

# Liver Ills

Like biliousness, dyspepsia, headache, constipation, sour stomach, indigestion are promptly cured by Hood's Pills. They do their work

# Hood's Pills

easily and thoroughly. Best after dinner pills. 25 cents. All druggists. Prepared by C. I. Hood & Co., Lowell, Mass. The only Pill to take with Hood's Sarsaparilla.

Scrofula is a word you don't quite understand, but if you talk with your doctor, he will tell you that it is generally believed to be due to the same cause which gives rise to Consumption. It appears mostly in those who are fat-starved and thin, usually in early life. A course of treatment of Scott's Emulsion with the Hypophosites wherever Scrofula manifests itself, will prevent the development of the disease. Let us send you a book. Free.

SCOTT & BOWNE, Belleville, Ont.

## J. H. KING, M.D.C.M.

26 Germain Street.

Office hours: 9 to 11 a. m., 1 to 3 p. m. Telephone, 800.

## News Summary.

John Sylvester and a young son were drowned at Vinal Haven, Me., Sunday, their boat capsizing while engaged in lobster fishing. Sylvester leaves a wife and six children.

Governor Black, on Wednesday, signed the Greater New York charter bill. The first mayor will be elected on Nov. 2 next for a term of four years at a salary of \$15,000 per annum.

Ernest Sherwood, a four-year-old son of Levi Sherwood, of Avondale, Carleton county, was killed Sunday evening while playing near Burpee's mills under a pile of boards, which gave way and crushed him.

H. E. Chan Yin Huan, Chinese ambassador to the Queen's Diamond Jubilee celebration, left Vancouver for England Wednesday. U. S. Idal, attorney general of Fiji, also left for England to represent that colony at the celebration.

Charles Stearns, a druggist of Maywood, N. J., met a horrible death Wednesday. While mixing flash-light chemicals in his laboratory an explosion occurred, and Stearns was blown to pieces. The explosion wrecked the building.

It is stated on good authority that Mayor Fleming will, on the plea that he is a man of the people and a follower of Gladstone, decline the title which is almost certain to be bestowed upon the Mayor of Toronto this jubilee year.

Crop reports are beginning to come into the Ontario department of agriculture, and so far are very satisfactory. Fall wheat stood the weather well and prospects are good. So far there has not been too much rain, but any more will do harm.

The U. S. Senate, Wednesday, by a vote of 43 to 26, refused to ratify the general arbitration treaty between the United States and Great Britain, negotiated by Secretary Olney and Sir Julian Pauncefote. The rules of the senate require a two-thirds majority for the ratification of treaties.

The Athens correspondent of the London Daily Telegraph, under date of Wednesday, says:

The official despatch from Major Pellis, chief of staff of the Greek forces in Thessaly, describing the fight at Pharsalos: The Turks attacked our advance posts at 2 o'clock. Our advance posts retreated, as they were fighting against very much superior numbers, and took up a position in front of our right wing. An artillery duel ensued along the extensive line. The enemy's infantry advanced in perfect order at three points and in large numbers, but they were speedily checked by our infantry. The respective losses are as yet unknown. The crown prince took a very active part in the combat, and advanced within range of the Turkish fire, greatly inspiring the men. We maintain all our positions intact. The engagement will certainly be continued tomorrow.

The late Hon. W. W. Thomas left \$1,000 to the Maine W. C. T. U. conditionally, that it be applied towards paying for the property in Free Street, Portland, purchased by the society as its headquarters five years ago, and that the full amount required to make the payment be raised prior to May 1. The sum, \$7,550, was secured and the legacy paid Saturday.

The high-water excitement, as far as the season of 1897 is concerned, is now certainly over, and Winnipeg has escaped without the slightest loss—indeed, hardly suffered even inconvenience. It is now demonstrated that the floods at Emerson, Morris and other points were due to other conditions. The water continues to fall at all points.

The Charlottetown Guardian says: The sad news has reached the Island of the loss of the ship Samaria, Captain Martin McRae, with all hands on board. The Samaria left Seattle about the middle of March, coal laden for San Francisco, in company with two other vessels which left Seattle on the same day as the Samaria and turned up at their destination all right after a lapse of eleven days. All hope is now given up for the safety of Captain McRae, as pieces of the wreck have been found washed ashore. The captain was accompanied on his trip by his wife and two children and it is particularly painful to record the loss of an entire family. Capt. McRae was a native of Point Prim. He was married to a daughter of Wm. Ross, of Flat River. The captain's brother John was lost some years ago off the coast of Formosa, while another brother was suddenly killed while working on a large bridge at Seattle some years ago. One of his sisters the late Mrs. (Rev.) D. McD. Campbell, also died quite suddenly not long since. His widowed mother with one brother and a sister still reside on the homestead at Point Prim.

## Show Them up to the Public.

As the public—particularly the ladies—are so often swindled by profit-loving merchants and dealers, it is well that people should have an example of what is done in the sale of certain package dyes for home dyeing.

The makers of common and adulterated package dyes sell their crude colors to the retail merchants at a cost of four cents per packet, and the public who buy these deception dyes are made to pay ten cents for them. A handsome profit indeed for Mr. Storekeeper! No wonder he uses every endeavor to sell and substitute his poor dyes for the famous and reliable Diamond Dyes.

The Diamond Dyes, that all live and honorable dealers in Canada handle and sell, cost a good deal more money, yet the public get them for ten cents, which only allows the dealer a fair profit.

But mark the difference, ladies! The cheap dyes are really worthless, and are made for the profit of the manufacturer and the dealer, while Diamond Dyes are made for the profit, pleasure and blessing of every home dyer.

## THE ONLY ONE.

Dodd's Kidney Pills Cure where all other Remedies Fail.

BRIGHT'S DISEASE NOT INCURABLE.

But There is Only One Cure in the World, and that We have Named.—Hundreds Testify to Cures.—Never a Failure Recorded.

It used to be said, "If you have Bright's Disease, it won't be long before people are walking slow behind you."

Bright's Disease affects brainy men particularly. The brainier and more active a man, the more liable he is to Bright's Disease. Bright's Disease is a disease of the Kidneys. It is the name given to the fatty degeneration of those organs. It is caused by excessive use of alcoholic drinks. It is caused by excessive eating of rich food. It may be caused by exposure to cold and moisture. It may be caused by improper living.

But it's not with the cause we have to deal. It is with the cure.

It used to be thought that Bright's Disease was incurable. We know better now. Restore the kidneys to health, and you may eat what you like, drink what you like, work as hard or be as active as you like, and bid defiance to death-dealing Bright's Disease.

But woe to the man who doesn't take care of his Kidneys! When they cease to filter the blood, the blood reeks with poison. Urine actually flows in the veins. You die a lingering death. The spine and extremities first; the brain last. Dying at the bottom while living at the top!

Bright's Disease may be cured by DODD'S KIDNEY PILLS, which restore the Kidneys, making them filter the blood properly. DODD'S KIDNEY PILLS are the only specific for Bright's Disease. They were compounded just for that purpose. They have cured hundreds of cases. They will cure your Kidneys. Try them. Fifty cents a box. For sale at all druggists.

WM. G. WADE, 960 Queen East, Toronto, says:—"I have used thirty-six boxes of Dodd's Kidney Pills and am cured of Bright's Disease after all else had failed."

T. E. CRAIG, 769 Queen East, Toronto, says:—"Never expecting a cure of Bright's Disease, I have been agreeably disappointed by a few boxes of Dodd's Kidney Pills."

MISS MAUDE COTTERELL, Belleville, Ont., says:—"I have used two boxes of Dodd's Kidney Pills and have been cured of what the doctor said was Bright's Disease."

MR. JAMES WENT, Orillia, Ont., says:—"I began to use Dodd's Kidney Pills about six weeks ago, have taken three boxes which have cured me perfectly of Bright's Disease."

## Make No Mistake!

DO NOT DESPAIR Until You Have Tried What SMITH'S...

## Chamomile Pills

Can Do for You!

Do you have pains about the chest and sides, and sometimes in the back? Do you feel dull and sleepy? Does your mouth have a bad taste, especially in the morning? Is your appetite poor? ## Life Was a Burden.

Four Years of Agony and Misery.

A Marvellous Cure by Paine's Celery Compound.

Three Bottles Suffice to Make Mr. Finter Well and Strong.

The hopeless, despairing, and all who imagine they are lost, because the doctors have failed, should rejoice to know that Paine's Celery Compound fully meets the worst cases, and never fails to restore lost health.

It is no vain or idle boast when the declaration is made that Paine's Celery Compound cures when all other means fail. To-day a grand army of men and women in our own Canada can vouch for the truth of the statement made.

As a proof that Paine's Celery Compound cures in the darkest times of disease and misery we give the testimony of Mr. F. Finter, of Ottawa, Ont., who was saved at almost the eleventh hour. He says:

"I consider it a duty to acknowledge the great good that I derived from your valuable remedy, Paine's Celery Compound. For four years I endured terrible agony and misery owing to pains in my head and chest. Life was a burden to me, and no living mortal could describe my sufferings. I was treated by doctors, and used many patent medicines, but nothing gave me relief until I used your Paine's Celery Compound. I thank God for the day it was brought to my notice in the Ottawa papers. I have taken three bottles of the medicine, and to-day I can truly say that I feel like a new man. I feel certain that if the suffering people of Canada would only try Paine's Celery Compound they would be cured. I will recommend the remedy whenever I have the opportunity, as it is the best ever given to sufferers."

## Preparing Seed for

It is very important to seed, whether wheat, oats sowing. Usually as these gr the threshing machine, they best condition for the purpose some foul stuff and light the first of which is undesirable useless or unprofitable years I have used a fanning mill with good success. The that at best would produce b unprofitable growth, go into and the heavy, well-filled one while the chaffy stuff is blow work has been done principally with the results excellent. T screened is all of the best and a uniform and strong growth.

There is freedom from weed after it is well headed, looks ver the ground, owing to the stron the seed sown, as well as in general appearance. The crop thus treated is cleaner, plumpier than otherwise, while the proving from year to year. does away with the necessity of ity of frequently changing satisfactory and should work e
