

## INSPECTION AT CAMP SUSSEX

Some Troops Soon to Move—Pte.  
Weston Killed—News of the  
Soldiers

Sussex Camp, N. B., July 31.—Today was a gala day in the camp. A large number of men are about to move to other and larger quarters, and the various wives, sweethearts, fathers, mothers and sisters of the brave men were present. At 2.30 p. m., Brig-General A. H. Macdonnell, C. M. G., D. S. O., district officer commanding M. D. No. 7, and Captain Victor Herron, general staff officer, visited the camp and carefully inspected the men. At the conclusion of the inspection General Macdonnell spoke.

Pte. Edgar Weston.  
Mrs. John Weston of Jardineville (N. B.), has received word from Ottawa that her son Pte. Edgar S. Weston was killed in action on June 28.  
Private Weston was the only child of the late Captain John Weston and was a young man of sterling qualities and a general favorite. After graduating from school at Rexton he entered the employ of the Royal Bank of Canada and worked in the Rexton branch for some time until he was transferred to Regina (Sask.).

PTE. EDGAR WESTON, son of the late Capt. John Weston, of Jardineville, N. B., who is reported killed in action.

He enlisted on July 12, 1915, and went to Valcartier with the 55th battalion and in October of the same year crossed to England. In July, 1916, he went to France and was wounded in the battle of the Somme. He was sent back to England to recuperate and for a time was employed in one of the military offices there in a clerical capacity. In August 1917 he was returned to France on active service and remained there until the time he was killed. The news of his death will be received by his many friends with deepest regret.

Lieutenant Daniel Wounded.  
An official telegram dated July 22, states that Lieut. Roy L. Daniel of the Princess Pats has been wounded in the face and forearm. Further particulars are anxiously awaited by his parents and friends. Lieutenant Daniel is the son of George W. Daniel, formerly of this city. Pte. Wannamaker Gassed.

H. S. Wannamaker, 45 Elliott Row, has received word that his brother, Pte. C. W. Wannamaker, was admitted to No. 7 Casualty Clearing Station on July 28, suffering from shell gas. Pte. Wannamaker Gassed.

### \$1,000 REWARD!!

FOR A CASE OF INCURABLE  
CONSTIPATION

To any person who cannot be cured by Constipation by Dr. Hamilton's Pills, the above reward will be paid. No medicine gives such lasting satisfaction or effects such marvellous cures as Dr. Hamilton's Pills. Relief instantly follows their use. That blinding headache goes forever, that feverish feeling in the skin is soothed away, bilious fits and stomach disorders are stopped. Don't be nervous about using Dr. Hamilton's Pills; they are mild enough for a child to use, yet certain and effective in action in the most chronic cases. Get a 25c. box today; they bring and keep robust good health.

namaker went overseas with the 280th Battalion.

Was German Prisoner.

Hopewell Hill, July 29.—This village had an interesting visitor here this week in the person of Private Mark Steeves of Elgin, a returned soldier, who was badly wounded on the enemy's trenches, was at first reported killed and later spent nine months in a German prison camp. Reaching Canada a few weeks ago, he is now spending a short leave, at the home of his father, William Steeves of Elgin, before taking further treatment for his maimed hand and arm, which are now practically useless from the effects of a gun shot wound.

Recovering Sight.

The gratifying news that Driver Harry Carson, who suffered blindness as the result of voluntarily giving a quantity of blood to a badly wounded comrade, had recovered the sight of one eye, has been received by his relatives in the city.

Now in U. S. Navy.

For the second time during the last few weeks the Rev. G. F. Dawson and Mrs. Dawson have been most pleasantly surprised. This second surprise was the arrival of their son, Herbert, very unexpectedly yesterday evening after an absence from home of eight years. His visit to his parents will be of short duration, however, as for the past year he has been in the aviation section of the United States navy and is now enjoying a furlough of only two or three days. He is at present stationed at Boston, where he is a student officer.

## "THE SPOILERS," BIG GEM SENSATION

Rex Beach's Powerful Story of the  
Northland in Eight Reels—Ter-  
rific Fight of Wm. Farnum and  
Tom Stanchi

The Gem has shown many big features and has earned a reputation for the excellence of its offerings, but it has given few better than "The Spoilers," a big, throbbing, eight-reel story of the vast north, played by men as big as the story and as the scenes in which they move. It is a smashing production in every way. "The Spoilers" is by Rex Beach. This is a new copy with the tremendous fist battle between Wm. Farnum and Tom Stanchi as the supreme outstanding feature among many. So tense was the interest that people almost rose in their places to watch the progress of the combat between these gigantic men. Farnum plays the part of Glenster, an Alaskan miner, and Stanchi is McNamara, a crooked capitalist who is trying, by trickery, to rob Glenster and his mates of their rich gold mine.

There are some great scenes as the plot is developed, glorious views of the great open, exciting episodes at the gambling table, merry times in the dance hall of the far north. But two stirring fist combats prove the chief interest-holders and in each Farnum has a big part. In the first he and one of his partners overcome a dozen assailants by sheer brawn and grit. In the second it is Farnum against Stanchi, a fight in an office room where the whole issue of the story hangs. A gruelling contest it is. Casting aside his revolver, as his opponent was unarmed, Farnum went to grips with Stanchi. It was the big stocky type against a taller man, finely proportioned and lithe as a tiger. The battle was a terrible one, the whole office fittings wrecked in the struggle and both men severely battered, so much so in fact that each had to spend a time in hospital after getting on their feet for "The Spoilers" picture. Farnum wins with the "hammer-lock." "I broke him," he said, "with my naked hands."

A satisfactory close to the picture follows.

"The Spoilers" made a hit with Gem patrons. It will be shown tonight and on Friday afternoon and evening with an all-new programme coming on Saturday.

### MORNING NEWS OVER THE WIRES

Sir George E. Foster addressed a largely attended meeting of the Women's Canadian Club in St. Stephen last evening. While there he was a guest of Senator Todd.  
The total subscriptions to the King's College advance movement now amounts to \$76,063, of which \$21,100 has been subscribed in the diocese of Fredericton. Canon Vernon, organizing secretary of the movement, has spent the month of July in the deanery of Kingston, giving addresses in various towns. A serious accident occurred in Moncton yesterday, when a shunter struck a horse and carriage driven by Murray McMackin of Turtle Creek. Mr. McMackin was seriously injured. The horse was so badly bruised that it was found necessary to shoot him. The wagon was completely torn to pieces. Mr. McMackin is a deaf mute and did not hear the train blow for the crossing.

## Water Freight Are To Blame

Alex. Dick, Sales Agent of Dominion Coal Company, Shows  
Who Gets Money Paid For  
Coal

"Something will have to be done to stop this noxious water-borne freight," said Alexander Dick, sales manager for the Dominion Coal Company, of Montreal, when interviewed last night by The Telegraph at the Royal Hotel. Mr. Dick reviewed the coal situation as it affects St. John from the viewpoint of a practical coal man of long experience. So far as St. John is concerned over an immediate supply of soft coal he said that the steamer Troja was now on the way to this port with 3,500 tons of soft coal.

"There is ample coal in Sydney," he said, "to supply the demands of St. John and in fact there is a storage pile of 100,000 tons that we are most anxious to move but we are not able to get steamers or vessels of any kind to transport it."

"The St. John problem is one of transportation," he added. "It is only possible to charter steamers today at very high freight rates, which accounts for seventy-five per cent. of the increased cost of coal to the consumer. Where coal could be transported to St. John before the war from Sydney at one dollar per ton it costs \$3.50 to \$4 today by water."

"In the case of hard coal from New York to St. John the schooners before the war were paid \$1.45 and they are now getting seven dollars per ton, free trimmed and discharged, which is equivalent to \$7.50 per ton an increase of six dollars per ton, which is the tribute being paid by the St. John householders for hard coal to the schooner owners."

This has been getting gradually worse for the past three years. The rates first jumped to \$2.50, then to \$3.50 and last year to \$5.50 and this year have been up to seven dollars which is wholly unwarranted as an increase under existing conditions and something will have to be done to curb the profiteering in this direction.

"Beyond any doubt St. John will have to depend on the railways more than in the past for its coal supply and already large quantities are being imported here from the mines in Nova Scotia by rail.

Discrepancy in Rates.

"I understand that the rate fixed from Norfolk to Boston is \$3.25. The distance between these ports is, I think, not greater than the distance between New York and St. John where the rate is \$7 per ton on schooners which are less expensive to operate than steamers."

"Our output," he said in answer to a question, "has been maintained about at the same rate during the past three months. It is perhaps only fair to caution the people of St. John to lay in their coal supplies earlier than usual this year, which is the course being urged by the United States fuel administration in that country."

### ENGINEERS' COMPLAINT.

The manner in which certain provisions of the Factory Act were being carried out, was discussed at a meeting of the Stationary Engineers held last evening, and a committee was appointed to wait on Premier Foster to present the views of the men. According to the provisions of the act, no man is allowed to operate a stationary engine or boiler unless he is a certified man, but in case of emergency, a man who has had experience, but is without a certificate may act as engineer for a period not exceeding thirty days. This clause, it was the contention of members present at last evening's meeting, was not being lived up to, as cases had come to the notice of the union where unqualified men were operating boilers and engines for a much longer period, sometimes for as long as a year. The committee named consists of L. N. Deary, J. Burnside, James Holey, T. Hill and G. Campbell. At last evening's meeting, which was largely attended, delegates were also appointed to attend the Dominion convention of the Trades and Labor Council, as follows: J. Burnside, L. N. Deary, G. Campbell, G. Elliott and James Holey.

### TONIGHT'S BAND CONCERT.

The Temple Band, under the leadership of Bandmaster Jones, will render the following programme on King square here this evening:  
March—Our Mascot ..... Jewell

## Difference in G. W.V.A. Gathering

Winnipeg and Ottawa Delegates  
Leave Convention—Pensions  
Discussed With Official

Toronto, July 31.—By a vote of 83 to 71 the Great War Veterans Association to-day refused to adopt the system of proportional representation and retained the present system of voting on a basis of one vote for each delegate. The change which was favored by western and Quebec delegates, was supported by the Ottawa delegation.

Major Buchanan, representative of the Pension Board, addressed the convention on the question of pensions and pointed out that the Board was purely administrative, not legislative. "We must abide by the government's regulations," he said.

The Pension Board could not revise the present scale.

Delegates Walk Out.

As the culmination of murmurs which have been heard ever since the opening of the Grand War Veterans' Association the Winnipeg and Ottawa delegates walked out of the conference and decided to take no further part in its deliberations. The question of pro-

## POSTAL STRIKE IN WINNIPEG ENDS

Winnipeg, July 31.—As a result of a recommendation by the joint strike committee this afternoon, the striking postal employees returned to work at 7.30 o'clock this evening. Mail will be delivered as usual tomorrow morning. By a vote of 814 to 47 the men in session at the Labor Temple decided to accept the last proposition of Hon. T. W. Crothers, minister of labor, by which it was agreed that increases in wages would be granted, and that the civil service commission would at once open an investigation into the grievance of the men.

### Marine Department Employees Next.

Quebec, Que., July 31.—Over one hundred and sixty employees of the local branch of the marine and fisheries department have decided to strike unless an increase in wages is granted by the government. The men left at closing time tonight and as no word had been received from Ottawa, they will not return to work tomorrow.

The machinists are now paid forty

## RUSSIAN LAND TO OFFSET ASSASSINATION

London, July 31.—A despatch to the Exchange Telegraph from Amsterdam says the murder of Field Marshal Von Eichhorn has created consternation in German official circles and that it is expected the German government will demand immediate and exemplary punishment of the assassin under the threat of occupying more land in the Ukraine.

"The German newspapers, the correspondent adds, unanimously assert that Germany must interfere with her full strength in Russia if Germany does not desire to lose what prestige she still has in the east."

### ORANGEMEN SAY WAR COMES FIRST.

Charlottetown, P. E. I., July 31.—The annual meeting, Grand Orange Lodge of British America, opened here this morning with 150 delegates present. Grand Master D. D. Ellis, Saskatchewan, presided. In his address Grand Master Ellis referred to what he contended were efforts of the Roman Catholic hierarchy to secure special privileges in education in the various provinces. Many questions, he said, call for attention, but all must be subordinated to winning the war.

The grand secretary reported an in-

crease in initiations of over 19,000. The Ladies' Orange Benevolent Association also met here today. Grand Mistress Mrs. G. O. Akerley, St. John, presiding.

You can pay more than 7c for a cigar but you can't get a better cigar than the Pippin.

We claim it the best 7c cigar in the land. Four of them cost a quarter.
