is the proper thing to buy, not only in clothes but in every-thing. Nobody knows how long the present prices are going to last more than the fact that fall prices are higher and 1921 prices higher still. But don't let the prices govern you in the selection of a suit but make a special point to get a good one now, more than any other time, and you'll be sure of that with one of our 20th Century Brand Suits, or one of our Custom Tailored Suits. WOMEN **EVERYWHERE**

Praise Lydia E. Pinkham's Vegetable Compound as the Greatest Remedy for

Woman's Ills. New Haven, Conn.—"For two years I suffered with a female weakness, pains in my back and painful periods, and I was so weak and tired that I was not able to do my work. A friend told me to use Lydia E. Pinkham's Vegetable Compound and it gave me great relief. My pains left me and I am now able to do my work and feel fine. You can publish my testimonial and if your Vegetable Compound does others as much good as it has me I will be very much pleased."—Mrs. Charles E. Morgan, 37 Sea Street, New Haven, Conn.

The reason Lydia E. Pinkham's Vegetable Compound is so successful is because it contains the curative, strengthening properties of good old fashioned roots and herbs, which act directly on the female organism.

Such women should not give up hope antil they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years' experience is at your service.

Like any other good machine a Watch deserves some care

A WALTHAM Watch is a wonderful piece of mechanism. Everyone of its many tiny screws, plates, wheels, pinions, jewels and springs is fashioned with marvellous accuracy.

This is accomplished very largely by the use of special automatic machinery developed by Waltham experts and used exclusively in the Waltham factories. And then there is the assembling of all the parts into the perfectly adjusted movement.

Waltham Grandfather Hall Clocks, Mantel and Leather (all colors) Desk Clocks for homes of refinement. Ask your jeweler.

These machines do their work with a precision and speed that no human hands could equal. The result is a piece of mechanism that measures time with unfailing accuracy. And this wonderful little machine deserves your care. To assure the maintenance of its quality have your Waltham overhauled, cleaned and oiled at least every second year by a competent watchmaker.
