Odds and Ends

In a large stock it is impossible to avoid having at the end of the season a number of odd overcoats—one or two of a kind.

These take room that will soon be needed for other goods and we have cut the prices severely in order to clear them as soon as possible. No better values have been offered.

MARGUERITE'S WEEKLY TALK

YOUR SHARE

Perhaps there comes your way something you can do for somebody else and you mean to do, you fully determine to do it, but that is as far as it goes and you have added another little bit of pavement to that road of good intentions of which we all own quite a portion. I'm sure there are miles there as my own share, I'm sorry to say.

Let us make it one of our resolutions for this new year (no it's never too late to make new resolutions) to do these kind things immediately, if not sooner, as the old slang phrase used to go. The magazines to the place where they are needed, the letter to the boy overseas, the call on the sick or lonely friend, even the telephone message to let somebody know they are not forgotten—anything we can do which is going to add even a little to the joy of any person let us do right away.

The evanescence of our sympathy is one of the sad characteristics of that most excellent virtue. It is strong today, oh yes, we are so sorry for somebody who is afflicted, but by next week we have forgotten that afflicted one and are pouring out our sympathy upon another mourner. And sympathy if not expressed in either words or deeds does no good.

If there is a movement on foot for any reform in our city (and we can all think of some sadly needed reforms) let us lend our strong support to that movement. And support that is only felt not much help, remember. Let the opinion be expressed both privately and publicly wherever it will do the most good. Write the papers about it and strengthen the cause. United effort is worth a great deal and women could accomplish wonders (even more than they have so far) if they would take up reforms with more enthusiasm.

Why hesitate to help and then forget about or let it slip? I do this, we all do it, but if from now on we take that old motto "do it now," we will be of more value to the world than we have ever been before.

SWEET MEMORIES

I cannot eat the old meals I ate long years ago; For all of us must save our bit. And Hoover fuses so, But tempting pictures of the past Come stirring through my brain; I'd love to have a thick beefsteak Or frosted cake again.

I cannot eat the old meals I knew it would not do For wheat and meat must be conserved.

And milk and sugar too And all the fats we save will make Explosives so they say; I cannot eat the old meals It isn't done today.

I cannot eat the old meals Beans largely form my fare And butter very thinly spread On bread that isn't there. A skim-milk soup, a sour milk cheese They aren't so very good; I cannot eat the old meals But Gee, I wish I could.

HEAVY STORM DELAYS TRAINS

C. G. R. Traffic in Quebec Hampered—Phillipe LeBlanc Dead.

Special to The Standard.

Moncton, Jan. 13.—A big snow storm in Quebec has seriously interfered with traffic on the Canadian Government Railway in that section. The Maritime Express, due here this morning, is away behind time. She is expected to reach here some time tomorrow morning. The storm struck east close to the New Brunswick border.

General Manager Hayes and other Canadian Government Railway officials left tonight for Montreal and Ottawa.

Phillipe LeBlanc, age 80 years, one of the well known residents of Moncton, died at the home of his daughter last night. He is survived by four sons and five daughters.

WAS OFF WORK 4 or 5 MONTHS A YEAR WITH CONSTIPATION

If the truth were only known you would find that over one-half of the ills of life are caused by allowing the bowels to get into a constipated condition.

When the bowels become constipated the stomach gets out of order, the liver does not work properly, and then follows the violent sick headaches, the sourness of the stomach, heartburn, water brash, etc.

Keep your bowels regular by using Milburn's Laxa-Liver Pills. They work on the bowels gently and naturally, and will cure the worst cases of constipation.

Mr. Sylvester Clements, Galt, Ont., writes: "I desire to express my heart-felt thanks for what Milburn's Laxa-Liver Pills have done for me. I have been suffering from a bad stomach and constipation and would be off work four or five months a year. I was hardly able to be inside without getting a severe headache. I tried doctors' medicine and other remedies, but got no relief until a friend advised me to use Milburn's Laxa-Liver Pills. Now I can work inside without any headaches or pain. I would not be without your remedy for anything. I write this so that anyone suffering the same as I did may use them and be cured."

Milburn's Laxa-Liver Pills are 25c a trial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

THE FAIRVILLE METHODIST CHURCH HELD ANNIVERSARY

Special Services in Church and Sabbath School—The History of the Church and Sunday School—Sermons by Rev. H. A. Goodwin and Rev. J. C. Berrie.

Special services morning and evening, and an open session of the Sunday school, marked the observance of the Fairville Methodist Church.

Special music was rendered by the choir both morning and evening, including a solo by Miss Blanche McColgan at the evening service.

Rev. H. A. Goodwin of Centenary Church preached at the morning service, taking for his subject, "The Attractive Power of Jesus." He spoke of the hope of the world lying in Him and Christ drawing all people to Him and he used a number of apt illustrations showing how Christ thus attracted people to Him.

There were nearly 200 present at the opening session of the Sunday school in the afternoon. J. W. Stout, the oldest living ex-superintendent, addressed the school, telling many interesting stories connected with his former associations with it. Address were also given by Rev. J. C. Berrie, former pastor of the church, and Rev. Thomas Marshall, the present pastor.

School History.

A short history of the school was read by the superintendent, H. Marshall Stout. The school was organized in 1859 in a barn on Main street which was owned by Robert Fair. It continued to prosper and became associated with the new Methodist Church which was later built. When this church was destroyed by fire, the Sunday school was built in the building on the site of the present church. This building also was burned in 1892 and the sessions were then held in the Orange Hall until the present building was completed. The superintendent of the Sunday school since its organization are as follows:—Rev. J. P. Daniel, McNeil, John Meely, J. W. Stout, Robert Irvine, J. Stout, O. S. Hanson, H. P. Allingham, William Gold, S. A. Wray, David Linton Jr., H. Marshall Stout.

Evening Services.

Rev. J. C. Berrie, one of the former pastors of the church gave an anniversary address at the service last evening. He spoke of the duties of the present and future members of the church and set forth the importance of spreading the Gospel, as the Saviour commissioned his disciples to do. He related his own experience in the field of his work. He stated that every man should give his testimony for Christ and should make sacrifice for his fellowmen by performing works of helpfulness. He illustrated this by an incident in the life of Dr. Grenfell who while in Northfield heard an address on "Sacrifice and Service."

Grenfell said: "I know nothing of a better word than sacrifice. It is accomplished much. Mr. Berrie also related a supposed conversation between the Saviour and the apostle Gabriel as told in the story by S. D. Gordon of Boston. Gabriel asked the Saviour what he would do if his disciples should fall in carrying his plan and the Lord replied that he had no other plan for He depended on them.

Church History.

The history of the church was read by the recording steward, H. M. Stout. The church was organized in 1859 and a building erected on Main street. This building was destroyed by fire on May 18th, 1892. The corner stone of a new church was laid, May 16th, 1892 and this building was not quite completed when it also was burnt. The work of rebuilding began immediately and the present structure was dedicated on January 18th, 1895. The first pastor of the present church was Rev. J. C. Berrie.

The Pastors.

The pastors who have served the church since its organization are:—Rev. Robert Wilson, 1859-1862. Rev. H. Taylor, 1862-1863. Rev. Job Shenton, 1863-1866. Rev. J. G. Angwin, 1866-1868. Rev. Douglas Chapman, 1868-1870.

OPERA HOUSE

A street the decorations of which would give one either brain fever or eye strain if one had to live there, is the setting of the first number on the Vaudeville programme at the Opera House. The design is futuristic and the black and white zig-zag effect is cleverly carried out in the articles which this little pair of jugglers "Turner and Grace" use throughout their act.

With an opening song from a halcyon amid a Spanish scene of Palms and Moonlight Corsetta and Howland give several duets and solos, the lady attired in a striking yellow and red striped costume with gold lace panel. Later she appears in a lovely lilac green and silver gown. Howland an Irish American naval officer, sings several Irish songs very sympathetically. "The Dixie Volunteers" is a good number.

Bedford and Gardner, a dainty little Miss with her graceful partner, dance together like clock work and are both as light as thistledown. Their eccentric game, Hawaiian and Apache are all very well done indeed and this number will be a popular one during the week. A chintz-drop with palms was novel and artistic.

A rapid fire talker indeed is Murray K. Hill (his name does sound like an address doesn't it?) who kept his audience in one continuous ripple of laughter during his monologue and Irish comic song, "Donnybrook Fair."

Lemons Whiten and Beautify the Skin! Make Cheap Lotion

The Juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoother and beautifier.

Just try it. Make up a quart pint of the sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen and bring out the hidden roses and beauty of any skin. It is wonderful for rough, red hands.

Your druggist will sell three ounces of orchard white at little cost, and any grocer will supply the lemons.

LYRIC

Partridge.

A study in heredity and environment might be a summing up of this special feature which is running at present at the Lyric. The story tells the history of two boys, one welcomed at birth and surrounded throughout his career by the love and care of his parents, the other unhappy in his home life, cruelly treated by his father, made through this atmosphere into a careless, untruthful, dissipated man. The homes are contrasted most strikingly, the one a real home for the child, the other merely a place to escape from as soon as possible.

The picture has a strong moral throughout and is one that will do much good. The cast is excellent and the interest well held. There is a love story which ends just as one would wish.

The babies and children who appear in the plot have been chosen with great care and the school scenes are very amusing indeed. Impish, tricked boys and chubby little girls with curls play their parts and are up to all the mischief that normal kiddies think of in school and out. There are even small attractive darlings included in the cast.

This picture is not one easily forgotten and is certainly a worth while one as it teaches several good lessons in the course of its well acted and well photographed story.

An End To The Curse Of Wearing Worthless Trusses

No More Rupture Troubles 60 Days Trial To Prove It

You Don't Have to Risk a Penny. Here is something absolutely guaranteed to keep your rupture from coming out.

And you can try it sixty days—make a thorough provoid-to-you test—without having to risk a penny.

If it cannot be made to keep your rupture from coming out or from bothering you in any way—then it won't cost you a single cent.

The Only Thing Good Enough To Stand Such a Test.

You know as well as we that you can't tell anything about a truss or anything else for rupture merely by trying it in. That's the worst of going to a drug store or local truss hater's.

A truss or so-called "appliance" may seem all right when you first put it on and afterwards prove utterly worthless.

The only way in the world you can make sure of exactly what you are getting is by a 60 days' trial—a thorough day-after-day test.

And our guaranteed rupture holder—the famous Clute—is the only thing of any kind whatever for ruptures that you can get on sixty days' trial, the only thing good enough to stand such a long and thorough test.

Something Nothing Else Does.

The Clute is so utterly different from anything else for rupture that it has received eighteen separate patents.

It provides the only way ever discovered for overcoming the weakness which is the real cause of rupture.

Just how it does that—entirely automatically—in all explained in the free book.

To Save You From Operation.

The Clute has so thoroughly proved its merits that many physicians in all parts of the world recommend it instead of advising operation. It has brought complete recovery in hundreds of cases after operation has proved a failure.

No Belts or Leg-Straps to Annoy You.

That's why people who try this truss say it is as comfortable as their clothing. It is waterproof—will hold in the bath. Easily kept clean.

Get World's Greatest Rupture Book.

Just write for our free book and find out everything you want to know. Full of facts never before put in print. Cloth-bound—104 pages—20 separate articles and 25 photographic illustrations. Will save you from being fooled and save you from wasting money.

Explains why elastic and spring trusses are a wicked crime—why they are the ruptured man's worst enemy—why the law should stop their sale.

Exposes the humbug "appliances," "methods," "plasters," "locks," etc.

Shows why operation is always dangerous, and why, if a man manages to make sure of exactly what you are getting is by a 60 days' trial—a thorough day-after-day test.

And our guaranteed rupture holder—the famous Clute—is the only thing of any kind whatever for ruptures that you can get on sixty days' trial, the only thing good enough to stand such a long and thorough test.

Better write for the book today—it tells things you could never find out by going to doctors or drug stores. Simply use the coupon below or say in a letter or postal "Send me your truss."
