detroit from Cleveland to find the Y. M. C. A. building, which was opposite the Griswold, in flames. Rube was one of the first on the scene and Connie wasn't far behind.

"That's Waddell, isn't it?" asked a Detroit friend of Connie's.

"That's him," was Mack's reply. "I see you keep your eye on him pretty closely," observed the friend.

"Only when a fire's on tap," replied Connie. "You see, I've Rube signed to pitch today, and no offer could tempt him to jump me, but a fire is always dangerous, as he is only too willing to sign up with the chief, and you know he is to pitch today."

Rube evidently knew Connie was on the trail, for he made no attempt to jump his contract and became a fire-fighter.

Willie Keeler is one of those who believe a man is no older than he feels. The other day Willie said to a friend: "Yes, I surely expect to play ball for a number of years yet. I don't know what I would do if I had to go to work."

## ATHLETIC

LONGBOAT AFTER RECORDS.  
TORONTO, April 4.—Whether Tom Longboat, the Indian, possesses the marvelous speed and endurance as a runner attributed to him, will be satisfactorily demonstrated within the next few weeks, and upon his showing in the two big events he is scheduled to take part in this month will probably depend upon his future as a long-distance runner.

Longboat will be a runner under the colors of the West End Y.M.C.A., and the two events, which will either wreck or enhance his brilliant career, will be run on April 13 and April 19.

On the first day mentioned, as previously reported, Longboat will go after the five-mile record in the Armories, Toronto, while six days later, he expressed the intention recently of making an effort to reduce the Boston Marathon record, established by Jack Caffery, of Hamilton in 1901.

Caffery covered the twenty-five miles in 2:28:23 3-5, and no one has since come within eight minutes of that time. This is an average of about a mile every six minutes, while Longboat's time in the Hamilton Herald race last November averaged about 5:34 minutes to the mile.

This allows Longboat little chance to set an easier pace than he set in the Herald race, and he has six miles farther to travel. He is said to have come very close to Caffery's record in a trial, but as he has lost run over the Boston course as yet,

it is hard to tell just what his chances are.

The five-mile world's mark is held by Alfred Shrub, the English runner, who covered the distance in 24:33 2-5. If the Indian can lower both, or even one, of these records, he will justify the claim made by his admirers that he is the greatest runner the world has ever seen.

## THE AUTOMOBILE

COLOR SCHEMES IN AUTOS.  
(Brooklyn Eagle)

A visit at this time to the different automobile factories of the country finds a department, especially those well along towards the finishing stages, rushed and crowded with work. Each succeeding year the paint shop becomes a more interesting place. In the first days of the industry one or two standard colors were about all that were used. Today, however, color is settling the paint question. Once in a while a combination discovered by an owner is so good that the company readily recognizes its value and it eventually becomes a standard to a great degree. At other times the combinations ordered are of a nature calculated to give the painter handling the work a case of blind staggers. There was recently shipped to Manhattan a car which cannot help making a hit. The design and decorations are original and to the mind of everyone but the owner, hideous. Yet the order had to go through. The initials "M. A. D." were originally placed on the body. When it was timely suggested that their meaning might be misconstrued they were changed to those of another member of the family.

## THE RING

Gans and Lewis Matched.

Chicago, April 5.—Joe Gans and Harry Lewis of Philadelphia, have been matched to fight within the next three months for the best purse obtainable. Four bets of \$5,000 each, made by the public, and also more than \$20,000 in bets, have been placed on the fight. The fight is to be held in the city of Philadelphia, before the judges of the city.

## WRESTLING

Tremblay Defeats Bothner.

Montreal, April 4.—(Special)—Six thousand people saw Eugene Tremblay, of this city, win the lightweight wrestling championship from George Bothner, of the United States, in the first fall in 34 minutes. Bothner the second in a.k. and Tremblay the first of the defensive throughout.

## YACHTING

NEW YACHTS, MODELLED AFTER CIBOU.

G. Herriot Duggan, the famous designer of the peerless Cibou, and a host of other fast sailers, including the Zephyr, which last year successfully defended the Coronation Cup against Commodore Caruth's Mianma, sailing under the colors of the Bras d'Or Yacht Club, last autumn completed designs for a type somewhat larger than the present one, says the Sydney Post. It is understood that a number of yachtsmen of the Cape Breton squadron will order boats of this design, and by the opening of the season some half a dozen of these craft will be added to the already large flotilla. Jimmy Kendall and A. E. Nash, of the Bank of Montreal, are each having constructed a boat of this pattern at Embury's yards, Port Hawkesbury. The measurements of the new class will be: Length over all, 28 feet; length water line, 18 feet; breadth over all, 6 feet; beam breadth, 10 ft. 6 in.; 5 feet 11 in.; sail area, 350 square feet; iron keel, 1,500 pounds. The boats will be of the sloop type, with mainsail and jib.

## CANADA'S REVENUE

Ottawa, April 5.—The statement of revenue and expenditure of the dominion for the nine months of the fiscal year ended with March, shows a revenue of \$95,814,457, an increase of \$9,800,000 over the same time last year.

For the month of March the increase was about \$900,000. All the branches of revenue show an increase.
