CROPS BETTER IN ALBERTA WITH RECENT RAIN

Edmonton, July 11—Recent rains have
made a wonderful change in the crop
prospects of the province and material-
ly helped conditions. The rains were
fairly general throughout the province
and were of a soaking and penetrating
sort that has not been experienced in
this province for two or three years.

This is especially true of northern Al-
berta, says H. A. Craig, deputy minis-
ter of agriculture, who believes that
while there will be a percentage of the
province definitely curtailed in its crop
prospects by the drought, there will be
no place absolutely wiped out for that
reason.

"I can't stay long," said the chairman
of the committee from the colored
churches. "I just came to see if you
wouldn't join de mission band."
"Po' de lan' sakes, honey," replied the
old woman, "don't come to me. I can't
even play a moufoun'."

ACCUMULATIVE BONDS

are a medium of investment especially attractive to those having a sum of
money on which they are prepared to allow the interest to accumulate. We
issue these Bonds for \$100, or any multiple thereof. They bear interest at
5% per cent. per annum, COMPOUNDED HALF-YEARLY, and the
following table shows the amounts required to purchase Bonds for specified
sums payable at the end of five years:

\$ 76.24 will purchase a Bond for \$100
\$152.48 will purchase a Bond for \$200
\$304.96 will purchase a Bond for \$400
\$762.40 will purchase a Bond for \$1000

Money invested to return simple interest at 5% per cent per annum,
payable half yearly, will double itself in a little over 18 years, whereas if
invested to return the same rate compounded half yearly it will double
itself in less than 13 years.

We particularly recommend these Bonds to those not in need of an
immediate return on their investment or to anyone wishing to provide an
amount for a specific purpose at some future date.

Any further information desired will be gladly furnished on request.

THE BUSINESS COLUMN

EDITED BY MANSFIELD F. HOUSE

"Like-It-Yourself"
Spends Turnover.

If you were a woman who loved pretty
clothes, who shivered and shook
when cutting into expensive materials,
and then suddenly a merchant should
offer to supply expert advice in choosing
and planning, with actual assistance in
cutting, fitting and making a dress for
yourself absolutely without charge,
wouldn't you jump at the offer before
it could be withdrawn?

Of course, you would!

So did the women in San Jose, Cal.,
in throngs that thronged to watch the
ballet at Hale's department store,
where the series of practical "help-you-
make-it" lessons recently given.

The advertising value of the stunt was
far-reaching and entirely satisfactory.
The only requirement was that the
ladies should be present at the show-
ing of the "like-it-yourself" classes.
Hale's—which was only fair, as the
women agreed.

Three women—experts in their line—
were selected to direct these educational
classes, which were held for three weeks.
First, Miss Morton, head of household
arts and design at the State Normal,
told the women what to wear and what
not to wear, and why. Color and line
and many other things that make or
mar a costume were illustrated by gar-
ments selected for that purpose from
Hale's ready-to-wear and displayed on
a living model—either plump, willowy,
short, stocky, tall, fair or dark, as the
case demanded.

Then came the most important part—

The resolutions committee presented
resolutions of thanks to the trustees of
the J. J. Fraser estate, Dr. T. C. Allen

After the final prayer, the convention
was declared closed by the president.

The provincial executive met in the

year.

Encouraging reports from the nine

"Not to be ministered unto, but to min-
ister." After a quiet hour, led by Mrs.
Stevens, the delegates repaired to the
home of Mrs. W. J. Osborne, Church
