## SALVATION ARMY ATTACKS NIGHT LIFE OF LONDON

London, March 2.—(A. P., by mail.)—Two hundred "picked troops" of the Salvation Army, headed by a brass band, made an attack on London night life recently. The forces gathered in Regent street shortly before midnight and appeared suddenly in Piccadilly Circus surprising the crowd in the cafes and other places of amusement.

Without warning the strains of "Shall We Gather at the River?" burst upon the ears of the revellers and the cafe goers. Pedestrian traffic practically stopped while the marchers passed up Shaftesbury avenue into Leicester square, thence to Charing Cross.

When the battalion reached Leicester

### Rheumatic Pains

Are relieved in a few days by taking 30 drops of Mother Seigel's Syrup after meals and on retiring. It dissolves the lime and acid accumulation in the muscles and joints so these deposits can be expelled, thus relieving pain and soreness. Seigel's Syrup, also known as "Extract of Roots," contains no dope nor other strong drugs to kill or mask the pain of rheumatism or lumbago, it removes the cause. 50c a bottle at druggists.

Square, four young women in furs, silk stockings and Piccadilly complexions brought up the rear of the column. "Things have been in a very bad way here for some time past," said Commissioner Cox, who led the attack. "An outcry has gone up that nobody is doing anything in behalf of the young women and girls who are found on the streets nightly in greater numbers."

"Why there should be so many mere children on the streets it is difficult to say, but probably the war has had a

### STRIKE AGAINST HIGH TEXT BOOK PRICES

Naples, March 1.—(By Associated Press by mail.)—The students of Naples University have gone out on a strike in protest against the over-rising price of scientific text books. Marching round the city to the book-shops they presented a demand that each publisher should grant an all-round 50 per cent. reduction.

Those who refused had their stores raided and their stock torn to pieces or pitched into the streets from balconies.

### HOLLAND SNUBS THE DRY MOVEMENT

The Hague, March 1.—(Associated Press by mail.)—Efforts of Dutch prohibition advocates to obtain passage of a local option law this year have met with such small success that action apparently has been postponed until a more favorable time.

### MEMORIAL IN HONOR OF WILSON

A movement was launched at New York on Tuesday to establish a perpetual memorial in honor of Woodrow Wilson—the man who projected into the world the idea of the League of Nations.

After listening to eulogy of the former President, by John Drinkwater, English playwright, some five hundred men and women voted unanimously to appoint a temporary committee to work out details of the memorial. Franklin D. Roosevelt, Democratic Vice President candidate in the last election who presided at the gathering, was appointed chairman and the former ambassador to Turkey, treasurer.

Although the form the memorial is to take was not definitely decided upon, it was suggested that a minimum sum of \$800,000 be raised as a trust fund, the proceeds from which shall be awarded each year to the person who during the year has made the greatest contribution toward international amity.

Mr. Drinkwater's address was frequently interrupted by applause, particularly when he declared that Mr. Wilson "conceived beyond his executive capacity a thing that is generally true of all great historical figures."

"Most men," said the speaker, "are prone to bow in submission at the first assault of expediency. It is the tragedy and the glory of Woodrow Wilson that he clung tenaciously to his ideal regard less of personal consequences."

"It is generally agreed," he continued, "that his tactics were by no means perfect. But the strategy back of them

## Are you naturally attractive?

WHERE can you find a more pleasing picture than a group of young, healthy, vigorous girls playing tennis?

Alert, quick to think, and quick to act, their faces aglow with enthusiasm and radiant with health.

How many there are, however, among our growing girls of whom this cannot be said. You see them sitting on the side benches looking on, or loitering around in a listless, careless manner, and, as a rule, irritable and nervous.

Nature intended women to be strong, and healthy and happy as the day is long. MILBURN'S HEART AND NERVE PILLS have proved so beneficial in such a multitude of cases, that they can be recommended without hesitation.

They give sound, restful sleep, tone up the nerves, make the heart beat regular and strong, create new red blood corpuscles, and impart that sense of buoyancy to the spirits that is only possible when enjoying mental and physical vigor.

Mrs. Fred Lee, Almonte, Ont., writes:—"My oldest daughter was so bad for over a year, with her heart and nerves, that she was compelled to give up her work. I was very discouraged about her, as I had her to two doctors, but they did not seem to do her much good. She could not sleep at night, would have to walk the floor, and felt as if she would go out of her mind. One day a friend told me to use Milburn's Heart and Nerve Pills, and I cannot speak too highly of them. She used three boxes and is feeling fine, and started back to work again two months ago."

Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by

## SAW DISHONOR IN WRECK OF MOTOR

### Menier's Chauffeur Drowned Himself After Smashing Employer's Car.

Paris, March 19.—The history of the cook, Vatel, who ran a sword through his heart because the fresh fish did not arrive in time for the king's dinner, has been repeated in the case of a French chauffeur, which is told in the Paris press this morning. So great was his sense of professional honor that he refused to survive the disgrace of having smashed up his master's automobile. The whole drama was played out on the road between Paris and Villers-Cotterets two days ago. The owner of the car, Georges Menier, on arriving at the latter place on a business trip, decided that he would return by train, and so ordered his chauffeur to take the car back to Paris. By accident, M. Menier's brother the same afternoon was motoring along the road to Villers-Cotterets, and found a wrecked car abandoned by the roadside. On examining it he found it was his brother's car, and fearful that a tragedy had overtaken the occupants, he drove at once to the next villa to make inquiries. Here he was informed that the car, driven by the chauffeur, but with no other occupant, had passed early in the afternoon, and that the chauffeur had been seen later on foot in the village. He had stopped at a cafe and written a letter to his employer. This letter ran as follows:

"Monsieur,—You entrusted your new car to me, and I have had the misfortune to damage it irreparably. I cannot survive such dishonor."

Enclosed with the letter was a will, in which the unfortunate man arranged for the disposal of his small savings of some 1,200 francs.

A search was organized at once in the district in the hope that he would be found before he could carry out his intention, but after a few hours his lifeless body was dragged from a river. To add to the irony of the story, because in his tragic letter the man had seemed to admit that the wreck of the car was his fault, the insurance company with which the car was insured now refuses to pay compensation to the owner.

## Loss of Weight and Vigor

### Far-reaching Effects of Kidney Disease

If you are losing strength, weight and vigor, it is highly probable that your kidneys are not performing their natural functions in a proper manner. In many cases, people have allowed themselves to be sapped of their vitality before realizing the true cause. A backache, constant headaches, painful urination, and other similar pains are frequently signs of kidney derangement. Indifference, or delayed treatment, will surely result in loss of weight and vigor, and in the development of more serious ailments, such as rheumatism or sciatica, lumbago, swollen joints or stone in the bladder.

## Gin Pills

### FOR THE KIDNEYS

Gin has always been recognized as a remedy for kidney and bladder troubles. Gin Pills, however, contain none of the harmful alcohol, but all the healing qualities of the Juniper Berry. These properties are compounded with seven other diuretics and antiseptics, and the result is a pill which stands out as the finest

restorative and corrective for deranged kidneys. If you have any of the dreaded symptoms, get a box at once from your druggist or dealer—60c. If you obtain no relief, we will refund your money. Or, write to us for a free sample, sufficient to convince you of their value. Act without delay.

## The Vatican at Rome Recommends Nuxated Iron

If you lack BODILY or MENTAL VIGOR; If you are WEAK; NERVOUS or IRRITABLE, TRY NUXATED IRON TODAY.

Nuxated Iron CONTAINS ORGANIC IRON LIKE THE IRON IN YOUR BLOOD AND LIKE THE IRON IN SPINACH, LETTICES AND APPLES.

NUXATED IRON also contains a remarkable product, brought to the attention of the French Academy of Medicine by the celebrated Dr. Robin, which represents the principal chemical constituent of active living nerve force FOR FEEDING THE NERVES, so that NUXATED IRON might be said to be both a BLOOD and a NERVE FOOD.

THERE ARE 30,000,000,000,000 RED BLOOD CORPUSCLES in your blood and each one must have iron.

Today about one person out of every three is said to suffer more or less from the great devitalizing weakness brought on by malnutrition or lack of sufficient nourishment; which is caused NOT BY LACK OF FOOD but often BY LACK OF SUFFICIENT ORGANIC IRON in the blood to enable us to GET THE STRENGTH OUT of our food.

IRON IS THE MASTER PRINCIPLE OF THE BLOOD AND BLOOD IS LIFE. Our forefathers ate the husks of grains and the skins and peels of vegetables and fruits, rich in strength-giving organic iron, but modern methods of cooking throw all these things away—hence the alarming increase, in recent years, in Anemia—iron starvation of the blood with all its attendant ills.

When, as a result of iron starvation, you get up feeling tired in the morning, when you find yourself nervous, irritable and easily upset; when you can no longer do your day's work without being all fagged out at night when your digestion all goes wrong, or you have pains across the back, shortness of breath, heart palpitation or your face looks pale and drawn, don't wait until you go all to pieces and collapse in a state of nervous prostration or until in your weakened condition you contract some serious disease, but co-act with family physicians and have him take a specimen of your blood and make a "blood count" of your iron and blood corpuscles. By adding plenty of organic iron to your non-iron-containing fruits and vegetables to your daily food and take organic iron—Nuxated Iron—with them for a while and see how much your condition improves. Thousands of people have surprisingly increased their strength, energy and endurance in two weeks time by this simple experiment. But be sure the iron you take is organic Nuxated Iron and not metallic iron which people usually take and which is made merely by the action of strong acids on small pieces of iron—an entirely different iron from Nuxated Iron. The fact that you may have taken metallic iron without receiving any benefit does not prove that Nuxated Iron will not help you. Nuxated Iron represents organic iron in such a highly concentrated form that one dose is estimated to be approximately equivalent (in organic iron content) to eating half a quart of spinach or one quart of green vegetables. It is like taking extract of beef instead of eating pounds of meat. Nuxated Iron is used by over 4,000,000 people annually.

### WHAT THE VATICAN SAYS ABOUT NUXATED IRON

"I am happy to inform you that your gift of Nuxated Iron has been accepted with particular gratitude by the Holy Father, who, persuaded by its beneficial effects, and AFTER HAVING IT SPECIALLY ANALYZED BY THE DIRECTOR OF THE PHARMACY OF THE VATICAN, formulates the most sincere wishes that your product may become famous and be as appreciated by the public as ITS VALUE CERTAINLY MERITS."

(J. Tedeschini, Institute of the Secretary of State—Vatican)

"The composition of Nuxated Iron is such that the physiological and therapeutic effects cannot fail to be produced as is usually the case in the prescription of pharmaceutical products of this kind."

(F. Narciso Duribachet, Director of the Pharmacy of the Vatican.)

Beware of substitutes. Look for the letters N.I. on every tablet. Your money will be refunded if the manufacturer if you do not obtain perfectly satisfactory results. At all druggists.
