Falling Mark Draws Refugees to Berlin

Berlin, July 15.—(A. P. by mail.)—Germany is rapidly displacing Switzerland as a centre for all sorts of political agitators and refugees. They are attracted here by the falling mark and the tolerant attitude of the Government. Switzerland rapidly is losing favor with radicals of all sorts. Persians, Turks, Indians, Egyptians, Arabs and Tunisians are so numerous in this city that they have united in the erection of a Mohammedan mosque in one of the best residential sections of west Berlin.

Mohammedanism gained considerable foothold in Germany during the war. Many Mohammedans who were fighting with the Russian forces were taken prisoners by the Germans, or voluntarily gave themselves into German hands, because they did not wish to fight against the Islamic brothers, the Turks. These Mohammedans were treated with great consideration by the Germans, who placed them in a camp at Wundersdorf, a Berlin suburb. A mosque was erected there for them, and they were given every opportunity to live in accordance with their religion. In fact, they were guests of Germany, rather than prisoners.

The missionary who is directing the construction of the new mosque belongs to an Indian Islamic movement which has over 500,000 adherents and is seeking to make the followers of Islam less fatalistic, without altering in any way the teachings of the Koran. These reformers are called Ahmadiyyah, and seek to win their fellow-reformers away from the blind acceptance of the Islamic religion.
