THE CAUSE OF SICKNESS

Apart from accident or illness due to infection almost all ill-health arises from one of two reasons. The great mistake that people make is in not realizing that both of these have the same cause at the root of them, namely poor and impure blood. Either bloodlessness or some trouble of the nerves will be found to be the reason for almost every ailment. If you are pale, suffer from headaches or breathlessness, with palpitation of the heart, poor appetite and weak digestion, the cause is almost always bloodlessness. If you have nervous headaches, neuralgia, sciatica and other nerve pains, the cause is run down, exhausted nerves. But run down nerves are also a result of poor blood, so that the two chief causes of illness are one and the same.

This accounts for the great number of people, once in indifferent health, pale, nervous and dyspeptic who have been made well and hearty by Dr. Williams' Pink Pills; for no medicine ever discovered is so valuable for increasing the supply of rich red blood and giving strength to worn out nerves. Men and women alike greatly benefit from a course of the splendid blood builder and nerve tonic.

If your dealer does not keep these pills you can get them by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

BEAUTIFUL HAIR, THICK, WAVY, FREE FROM DANDRUFF

Draw a moist cloth through hair and double its beauty at once.

Save your hair! Dandruff disappears and hair stops coming out.

Immediate!—Yes! Certain!—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after an application of Danderine. Also try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, its exhilarating, stimulating and life-producing properties, cause the hair to grow long, strong and beautiful.

You can surely have pretty, charming, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any store or toilet counter and try it as directed.
