NEWS OF A DAY IN IN RAILWAY TOWN

Another Gas Strike Reported
from Albert Fields--Assault
Case Against Constable
Tried at Dorchester.

Moncton, N. B., Oct. 24.—Another big strike of gas was made in Albert county wells on Saturday at a depth of 1,480 feet. Another large flow was struck in well No. 14 at a depth of 1,400 feet. This well yields 2,000,000 cubic feet of gas. The present strike

will bring the yield up to at least 10,000,000 feet, experts say.
Harry Attis, complainant in an assault case against Provincial Constable John W. Colpitts, which comes up in the Circuit Court at Dorchester tomorrow, was arrested Saturday evening on a warrant sworn out by John W. Colpitts, charging Attis with common assault. The assault is alleged to have been committed when Colpitts is alleged to have committed an assault on Attis' wife. The warrant was sworn out at Shediac before Magistrate Russell and Attis came before him on Saturday evening, but as the complainant or no one on his behalf appeared the magistrate adjourned the case until Thanksgiving Day, allowing Attis to go on his own recognizance.

In connection with the robbery of S. C. Carpentary's store on Friday night, four small boys were arrested, their ages ranging from 7 to 11 years. They came before the magistrate this morn-

YOUNG BLOOD IS ESSENTIAL

Just Why Cubs Were Eclipsed
by Athletics in World Series
—Manager Chance Will Look
for Youngsters Now.

In the world's series the country was afforded again a demonstration of the truth of the athletic precept first advanced by the wisest expert of them all, Mike Murphy, when he laid down the axiom that the champion who has passed into the shade from whom age has exacted its toll, "cannot come back."

At Reno the truth of the judgment was admirably established. J. Fries, once the invincible, the phenomenon, the freak combination of speed, strength and overwhelming power, yielded his laurels to the negro.

Just as he bowed, so must he explain the defeats the clan of Mack have handed to the house of Chance. Undoubtedly the Cubs were all that have been said of them. It was a marvelous machine. It deserved the eulogiums of the writers now ridiculed like Fullerton, who desecrated on the amazing combination of mental alertness and physical skill the Cubs represented.

But it was "were," not "are." Every man who lined up against the Athletics on Monday was in the world's series of 1906 when the Cubs were pitted against the White Sox. This even applies to the battery.

But look at the change in the Athletics.

Of the men who fought New York for the world's championship only one year before the Sox-Cub series, only Bender, Davis, Murphy and Lord were in the winning team last Monday.

The battery was composed of men new to the team since 1905, three of the four infielders were newcomers, and one of the outfielders. Murphy was an outfielder made over from an infielder since 1905.

It is the process of elimination and development, the maintaining of the proper balance between old blood and new, that marks the successful manager.

The victories of the Athletics were not entirely won last week. They had their inception when Manager Mack decided that he could no longer depend on his old guard, but must look for youngsters. Manager Chance will have to do the same thing now.

It will be interesting to see how he succeeds. Manager Mack has in the last ten years built up three different teams. Chance has made his fame on the work of one constellation.

MOTOR CYCLE RECORD.
Detroit, Mich., Oct. 24.—The world's motor cycle record for one mile over a circular dirt track was broken at the state fair grounds here yesterday by Don K. Kling, of Detroit, who, after a flying start, went the distance in 51 seconds. The old record was held by Fred Huyck of Chicago, whose time was 51.35 seconds.

Ing and owing to their extreme youth were allowed to go with a severe reprimand.

Three Lewisville youths while in the woods Sunday afternoon near Lockhart's Pond, had a thrilling experience, being chased by a bear. In their flight homeward the boys ran onto some logs in Lockhart's Pond and had an exciting time before reaching the bank on the opposite side.

DR. CRIPPEN TO HANG NOV. 8th.
London, Oct. 24.—Dr. Hawley, H. Crippen, convicted of the murder of his wife, Belle Elmore, the actress, will be hanged on Nov. 8th. The date originally announced was Nov. 15th, but today the sheriff made the date one week earlier.

MAJOR DRINO AT HILLSGROVE

Canadian Horse Led Field
Home in Hard Battle in
2.09 1-2--Cup for Driver
Hudson.

Hillsgrove, R.I., Oct. 24.—Major Bruno, a Montreal horse, had the speed to shake off the fleet field in the free for all pace today and won the race, although Major Mallow, the favorite, made the black gelding step the last heat in 2.09½, which is within a half second of the track record established in the first heat of this race Saturday.

Driver Hudson was presented with a handsome silver cup by Fred Mansfield, proprietor of a Providence hotel, which was offered by him before the starting of the race Saturday.

C. E. Pittman of Trenton, N. J., piloted his bay mare, Dawson Dillon, under the wire in the seventh and final heat of the 2.16 pace, beating out Rodney by a great drive in the stretch.

Walter Cox, of Manchester, N.H., won the 2.17 trot in straight heats with his Oxford Boy, Jr., with little trouble. The race was for the place with The Shoplifter and Billy Acted fighting every inch of the way. Wild Heaster, owned by Low Martin of Kingston, Ont., took the 2.25 pace in straight heats.

John O., entered by G. R. Russell of Lake George, N. Y., appeared to have little trouble in taking down the big purse in the 2.25 trot, although some thought Fred D. was not being urged to the limit.

WELCOME HOME TO CHAMPIONS

Athletics Greeted by Enormous
Crowd of Ball Fans and
Given Drives and Night at
Theatre.

Philadelphia, Pa., Oct. 24.—The American league and world's champions reached home from the victorious trip to Chicago a few minutes after 5 o'clock this evening and were given a rousing reception by a crushing crowd of baseball fans headed by Mayor Heyburn.

Although extra precautions had been taken to prevent the crowd from entering the Pennsylvania railroad station, the Athletics' rosters outnumbered the railroad officials. Huge gates had been erected at the entrances to the Broad street station and no person was allowed to reach the train floor who did not have a railroad ticket.

Not to be outdone by this piece of strategy, hundreds of the most ardent admirers of the champions lined up at the ticket windows and purchased tickets to nearby stations, thereby outwitting the railroad officials and at the same time crowding the big station to overflowing. A hurry call was sent to nearby police stations and about 300 policemen were soon on the scene and kept the crowd back from the entrances. When the train pulled into the station, the players had to almost fight their way to the street. Here in waiting were 20 automobiles. The first regiment of this city and a crowd that stretched for a block in every direction.

Headed by Mayor Heyburn, the players were escorted to the Bellevue-Stratford Hotel, Connie Mack riding in the automobile which won the recent 200 mile race in Fairmount park. The players were entertained at a dinner which lasted until 8 o'clock when they were taken to a local theatre. Here they attracted infinitely more attention than did the actors.

CUB PLAYERS GET SHARE OF RECEIPTS

Chicago, Oct. 24.—The only consolation manager Chance and his players of the local National leaguers got out of the world's series was in the division of the receipts, which occurred this afternoon. Each player carried away a check for \$1,315.

Secretary Williams and trainer Simmons were voted in for full shares of the "melon." A fine of \$50, assessed against Chance for disputing a decision, was found to have been added to his expulsion from the grounds during Thursday's game. This was paid from the loser's share before the "splitting up" of the money.

At Reno the truth of the judgment was admirably established. J. Fries, once the invincible, the phenomenon, the freak combination of speed, strength and overwhelming power, yielded his laurels to the negro.

PLAN ENGLISH YACHT TO BEAT THE WINDWARD

London, Oct. 24.—William Pife, the yacht designer, has accepted a contract to build a racing schooner for an owner whose name is not divulged. The avowed purpose of the owner, however, is to secure a racer capable of defeating the American schooner Westward, owned by Alex. S. Cochran of New York, sailed by Capt. Chas. Harr. The Westward won the feature events at the Kiel and Cowes regattas last summer.
